Your Animal's Health

Even if your horse eats like a horse, he needs his daily vitamins. A proper balance of vitamins and minerals can help keep horses healthy and performing at an optimum level. Vitamin supplementation is also helpful for horses paratized or convalescing from a recent illness.

An apple-flavored vitamin-mineral supplement with just about everything a health-conscious horse owner could desire was recently introduced by Pitman-Moore, the Veterinary Division of Johnson & Johnson. New EQUITONE* (a trademark) contains eight vitamins and six minerals and is formulated to help meet the nutritional requirements of horses established by the National Research Council. It is supplied in dial dosing syringes for easy no-waste administration.

While your horse might eat like a horse, any horse owner who knows his oats must realize the importance of vitamins. See your veterinarian today about vitamin-mineral supplements and ask about EQUITONE*.

GARDEN CLUBS COUNCIL PROMOTING CLEAN COMMUNITY SYSTEM
The Durham Council of Garden Clubs is attempting to build community support for the Keep America Beautiful Clean Community System by showing the promotion film, "A Place to Begin," and giving information programs on the System.

The film records the experience of Macon/Bibb County, Georgia, which served as a pilot area for testing its effectiveness. The Clean Community System was also tested in Tampa, Florida, and in Charlotte, before being marketed. It is now in effect in 185 communities in 35 states.

North Carolina communities which have entered the system and are experiencing substantial decreases in littering are: Asheville, Camp LeJeune, Charlotte, Gastonia, Onslow County (Holly Ridge, Jacksonville, Richlands, Swansboro); Wilmington/New Hanover County, and Winston-Salem. The Council of Garden Clubs is confident that Durham will also succeed in launching the program.

Clubs or other groups wishing to borrow the film or to arrange for a complete program may call Dot Rhinehardt, 489-9864, or Arlene Thurstone, president of the Durham Council of Garden Clubs, 489-3558.

Howard Clement endorsed the concept of the Council of Civic Clubs of Greater Durham Thursday when he spoke following the induction of officers for 1980-81. He also expressed approval of the Clean Community System, which is one of the Council's main projects, and said that it is a step in the direction of making Durham an All-America City. He challenged civic club representatives to concentrate on the areas in which we can agree and not get lost in our disagreements and our differences. He said, "we can all agree in Durham that we want to make this area, this city, this community, the best place for us all to live."

New officers of the Council are: Randy Brame, chairman, Ms. Sandi Rainwater, vice chairman; and Ms. Gloria Johnson, secretary-treasurer.
