**Sammy Cahn Makes Presentation To Stevie Wonder**

PASADENA, CALIF. Academy Award winning songwriter Sammy Cahn (r) flew out from New York to present Stevie Wonder with a Braille edition of ASCAP's (American Society of Composers, Authors and Publishers) Hit Song Encyclopedia at the Huntington Sheraton in Pasadena where Wonder was staying while performing in a concert at the Rose Bowl recently. Before Cahn was able to make the presentation, Wonder showed him how to use a synthesizer, much to Cahn's amusement. UPI Photo
