

ALLEN

**SAN ANTONIO**—Airman Ronald Allen, son of Mrs. Sadie M. Allen of 2453 Bluefield St., Durham, has been assigned to Sheppard AFB, Tex., after completing Air Force basic training.

During his six weeks at the Air Training Command's Lackland AFB, Tex., he studied the Air Force mission, organization and customs and received special instruction in human relations.

The airman has been assigned to the Technical Training Center at Sheppard for specialized training in aircraft maintenance.

Airman Allen is 1973 graduate of Northern High School.

**ANDERSON**

(Continued From Front Page) of "just about every department" in Woolworth stores.

Ms. Anderson says that her progress in the company has been due to her practice of making sure that she learned as much as possible in as short a time as possible wherever she worked, and to Woolworth's policy of promoting its employees without regard to race and sex.

Naturally, there have been some problems along the way for Ms. Anderson. But in each instance, she has faced up to and solved those problems. She recommends the same techniques that have helped her advance in the company to other young people who are just beginning.

"Starting with the company I think that, whether you be white or black, you should try to learn as much as you can, in the shortest period that you can, then you can advance further faster, rather than staying in one position and stagnating."

She also says she believes young people should not be reluctant to take up job-related problems with their supervisors and see if the problems cannot be resolved.

"I think that the company is fair enough," she added, "that they do try to solve problems if they know about them. I have found Woolworth's to be very fair."

**Abandoned Tanks Full Of Gasoline**

**TOMS RIVER, N.J.** The chairman of a House Public Works subcommittee on energy has uncovered 26,800 gallons of gasoline at an abandoned service station here.

Acting on what he said was a tip, Rep. James J. Howard, D-N.J., lifted the covers from four underground tanks at the abandoned Citgo station Friday and uncovered 26,800 gallons of gasoline.

"I'm not making charges against anyone," said Howard. "I'm just saying this gasoline should be in the tanks of cars, not underground."

Howard sent a telegram to federal energy chief William E. Simon, a high school classmate, urging him to determine if there are other abandoned stations with full tanks in New Jersey or other areas hard-pressed for fuel.

Louis Christodoulou, Citgo regional sales administrator, said the gasoline was supposed to have been removed last month. But he said the company's trucks have been so busy delivering gasoline, one could not be spared for the day it would take to remove the fuel.

**Go Oriental**

Many Oriental dishes, prepared with care, are suitable for weight reduction. Cubes or strips of either fresh pork or ham, for example, can be combined with celery, cabbage, green pepper and pineapple (canned in its own juice) and seasoned with soy sauce, garlic and/or ginger for a variety of entrees.

**Sears Best 4-Ply Tires**

**\$18**

**Sears Highway Passenger Tire Guarantee**

If you do not receive the number of miles specified because of your tire becoming unserviceable due to (1) defects, (2) normal road hazards, or (3) tread wear-out, we will: At our option, exchange it for a new tire or give you a refund charging in either case only the proportion of the then current selling price plus Federal Excise tax that represents mileage used. If the tire is unserviceable due to any of the above causes before 10% of the guaranteed mileage is received, the replacement or refund will be made with no charge for mileage received.

Nail punctures will be repaired at no charge. Guarantee applies to tires on vehicles used for private family purposes.
