Nonrolk. March 24. RUSSIAN MEDIATION -It has before been well moderatood that this mediation had been tendered to and accepted by our government. In the fullest confirmation of which, we have the satisfaction to state, that MR. SWERTCHROFF, Counseller of the Legation of this Imperial Mjesty the Empe a or of Russia, near the United states, arrived at this place on Saturday night from Washington, less root, induced me to ask his motive. He charged with despatches for giving effect to this medication.

On Saturday Mr. Swertchkoff obrained a flag. and proceeded on board the British Admiral's ship in Hampton Roads, the Mariborough, Rear Ad. miral Cockburn, commanding in the absence of

Admiral Warren. It is not to be presumed that we are informed of what has passed upon this occasion, yet a few circumstances have been communicated to us, which

deeming correct we shall state. It is understood that a Minister or Commiss. one: Plenipotentiary will immediately proceed from this country to St. Petersburg in Russia, there to meet a person clothed with similar powers from Great Britain, to negociate a peace, for this purpose, a cartel will sail without delay from the United States It is understood that the powers of Admiral Cockburn are competent to suspend hostilities and raise the blockade, so soon as the President shall delegate some person for that purpose, to meet a person on the part of G eat Britain.

An express went off on Monday morning with Mr. Sweetchkoff's and the General's despatches for Washington.

We are, from a consideration of all circumstances, satisfied (though we may differ from some whose opinions we respect) that this negociation will be entered into with sincerity on both s. and that peace at no distant period will be re ... Irdger.

As this is the first genuine Arabian that ever stood in North Carolina, and as it is universally admitted that the superior excellence of the En lish horses is owing more to their being cross with Arabians and Barbs, than to any other ch cumstance, it is hoped the American breeder will not permit so good an opportunity to pass unit proved.
