Test Dates For Nat'l Teachers Exams are Set

North Carolina Central University will offer the National Teacher's Examination three times during 1971. New dates for the testing of prospective teachers are: January 30, April 3, and July 17, 1971.

Results of the National Teacher Examinations are used by many large school districts as one of several factors in the selection of new teachers and by several states for certification or licensing of teachers. All teachers in North Carolina must take this examination in order to be certified.

On each full day of testing, prospective teachers may take the Common Examinations which measure their professional preparation and general cultural background, and a Teaching Area Examination which measures their mastery of the subject they expect to teach.

Prospective teachers should contact the school systems in which they seek employment, or their colleges, for specific advice on which examinations (See TEST page 10A)

Retired Lieut. Gen. to Advise Sect'y Volpe

WASHINGTON, D. C. — The Department of Transportation today moved on two fronts to meet the threat of air piracy.

Secretary of Transportation John A. Volpe announced that:

— Lt. Gen. Benjamin O. Davis, Jr., who retired from the U. S. Air Force in 1969, has been appointed as Director of Civil Aviation Security for the Department.

— The Department is offering aviation war risk insurance coverage to American air carriers because the insurance is not available at reasonable rates from commercial insurers.

Gen. Davis, 57, will advise Secretary Volpe on the Department's anti-hijacking program and will coordinate the functions of the airport and airborne security force, now composed of operatives from the Departments of transportation.

Volpe To Confer With Europeans On Recent Aircraft Hijacking

WASHINGTON, D. C. — President Nixon today announced he is sending Secretary of Transportation John A. Volpe as his personal emissary to six European cities to confer with top European civil aviation and airport officials about the international aspects of aircraft hijacking.

Secretary Volpe will meet with officials in Amsterdam, Frankfurt, Paris, London and Zurich to discuss measures to prevent air piracy.

Announcement of the visit follows Secretary Volpe's presentation Friday to the governing council of the International Civil Aviation Organization of the United States position on aircraft hijacking.

The Secretary asked the international aviation community to support the principle of suspension of air services to nations that harbor persons responsible for air piracy or those that detain passengers and crew or any aircraft that has been illegally seized.

Secretary Volpe, in his

meetings with the European officials, is expected to discuss the United States position on hijacking. He also is expected to attempt to set up a formal means of exchanging information on measures that can be taken to counter acts of air piracy. Among these measures are electronic surveillance, the use of armed guards, and personal and baggage searches for boarding passengers.

The Secretary is tentatively scheduled to be in Rome on September 28, in Zurich and Frankfurt on September 29, in Paris and Amsterdam on September 30, and in London on October 1.

Protects Aircraft

WASHINGTON (UPI)—The first specially trained military guards will start riding commercial airliners within a week with orders to shoot hijackers only as a last resort to save the lives of passengers, Transportation Secretary John A. Volpe said Friday.

NCCU Supplementary Requests Made To Protect Accreditation, Faculty

Says Salaries Must Be Equalized To Maintain Qualified Personnel

North Carolina Central University's "B" budget requests, forwarded Tuesday to the state's Advisory Budget Commission, may technically reflect "program enrichment" proposals, as the law provides. But President Albert N. Whiting's cover letter to the Commission makes it clear that in his opinion "enrichment" is very, nearly the same thing as "survival".

The request, for \$2,269,847

includes a request for one million dollars as a reserve to provide a ten per cent salary increase to faculty members in both years of the 1971-73 biennium.

(The university's "A" budget, for maintaining its already existing programs, is \$11,887,521 for the biennium).

President Whiting sees this request as essential to the continued operation of the university. (See NCCU page 10A)

Black Historians To Discuss Major Issues At Conference

WASHINGTON, D. C. — The 55th anniversary session of the Association for the Study of Negro Life and History, scheduled for Philadelphia, Oct. 22-25, will focus on a wide spectrum of issues, events, and personalities in the Black experience, according to Dr. J. Rupert Picott, ASNLH president.

Dr. Picott is also assistant director of membership development for the National Education Association.

In discussing the ASNLH convention, Dr. Picott said: "This conference promises to be the largest and best ever. More than 100 scholars, teachers and lay specialists will lead the four general and 29 special sessions.

DR. PICOTT

"The general sessions, and all public meetings, are designed with intimate relevance to the Black Movement in America and the world," Dr.

Picott said. "The numerous group sessions will provide tremendous opportunities for exploration and planning definitive action, through scholarly papers and pragmatic resolutions."

Dr. Picott said he expected approximately 4,000 persons to participate in the convention.

Keynote speakers will include: Dr. Samuel D. Proctor, chairman, Afro-American Studies Committee, Rutgers State University; California State Senator Mervyn Dymally, who also is co-chairman of the National Conference of Black Elected Officials; Bernard E. Garnett, of Race Relations Information Center, Nashville, Tenn.

BUILDING FOR THE FUTURE A goal of UNICEN, a non-profit youth organization in a predominantly black Dayton, Ohio, neighborhood, was achieved recently when PPG Industries donated a building to the group for use as offices and a community center. In a ceremony in front of the 20,000-square-foot building in West Dayton, the deed to the property was presented by Richard Peake, Jr. of PPG (second from left) to two happy teenage UNICEN board members, Earl Matlock

and Robin Rucker. Looking on at left is Rev. Percy W. Jones, UNICEN director. First stage of the building renovation plans calls for converting part of the building for use as a teen activities center and office space.
