## SAVE THE TIGER

Jack Lemmon (pictured) stars as a man made desperate by the corruption pervading his life and who struggles to regain his self-respect, in the contemporary drama, 'Save the Tiger,' to be rebroadcast on 'The CBS Saturday Night Movies,' Saturday, June 23.

Stoner is a middle-aged garment manufacturer who awakens one morning to a nightmare: his business is going bankrupt, he is distraught over the emptiness of his life and he is overwhelmed by a sense of loss—of his youth, his vitality and his values.

Stoner, in a desperate financial situation, is forced to confront the seamy side of his business, pandering for his clients and seriously considering having a warehouse burned down for the insurance money. Thoroughly depressed, he meets Myra, played by Laurie Heineman, a free-spirited young woman who opens his eyes and gives him a new perspective on life.
