By BERNARD BAILY

I DIDN'T KNOW DORIS WAS THAT TYPE. WHAT DID SHE DO?

SHE ASKED ME IF I COULD DANCE!

I DON'T SEE ANYTHING INSULTING ABOUT THAT!

BUT SHE WAS DANCING WITH ME. WHEN SHE ASKED THAT QUESTION!

United Negro College Fund Rebuffs Golfer, Gary Player

NEW YORK — The United Negro College Fund has decided to decline, with thanks, the offer tendered by Gary Player, South African golfer, to play a benefit exhibition for the Fund.

The announcement was made by the College Fund's executive director Vernon E. Jordan, Jr., who said, "The institutions which make up the UNCF have sought to inculcate in generations of young black Americans a strong sense that human worth transcends color, race or national origin. Some of the leaders and citizens of the new African nations were educated and have taught on our campuses. It is no reflection on Player, himself, nor the sincerity of his offer. But when symbol and act are so closely related, the UNCF cannot in justice to our students, our institutions, and our supporters, appear even indirectly to ignore or countenance the blatantly racist policies of South Africa."

"We have talked to Player's representative since first reading of his offer in the press and we have already, through him, informed Player of our decision."

The United Negro College Fund is a voluntary membership organization through which 36 private, black colleges make a joint annual appeal for national support. Incorporated in 1944, the Fund has since contributed more than \$100 million to assist these institutions. The College Fund's 1970 goal is \$10 million.

Flowerology

(Aries, March 21-April 20)

Arians frequently forge their way uphill through life with courage, daring, energy and enterprise. Leaders, pioneers and "aristocrats," like the rams who direct the flock, they pack more ramifications into a lifetime than many people think possible. They are very much firebrands.

The Aries is aroused in any sphere where his natural urges can be reasonably expressed. He is therefore better as boss, even if only in a small way; better where noise and dash are not objected to, and better where initiative is needed.

Vigor and vivaciousness are the prevailing traits of Arians, according to FTD florists, who add that red is their color, amethyst their birthstone and tulips their flowers. At the first sign of the arrival of spring, they often send flowers to friends—helping to create a climate for renewed energy, enthusiasm and affection.

Are you concerned about:

- Improving our schools?
- Increasing the minimum wage?
- Controlling high interest rates and carrying charges?

I AM.
