MAY KEEP RAILROAD OFFICES IN NEW BERN Heavy Rains Have Not Damaged Tobacco Crops in the Eastern Part of State.

Special to The Observer. New Bern, July 24.—While nothing definite has been decided in regard to the matter, it is possible that the office of the superintendent of this division of the Norfolk Southern road, along with the office of the chief dispatcher, may not be removed to Washington and consolidated with the Norfolk offices, as the company some days ago announced would be the case. The people of New Bern have made an investigation into the matter and have learned that the company will not save any money in the removal of the office from New Bern and, as this was said to be the object of the removal and consolidation, they have taken the matter up with the officials and are making a vigorous protest against any such action. Just what will result remains to be seen but from present indications there is a possibility that New Bern will keep these two offices.

Regardless of the fact that heavy rains have recently visited this section and considerable damage has been done to the growing crops, the tobacco growers assert that this particular crop has not been materially hurt and predict that the yield will be larger, despite decreased acreage, than has ever before been the case. The managers of the local warehouses are now getting in readiness for the opening of the season and some record-breaking breaks are being looked for. Indications are, say the warehouse men, that the prices which will be paid for the crop during the coming season, will be larger than has ever before been the case.

GUARDSMEN HURRY TO MOBILIZATION POINTS

Special to The Observer. Columbia, S. C., July 24.—National guard officers and men were hurriedly getting into mobilization points today preparatory to being called into the federal service tomorrow. Many vacations were cut short and several honeymoons were broken up abruptly by the order to mobilize on July 25. The companies of the Second regiment and the coast artillery have been ordered to mobilize tomorrow at their armories, pending further orders from the War Department.

It is expected that the Second regiment will be immediately ordered to the permanent camp at Greenville for examination and muster. The coast artillery companies will be ordered to Fort Moultrie, Charleston, for training.

The headquarters company of the Second regiment will assemble at Columbia, S. C., at 10 o'clock, and H. B. Springs, commanding the regiment.

Don't Let Soap Spoil Your Hair

When you wash your hair be careful what you use. Most soaps and prepared shampoos contain too much alkali, which is very injurious, as it dries the scalp and makes the hair brittle.

The best thing to use is just plain mildified coconut oil, for this is pure and entirely greaseless. It's very cheap and beats the most expensive soaps or anything else all to pieces. You can get this at any drug store and a few ounces will last the whole family for months.

Simply moisten the hair with water and rub it in, about a teaspoonful of all that is required. It makes an abundance of rich, creamy, lather cleanses thoroughly, and rinses out easily. The hair dries quickly and evenly, and is soft, fresh looking, bright, fluffy, wavy and easy to handle. Besides, it loosens and takes out every particle of dust, dirt and dandruff.

At Showhouses

At the Piedmont. Today is change day at the Piedmont and, incidentally, ladies' matinee day. Jewell's Golden Jubilee company, the attraction this week, is presenting a most novel entertainment, and the bill for the first two days of the week was thoroughly appreciated. The company numbers among its cast some most capable artists, notably the Moira twins in native Hawaiian dances; Mack and Bennett, "The Maid and the Toothpick," a pair of very clever fun makers; and Leslie Golden, a female impersonator of no mean ability. Isabelle Morton, a classic dancer formerly with the famous Ruth St. Denis company, has been scoring one of the biggest hits of the bill with her dance interpretations. The chorus is pretty and well costumed, and boasts of several very good voices.

In addition to the change of program by the Jubilee company an exceptionally good picture program has been arranged for.

At the Edisona. Drama, comedy, news and educational features comprise the Edisona program today. Neal Hart, the big six-foot favorite, will be seen in "Double Suspicion," a Bison two-reel drama, while "The Paper Hanger's Revenge" will supply the comedy. No. 27 of the Universal Screen Magazine will supply the educational and news features, and concludes an exceptionally well balanced program.

At the Ottoway. For the first time since her advent into motion pictures, Emmy Wehlen has a part which utilizes all her dramatic abilities in Sylvia, the heroine of the Metro wonderplay "The Trail of the Shadow," which will be seen at the Ottoway today. Great moments come to Sylvia, events calling for powerful dramatic handling, and Miss Wehlen reveals in the opportunity to visualize these for the public since her starting tour through Europe in the masterpieces of Ibsen and Schopenhauer she had such a chance to display to the full her splendid emotional powers.

At the Broadway. The extra attraction at the Broadway today and tomorrow, is the Fifth company, coast artillery quartet, which will make their initial appearance in khaki uniform tonight. This quartet is composed of some of the best male voices in the city, and includes Messrs. O'Connell, J. M. Smith and E. C. Springer, all of whom are well known and appreciated here.

The picture attraction for the super-luxury days, today and tomorrow, is the screen version of Rex Beach's masterpiece, "The N'er Do Well." This production, as presented by Selig, has all the depth of love and soft, sweet, tragic beauty, the fiendish jealousy and black intrigue, with the naked passions of men and women bared before you as only Rex Beach can bare them. It has two of the best football players from New York ensnared alike by the dazzling southern beauty, "Chiquita," and the seductive Edith Conditon, who is the "wife of the other man." It runs the entire gamut of human emotions, including comedy, romance, tragedy, tragedy, love and hate. Thus it makes a strong appeal to every person who is susceptible to the drama.

The cast includes Kathlyn Williams, Wheeler Okuma, Eugene Bessner, Harry Lonsdale, Frank Clark and Sidney Smith.

MRS. MARSHALL IS ILL. Washington, July 24.—Mrs. Thomas R. Marshall, III, at a hospital here, is recovering rapidly and physicians say no operation will be necessary.

REPORTED ATTEMPT TO LIBERATE PRISONER

Work on Breakwater at Harbor of Refuge, Near Cape Lookout, May Be Held Up.

Special to The Observer. New Bern, July 24.—A bold attempt to liberate Henry Connor, now confined in the Craven county jail awaiting trial on a charge of attempting to criminally assault a little eight-year-old white girl in this city several weeks ago, is believed to have been nipped in the bud yesterday when someone, who had been informed of the plans of Connor's friends, tipped the officials off to what was going on. It had been planned to smuggle two sharp saws in to Connor in the back of a magazine, it is said, and with these he was to cut out one or more bars from his cell window and make his way to an automobile which would be waiting near the jail yard and the dash for liberty would then be made. Upon learning of this plan the authorities placed the Connor in a "solitary" and are carefully watching him, while no visitors are allowed near him.

In an interview given the New Bern representative of The Observer today, H. T. Patterson, government engineer in this district, stated that unless Congress made an appropriation for that particular work before the end of the coming month, operations at the harbor of refuge near Cape Lookout, where a giant breakwater is being constructed, would have to be held up. At the first of this month there was on hand \$95,000 with which to carry on operations there. Ordinarily this would have lasted forty days but there has been a delay on account of inclement weather and it is probable that the money will not be exhausted until the latter part of August. It is said that a northern firm has agreed to furnish the money necessary to complete the work at the harbor of refuge and to allow this to be repaid when the government makes an appropriation, but just what will be done in the matter has not been definitely decided at the present time.

COLUMBIA SEGREGATED DISTRICT IS ABOLISHED

Special to The Observer. Columbia, S. C., July 24.—The Columbia ordinance abolishing the segregated district zones into effect August 1. City council adjourned today after an extended hearing. There was some debate as to the attitude of the war department. It was shown that the department desires clean and wholesome conditions about the training camps.

A letter from Gen. Leonard Wood concerning the situation was sharply criticized by F. H. McMaster, insurance commissioner. In his address before the council, Mr. McMaster charged that the views of General Wood on the clean-up program closely bordered on insubordination to higher officials.
