Jack And Jill Hosts Dinner Theatre Benefit

The Durham Chapter of Jack and Jill of America, Inc. served as host for its Fourth Dinner Theater Benefit on April 21, 1974. Members and their friends enjoyed a delightful comedy, "Lo and behold," and, at the same time, supported several regional and national programs which benefit children directly and indirectly.

The main objective of Jack and Jill of America is to provide for the constructive educational, cultural, civic, recreational, and social development of all children. The Jack and Jill Foundation, established to administer regional and national projects, has offered several successful programs. The Jack Be Quick Program, held at Morehouse College during the 1973 Summer Session, involved approximately one hundred young, underachieving minority males. The program was designed to give these young men the extra chance that might spark their

potential. The Foundation also offered an education enrichment program for Vietnam veterans. Focusing on the unemployed Vietnam Veteran who lacked a high school diploma, this project was financed in part by a \$95,000.00 grant from the Department of Health, Education, and Welfare.

The Foundation's Sophia Center operated in the inner city of St. Louis, Mo. This center's purpose is to encourage under-achieving youth to remain in high school and prepare for college. The program has succeeded in raising the S.A.T. scores of participants by as much as 116%. Jack and Jill of America is a national organization with more than 6,000 Mothers in 133 chapters.
