TAMARIND SEED

On July 8, 'The Tamarind Seed' will have its television premiere on 'The ABC Sunday Night Movie.' It is a tale of international espionage and personal intrigue and stars Omar Sharif and Julie Andrews.

Feodor Sverdlov (Sharif) is a Russian military attache and trusted espionage agent to his superiors, but his interest in Judith Farrow (Julie Andrews, pictured), a British government functionary, soon becomes more passionate than political. Still trying to recover from an unhappy love affair, Judith keeps their relationship on a "just friends" basis, but British Intelligence is convinced that she is about to be used for darker purposes than either love or friendship.

The relationship between Feodor and Judith warms up in spite of the Cold War efforts to cool it by both sides, and Feodor is soon prepared to use a few of the secrets his spying has uncovered to blackmail his way out of the Soviet Union.
