your vows to lover her, comfort her, honor and keep her in sickness and in health, and forsaking all other, keeping her only to you so long as both of you live.

Lynn Alice Cooper, you have taken Henry Curtis Blake to be your husband and given your vows to love him, comfort him, honor and keep him in sickness and in health; and forsaking all other keeping him only to you so long as both of you live.

(Please Repeat After Me)
We have pledged and given our vows to be husband and wife together, to have and to hold, from this day forward, for better, for worse, for richer for poor, in sickness and in health, to love and cherish, till death us do part, according to God's hold ordinances; and them to we plight our troth.

(The minister took each ring and said)

Bless, O Lord, the giving of this ring, that he who gives it and she who wears it may abide forever, in thy peace, and continue in the favor; through Jesus Christ our Lord. Amen."

houses, too. The department of Housing and Urban Development sought the \$9 million in order to hire enough staff to enforce the law.

The Leadership Conference is a coalition of 115 national civil rights, labor, religious, and civic organizations working for full social and economic equality through the legislative process.

The text of the statement follows:

"Deletion from the budget of the Department of Housing and Urban Development of the \$9 million appropriated by the Senate for the enforcement of the Federal fair housing law is a shocking act. Those bent on destroying this country will undoubtedly point to it as an example of how must not become a travesty through the denial of adequate funds for enforcement of the law.

"Congress will still be in session for another week or so. It is a matter of urgent national necessity that some way be found to restore these funds. We call on all members of the House and Senate to make every effort to do so."

line. On first down, Norris Saunders completed a five yard pass to Leonard Hudson. A second down pass went incomplete, and on third down the Hornets were penalized 15 yards. Another third down pass was incomplete, but on fourth down, Saunders connected with Calvin Johnson for a 30 yarder at the Hornet 43. On first down, Saunders completed a 45 yarder to Claude Jones to move the ball to Hampton's 12 yard line. On first down, Saunders swept his left end and moved to the goal line on a disputed call. On first down, with 11 seconds remaining, Saunders plunged into the pile. As disagreement arose on the call; time ran out. The Pirates of Hampton had won their second consecutive game.

In the statistics department, the Hornets picked up 16 first downs, 185 yards rushing, and 140 passing hitting on 9 of 22 passes. They also intercepted three passes but netted 149 yards in penalties. On the other hand, Hampton picked up 14 first downs, 159 yards rushing, 131 passing on 9 of 18 passes.

The other speaker on the program was Dr. Grady Davis, pastor of Union Baptist Church here who also teaches psycho-

logy at Fayetteville State Teachers College.

Drawing from last year's report by the President's commission on Civil Disorder, Dr. Davis asserted that a constructive resolution of our present situation in race relations will require "from every American...new attitudes, new understanding, and above all, a new will."

Those attending last Sunday night's meeting made individual contributions to the boycott support fund totaling more than \$165.

Durham attorney Moses C. Burt will be the main speaker for the next Sunday night's mass meeting of the Black Solidarity Movement. The meeting will be held at New Bethel Baptist Church, 2508 Crest St., Rev. L. W. Reid, pastor.

In order to render these services to the customers, "Norm" as he is often referred to among the banking circles, noted that additional employees were needed. Since we are a community bank, Simon pointed out, I felt it essential to hire from within the community in order that our customers needs and services would be recognized. Thus today, we have 22 Negroes, two of whom are officers, among our 70 employees. One year ago, there were only two Negro employees, and no Negro officers.

You don't have to be a basketball player to get into college anymore.

Time was when the Negro either had to grow 6'8" tall or develop shoulders big enough to tear a hole in somebody's football line if he wanted to go to college.

Things are different now. About all it takes for a black to get into the college of his choice is brains and money.

If your kid has the brains we can help you plan for the money. North Carolina Mutual has a policy that helps you make certain there will be enough money for your child's college education. And give your family protection, too.

We're a Negro operated company that's been helping blacks plan for tomorrow since 1898. It's made us one of the strongest companies in the insurance industry today.
