Spotlight on HEALTH
Health And Science Shorts
Before election day, sales for antacids to relieve simple heartburn may rise along with tempers. Remedies for swallowing too much air should do well, too. Tension and anxiety lead to air swallowing, a major contributor to formation of gastrointestinal gas. According to published medical studies, a tablet called Phazyme has proved effective in breaking up the entrapped gas bubbles that cause gas pain.
Physicians advise that heated debates and missed meals or food eaten hurriedly can take their toll on anyone's intestinal system. A fact there is bound to be agreement on, regardless of which political party is favored.

One of the most common conditions for which women seek the help of a gynecologist is vaginitis, and particularly the infection caused by the organisms called trichomonas. Its most common symptoms are an intense itch and an unpleasant discharge.
Fortunately, there are a number of drugs that clear up the condition, including one on prescription in tablet form that has been found particularly effective.

HALLOWEEN PROTECT CHILDREN FROM CRACKPOTS
The most frightening horror of Halloween does not stem from the ghosts and goblins who ring doorbells with masked cries of trick or treat. Rather, it is the grotesque behavior of crackpots behind some of those doorbells who turn the children's evening of make-believe into a haunting nightmare.
Every year at this time, newspapers carry the heart-breaking stories of children who have been innocently duped by sick minds. Yet, every year the cautions go unheeded and November 1 sees the same stories all over again.
There is a solution to the problem, and it's a very simple one. Get together with your neighbors and plan an indoor trick or treat party for all the children. Buy your Halloween treats at a reliable store and buy only known brands of candy. A full line of safe Halloween candy is offered by Luden's, Inc., the Reading, Pa. candy and cough drop manufacturing company. Included are full size and miniature versions of their popular 5th Avenue and Nut Log candy bars as well as a wide variety of individually wrapped bagged items including candy corn, Spooky Treats, candy wafer rolls and many others.
Whether you buy Luden's or another nationally advertised and reputable brand, be sure that you give -- and your children take -- only wrapped candy with its original factory seal.
By playing safe, you won't have to worry which witch is which!
