Second row: Kelisha Judd, Beverly Harris, JesSanne Robinson and Scotty Williams. Dr. Minnie T. Forte is director of the Childhood Education program at Saint Augustine's.

Trash Collection Days Set For April 27-May 11

Spring is once again upon us and with it comes the traditional spring house-cleaning and yard chores. But, while you're busy around the house, don't forget your City.

Today is National Keep America Beautiful Day and, in conjunction with this, Mayor James R. Hawkins and the County Commissioners have designed the weeks of April 27 May 11 as Keep Durham Beautiful Weeks.

Joining the Mayor and County Commissioners in this beautifying drive are a variety of organizations including the Jaycees, Boy Scouts and the Coca-Cola Company.

Following a request by the Durham Council of Garden Clubs, the City Council has appropriated \$1,800 for extra trash collection during this time. The special collections will be on Wednesday May 1 and May 8 and residents desiring this service should call the Sanitation Division, 682-5559 between 8:00 a.m. and 4:30 p.m. on Monday of the week they want collection.

When requesting the service, the type of trash to be collected needs to be specified—the proper size truck can be sent. Also, residents will need to cooperate with the Sanitation Department by having the items to be discarded either in a container or bundled together and setting on the curb.

Another major effort of the clean-up campaign, re-cycling of clear and green glass, will be conducted by the Coca-Cola Company. Residents should bring glass to be re-cycled to Northgate Shopping Center May 11 between 8:30-11:30 a.m. Also, the Ace Distributing Company, located at 303 Highway 70 East By Pass (a service road), will be continuing their year-round service of collecting aluminum cans. Cans are accepted on Wednesdays between 9 a.m. - 6 p.m. and Ace pays ten cents a pound. Twenty-four 12 oz. cans or 16 16 oz. cans weigh a pound. Aluminum cans are distinctive from other metal cans because they have no seams and no rim on the bottom.

Another on-going project residents may be especially interested in during Keep

Durham Beautiful Weeks is the used paper collection conducted by Regional Re-Cycling, located at 2727 Hoover Road. They will accept any type paper except that coated with plastic and residents may make deliveries 24 hours a day any day of the week. Payments depends on the type of paper delivered and can be made only during the first shift, 7 a.m. - 5 p.m. If deliveries are made on the second or third shift, the person will get a receipt for the

paper and must return another day between the above hours to get his money.

In addition to these individual efforts, many civic and church groups will be cleaning up badly littered areas of Durham or pitching in with their own campaigns. The Jaycee Paper Drive will be tomorrow and a special Boy Scout clean-up is slated today.

This combination of community and individual effort should mean a bright, new face for Durham.

Even Parquet Floors Are Easy To Do

With a little elbow grease, you can now have a beautiful hardwood floor for about the same or only slightly more than the cost of good carpeting or resilient floor tiles.

The latest introduction in the booming line of do-it-yourself products is hardwood parquet flooring you can install yourself. It's so easy, says the manufacturer, even a rank amateur can lay a 10-foot by 12-foot room in a day.

Unlike the old strip floor that had to be nailed to a wood sub-floor, these parquet patterns are glued down in much the same way synthetic floor tiles are laid. They can be glued directly over almost any existing floor, including concrete, wood, vinyl asbestos, or pure vinyl. Rubber tiles, however, must be removed first.

And once they're laid, you're finished. These floors are factory-finished so there's no sanding, staining or varnishing. Finishes range from light natural to deep, dark ebony.

Several patterns and wood species are now available. The

floor shown here is Bruce Flooring's laminated oak in the classic Haddon Hall pattern. Smaller pieces of wood are bound into 12-inch squares with a cotton mesh backing. There's also teak and pecan parquetry. Because of its unusual strength and water resistance, the teak is recommended for high-traffic areas such as foyers and family rooms.

Special sealers and waxes are applied at the factory so that all of these floors are easy to maintain. They require only occasional vacuuming and waxing no more than once or twice a year. Only a good paste or solvent-based wax—never a water-base is recommended. Water can raise the grain of wood and may damage the finish.

The do-it-yourself parquets are now available at many lumber and building supply retailers throughout the country. If, however, you don't find them locally, you can get a color brochure and the nearest dealer's name by writing Bruce Flooring, 1648 Thomas St., Memphis, TN 38107.

Durham Delegates Attend Baha'i Convention April 25-28

Delegates from Durham, participated in the deliberations of the sixty-fifth annual National Baha'i Convention in Wilmette, Illinois, April 25-28. Mr. Paul Lang, planner with Operation Breakthrough, and Mrs. Jean Scales, faculty member at North Carolina Central University currently studying at North Carolina University at Chapel Hill, were among the 171 delegates from throughout the United States who elected the nine-member National Spiritual Assembly, the highest administrative institution of the Baha'is of the United States.

Members of the National Spiritual Assembly subsequently elected officers: Dr. Firuz Kazemzadeh, chairman, New Haven, Connecticut, Professor of History, Yale University and author of the book Russia and Britain in Persia 1864-1914: A Study in Imperialism; Dr. Daniel Jordan, vice chairman, Amherst, Massachusetts, Professor of Education, School of Education, University of Massachusetts; Mr. Glenford Mitchell, Secretary, Wilmette, Illinois former assistant editor of Africa Report magazine and co-author of The Angry Black South; Miss Charlotte Linfoot, assistant secretary, former administrative assistant to the national director of the American Junior Red Cross for Western United States and Alaska; Dr. Dorothy Nelson, treasurer, Covina, California, Professor of Law and Dean of the University of Southern California Law Center; Dr. Dwight Allen, Amherst, Massachusetts, Dean of the school of Education, University of Massachusetts; Mr. Franklin Kahn, Flagstaff, Arizona, member of the Navaho Tribe and artist; and Mr. Richard Betts, former secretary of the National Teaching Committee.

The Baha'is Faith is an independent world religion. It originated in Persia. Baha'is

Bah, Prophet-Founder of the Faith, died in 1892 in the Holy Land. He announced that he was the Bearer of God's Word for this age and proclaimed the oneness of God, the fundamental unity of religion and the oneness of mankind.

There are now Baha'is in more than 5,000 localities in the United States. Baha'is reside in more than 320 countries and territories of the world.

THE CAROLINA TIMES

State Reports Fewer Wrecks In Quarter

The North Carolina Department of Motor Vehicles says there have been more than 3,000 fewer auto accidents during the

first quarter of 1974 than for the same quarter in 1973. State statisticians estimate the savings to the economy from a reduction in wrecks, injuries and fatalities to be more than \$15 million.

VOTE TUESDAY MAY 7 For INTEGRITY

"I'm running for the United States Senate because I believe we can do something in Washington about inflation, crime, drug abuse and health care. I believe the Federal Government has spent too much time looking for blame and not enough time looking for solutions to these problems. I would be proud to serve as your Senator and would appreciate your support."
