

**Ruffin Assigned To Utah**

A/IC Frederick K. Ruffin, Jr., son of retired Air Force M/Sgt. and Mrs. Frederick K. Ruffin, is assigned to Hill Air Force Base, Utah.

After completing basic training at Lackland AFB, San Antonio, Texas, he graduated from the Air Force Avionics Space Ground Equipment course at Lowery AFB, Denver, Colorado.

Later this month, Airman Ruffin will be temporarily assigned to Horton AFB, California.

RUFFIN

Ruffin is a 1979 graduate of Jordan High School and entered the Air Force in November.

He is the grandson of Mrs. Rosa Daniel and Mrs. Catherine Ruffin.

**Jarvis Announces Fall Semester Schedule**

HAWKINS, TX. — Orientation for Freshmen and New Students at Jarvis Christian College will be held Monday through Friday, August 25-29.

The Orientation Period will be used for testing advisement and pre-registration clearances for the students enrolling for the 69th Academic Year of the College. Residence halls of Jarvis will open on Saturday, August 23. The College has designated Sunday, August 24 as "Parents' Day." Special events are being planned for all parents who will be visiting the Jarvis campus

that day.

Registration at Jarvis will be held on Tuesday, September 2. Classes and late registration will begin on September 3. Late registration will end on Friday, September 5.

Applications for admission to Jarvis Christian College are still being accepted by the Office of Recruitment and Admissions. For further information, contact the Office of Recruitment and Admissions, Jarvis Christian College, Hawkins, Texas 75765, or call (214) 769-2174, Extension 128.

**New Bridge Will Support All Legal Loads**

RALEIGH — The Division of Highways of the North Carolina Department of Transportation (NCDOT) has closed a bridge on Hope Valley Road (NC-751) in Durham County for ten weeks, according to Division Engineer C.C. Painter.

The bridge located approximately 1.4 miles north of the intersection of NC-54 and Hope Valley Road, will reopen in September.

The temporary closing will allow NCDOT maintenance crews to rebuild the bridge which is

posted for a single vehicle weight of nineteen tons, 25 tons for truck tractor semi-trailer. When completed the new bridge will be able to support all legal loads.

Traffic will be detoured on Garrett Road (Secondary Road 1116) and Old Chapel Hill Road (Secondary Road 2220).

Clifton Godwin, bridge maintenance supervisor, said that every effort is being made to complete this highway improvement project as soon as possible to minimize any inconvenience to the traveling public.
