

MS. BIENERT NEW CURATOR AT NCMLS

Ms. Sharon Bienert of Gainesville, Florida has been selected as Animal Curator of the North Carolina Museum of Life and Science.

Ms. Bienert has an associate degree in Zoological Parks Technology from Santa Fe Junior College in Gainesville, and is finishing requirements for a Bachelor of Science degree in Resource Conservation from the School of Forestry Resources at the University of Florida. She has been employed previously as a keeper in the Santa Fe teaching zoo in Gainesville where she designed the habitats for wolves and foxes and as Interim Director of the Tortuguero National Park in Costa Rica. Ms. Bienert also taught high school science in Costa Rica, served as a zoo consultant and as a guide and interpreter for Co Rentmeester who photographed the book, *Central American Jungles of the Time-Life Series*.

According to Dr. William M. Sudduth, executive director of the North Carolina Museum of Life and Science, "Ms. Bienert will play an important part in the assessment of animal care and facilities. We are fortunate to be able to attract someone of her caliber."

When asked about her interest in the position and her priorities, Ms. Bienert said, "I am very excited about the potential of the museum and my first task is to review and to upgrade animal care, especially nutrition."

Her duties will include supervising animal care, designing habitats, and developing wildlife education programs.

IRS SETS TEST DATES FOR SPECIAL EXAMINATION

GREENSBORO — The Internal Revenue Service Special Enrollment Examination is scheduled for Monday and Tuesday, October 6 and 7, 1980. The annual test will be given in Charlotte, Greensboro, and Raleigh IRS offices to qualified persons other than attorneys or certified public accountants to represent clients before the IRS.

Those interested in taking the examination should first obtain a copy of the free IRS Publication 486, "Requirements for Internal Revenue Service Enrollment and Special Enrollment Examination." This publication outlines the general requirements for enrollment and identifies sources of tax information which are helpful in preparing for the examination. The examination will include true or false, multiple choice, and problem-type questions.

If after reading Publication 486, applicants decide they want to take the examination, they should request a free IRS Special Enrollment Examination Materials packet. The packet includes Form 2587, "Application for 1980 Special Enrollment Examination;" Publication 486; Publication 693, "Special Enrollment Examination Questions and Answers;" Treasury Department Circular No. 230, "Regulations Governing the Practice of Attorneys, Certified Public Accountants, Enrolled Agents, and Enrolled Actuaries before the Internal Revenue Service;" and a special order form for requesting study materials.

Publication 486 and the Special Enrollment Examination Materials packet can be ordered by calling the IRS at 1-800-822-8800. (This telephone number is occasionally monitored to ensure courteous and accurate responses.)
