

Minority A-E Firm Directory 1978

The second edition of the Directory of Minority Architectural and Engineering Firms will be published early in the spring of 1978, it was announced by John L. Moorhead, Executive Director, Consulting Engineers Council of North Carolina. It is being published jointly with American Consulting Engineers Council and American Institute of Architects in Washington, D. C.

The 1978 directory has the endorsement and support of the Office of Minority Business Enterprise, Department of Commerce. As a lead Federal agency, OMB acts as a catalyst for the establishment of minority business programs in both the public and private sectors.

"CEC/North Carolina is concerned with the interests of minority architects and engineers. The Minority Directory is one way in which we are putting that concern to action; identifying qualified, responsible minority businessmen in this state and throughout the country," stated John L. Moorhead, Executive Director, CEC/North Carolina.

The directory contains names, addresses, phone numbers, approximate size of staff, professional services available, an alphabetical listing of firms by state, and an alphabetical cross-reference of architectural and engineering firms nationally.

Inclusion in this comprehensive directory is of no cost to the architectural or engineering firms; however firms must complete certification forms attesting to the fact that they qualify as minority business enterprises and meet the definition of an architectural or engineering firm as set forth in the Federal Procurement Regulations.

Those interested in participating should write directly to: American Consulting Engineers Council, 1155 Fifteenth Street, N. W., Suite 713, Washington, D. C. 20005. (202) 296-5390

Deadline for submission of the proper materials is Feb. 15, 1978, and publication is set for April 1.

Nat'l Women's Meet Held In Washington

WASHINGTON, D. C. - The Department of State held a National Foreign Policy Conference for non-governmental women leaders here on December 15.

The conference - one of a series of conferences organized by the Bureau of Public Affairs - is part of the Department's domestic outreach program.

Secretary Vance in his message to the conferees said: "This is an essential step in encouraging greater participation of women in foreign policy issues and increasing our communications with non-governmental women leaders. I would like to emphasize my commitment and the Department of State's commitment to the involvement of more women in the foreign policy process. In this context, I have recently received and endorsed the support of the Department of State's Executive Level Task Force on Affirmative Action. The report proposes a substantive improvement in the status and an increase in the number of minorities and women in the Foreign Service."
