

CLEANUP

(Continued from front page) urban renewal officials have agreed to cooperate in the cleanup of the district. The business men themselves are urged to do what they can to improve their own buildings. Some have done this, but others are reluctant to spend too much as the urban renewal projects may take the properties as soon as such improvements are made.

One business official related that they have been sitting eight of ten years with the

Redevelopment Commission saying, "We're coming to tear you down in a few months." Becton said he would represent the business men in determining their status in the city's urban renewal plans.

Some criticism was leveled against the police by some of the merchants and Allen told them that they, the police, need constructive involvement of all the businessmen.

There appears to be no easy solution. At this writing, lights have been installed in several spots in the area and bulldozers

are beginning to tear down the delapidated and vacant buildings in the area.

EMPLOYEES

(Continued from front page) underselling our family plan which is possibly the best in the country. The adult ticket rate for this game is established at three dollars (\$3.00) which is commensurate to the family plan rate on a season ticket basis. This adult ticket will allow a family of seven (7), two adults and five children as an example to attend the game for six dollars (\$6.00) or if the father alone brings his five children, he and his five (5) children can attend the game for a total of three (\$3.00). In other words on this Day the children of Duke employees are admitted free of charge when accompanied by an adult member of the family.

The President stated that it gave him great pleasure to designate the day as Duke Employees' Day and provided him the opportunity to again express his personal appreciation to each employee of the Duke University Community.

Herb Aikens, Director of Employee Relations stated that other areas of family recreation which Duke University has availed to Duke employees are discount coupons for Carowinds, located on the South Carolina and North Carolina border and membership cards for Disney World at Orlando, Florida and Disneyland at Anaheim, California. During the past thirty days Employee Relations has issued over 1,000 Carowinds discount coupons to Duke employees. He stated that he had been informed by Tom Butters, Assistant Director for Athletics that if the employees support the Duke Employees' Day game that it would be possible to continue such a discount rate on most games.

For additional information concerning Duke Employees' Day and ticket sale, contact the Director of Athletics or the Director of Employee Relations.

The Amos Specials To Observe Their 5th Anniversary

The Amos Specials will be presented in observance of their fifth anniversary on Saturday, September 22, at 8:00 p.m. and on Sunday, September 23 at 5:00 p.m. at the Church of God in Christ Jesus New Deal. The church is located at 815 Fargo Street.

Bishop H. Amos serves as pastor of the church.

The public is cordially invited to hear his gospel music during their fifth anniversary observance.

Compact washers and dryers seem to be filling the need in a growing number of households. Homemakers like color, so a leading manufacturer is now offering compacts in avocado and harvest gold in addition to white.

GOVERNOR

(Continued from front page) The Crime Study Commission consists of nine members appointed to serve two-year terms.

WALKER

(Continued from front page) He is the author of three major works and many articles in the nation's leading journals of health, physical education and recreation.

Walker is the fifth recipient of the Distinguished Achievement award, a program instituted last year to publicly acknowledge those Durham and Durham area residents who have made outstanding contributions to the community and the nation.

Former award winners include James M. Rogers, 1972 National Teacher of the Year; Dr. Juanita Kerps, first woman member of the board of directors of the New York Stock Exchange; Joseph Sneed, Deputy Attorney General of the United States; and Dr. George Hitchings, whose contributions to the field of bio-chemistry have proven invaluable in medical research.

Brame, in commenting on Walker's outstanding accomplishments in bringing international track and field in Durham, expressed the community's appreciation for "promoting Durham as a city of international goodwill which has established it as a prime site for the 1974 U.S.A.-USSR

International Track and Field competition."

DUCKWILDER

(Continued from front page) outstanding talents were shown in the intersectional battles against Florida A & M with Oswald Glymph, another standout from Washington.

Duckwilder's football prowess further stemmed from the early accolades of his father, the late Leroy Duckwilder, who was also an outstanding player at Virginia Union University around 1913.

During World War II, Duckwilder served as a Military Police for four years and most of his time was in Los Angeles. He was a member of Omega Psi Phi fraternity and the American Legion Post No. 219 in Salem.

Funeral rites were held at the First Baptist Church in Salem. Rev. J. A. Braxton officiated. Interment was in Roanoke, Va.

Survivors include a daughter, Mrs. Van Alstyn D. Bowe, Washington; a son, Army Sgt. William Willis, stationed in Frankfurt, Germany; his mother, Mrs. Beulah Duckwilder of Salem; a brother, John H. Duckwilder of Washington and four grandchildren.

How will the selection for the 1973 Durham Father of the Year be made?—The Carolina Times has selected a blue-ribbon committee of judges to choose the ultimate winner from the nominations in the hundreds of ballots that are submitted. The other finalists besides the eventual winner will be honored at the luncheon.

The 1973 Father of the Year and the first and second runners-up will receive awards to be presented by the Messrs. Black or Smith on behalf of The Greyhound Corporation, and the Carolina Times.

The Carolina Times urges early voting and reports, there is no restriction on the number of times you may vote. A ballot from the newspaper is not necessary; any reasonable facsimile is acceptable.

Mr. Black, who has an outstanding record of leadership in community affairs, commended the Durham community and the Carolina Times for its part in the furthering of the program.

"I feel that this contest provides an outstanding community program whereby we may call attention to and recognize the many men in the Durham area who exemplify the male hero image that is

needed," he said. "The Carolina Times is to be lauded for lending its support to such a worthwhile project."

Now it is up to readers to send in their ballots for the Man who they believe deserves the title Durham Father of the Year.

The Carolina Times will publish detailed information on the progress of the balloting in future issues.

REFERENDUM

(Continued from front page) by the precinct polls.

A Citizens Advisory

Committee will be appointed to help formulate the best use of the spending of the funds.

The city reports that the bond monies will be allocated as follows:

**\$4,035,000 for ten (10) new parks, expansion to two (2) old parks and improvements to others.

**\$2 million for grading and paving existing thoroughfares and \$1 million to acquire rights of way for future thoroughfares.

**\$865,000 for a fire training center (city already

owns land).

**\$6.5 million for permanent paving of 22 miles of residential streets and \$600,000 for partial paving of 22 miles of streets.

**\$700,000 for water extensions.

**\$1.3 million for sewer extensions.

Mayor Hawkins says he expects the fire training project to be first since land is already owned in the triangular area bordered by East Club Board and Camden Avenues, and that paving of the streets would not be far behind.

needed," he said. "The Carolina Times is to be lauded for lending its support to such a worthwhile project."

performance at the Tidal Basin's Lincoln Memorial as an alternative to their prejudiced act.

Abolitionist Harriet Tubman (1826-1913) was the conductor of the underground slave railroad and many accounts have been written of her determined courage and intellectual capability as she led many, many of the newly freed slaves to freedom and somehow, remained uncaptured by those who sought to kill her at any costs.

Mrs. Mary McLeod Bethune (1875-1955) noted educator and for whom Bethune-Cookman College, Daytona Beach, Florida, is named will be remembered as an adviser to the late Franklin D. Roosevelt. She was also the first director of the National Youth Administration, (NYA), a department under the Roosevelt Administration which gave many, many job opportunities to all young people during the heart of the depression when unemployment was at its maximum.
