
Dear Reader:

We are forced by rising prices on paper and printing supplies to announce an increase in subscription rates effective August 6, 1974. Now is the time to renew up to 5 years at the old rate and save $17.50 or more (depending on the cost of printing). After July 6 and before August 6, 1974, renew up to 5 years and save up to $12.50.

☐ YES, I want to take advantage of the great savings!
