

Zion Pastor's Aid Club Meet At Mrs. Webb's

The Pastor's Aid Club of the Mt. Zion Baptist Church held its monthly meeting Monday night, February 23, at the home of Mrs. Anne Webb at 134 Nelson Street. The hostess, Mrs. Webb served the club a very delectable dinner.

The club recently held its Sweetheart Candy Raffle Finance Campaign. The winner of the huge box of Sweetheart candy was Mrs. Helen Ballard.

The club discussed its finance program for the year, also discussed was its annual March Meeting covered dish dinner to be held at the church. Guests of the club meeting included Mrs. Mildred Brown who joined the club later: Mrs. Roberta Glover and Mrs. Cora Johnson.

Spencer A. Wynne made some very interesting and impressive remarks to the club regarding young people and their problems and older people and their problems. Rev. William H. Fuller, pastor of Mt. Zion welcomed the remarks coming from Mr. Wynne to the club.

QUESTIONS & ANSWERS

Q -- My brother-in-law receives compensation for a 40 per cent service-connected disability. A friend of his who receives compensation for a 50 per cent disability receives additional compensation for his wife and child. Why?

A -- Under the law, only those veterans who are 50 per cent or more disabled are entitled to additional compensation for dependents.

Q -- My son has been receiving educational assistance to attend college because my husband was considered to be totally and permanently disabled from service-connected disability. My husband died

last month. Will my son be able to continue to receive his educational assistance of \$130 per month?

A -- Yes, This benefit is available to the children of veterans who died in the service or from service-connected dis-

abilities or who were rated totally disabled from service-connected disabilities at the time of their death, or living veterans who are permanently and totally disabled from service-connected disabilities.

Q -- I understand that the VA will no longer compensate a veteran from TB when the disease is completely arrested.

Is this correct?
A -- Up until Aug. 20 1968, the veteran was awarded \$67 a month for a service-connected TB condition even though the TB was in complete arrest. Since that date, if there are healed lesions with minimal or no symptoms nothing is paid to a new applicant.
