**Greater St. Paul Holds Ground Breaking Event**

The Greater St. Paul Baptist Church held its newest ground breaking ceremonies on Sunday, May 9, 1971. Additional properties have been acquired adjacent to the present building, behind, and directly across the street, which will be used for construction of a new auditorium and parking facilities. This church has grown so until it has become necessary to again enlarge the seating capacity. Earlier pastors have included Revs. Reid, J. H. Peppers and Dr. W. T. Bigelow.

The St. Paul Baptist Church, known now, as the Greater St. Paul Baptist Church, was founded in 1892. The first

building was erected in 1902 on the same site. During the pastorate of Rev. J. H. Peppers, the old building was remodeled, furnace installed and other improvements were made. A building fund was also started during Rev. Pepper's pastorate to replace the old building and to secure a loan for the present building. After his demise, St. Paul extended a call to Dr. W. T. Bigelow, who came in 1965.

Under Dr. Bigelow, plans have been completed for the present building and loan as well as suggestions for its construction and new church name, The Greater St. Paul

Baptist Church. The new auditorium will be used as a Chapel and will be dedicated to the memory of Rev. J. H. Peppers. It is the feeling of the Church that with faith in God, the cooperative efforts and action of the membership, additional plans for higher grounds of success will be possible and the solicitation of everyone's prayers will aid and help them reach their goals. Shown in the photo from left to right are: Dr. W. T. Bigelow, Pastor, Alex Murphy, Chairman of Deacon's Board, Ernest Allen, chairman of Trustee Board and Rev. J. A. Brown, presiding.

Both groups have changed their traditional dates - July 18, 19,

"Dr. Richard V. Moore, Pres. of Bethune Cookman College will again have charge of all professors who will present our academic subjects for college credits," says Mrs. Joyner. "We are indeed proud that all colleges accept our credits if our girls earn them."

Edwards said the recent election is now history. The positions held by Black elected officials must be made meaningful to the Black community. In order to help these newly elected Black officials solve some of the problems of most interest to the Black community, The Voter Education Project is establishing an organization of Black elected officials in North Carolina.
