How I Won And How I Lost—Told By Dempsey and Carpenter

Dempsey says, Nuxated Iron used by him as part of his training was in his opinion an important factor of his phenomenal victory over Carpenter as he believes it materially helped to give him that mighty power to withstand Carpenter's hardest hits and that it also helped to put added punch behind his own blows.

Jack Kearns, Dempsey's Manager, says: "Knowing what Nuxated Iron had done for Dempsey in the Willard fight I strongly believed that he used this wonderful strength and blood builder as a part of his training for the fight with Carpenter, and I believe it was an important factor in building up Dempsey's superhuman strength, power and endurance which were such important factors in winning his easy victory."

Manufacturers' Note: From the above article the reader must not infer that Nuxated Iron will give a glint of strength or a whiff of glory to the average man. But it will give you more of the red blood corpuscles and by so doing it will give you more strength, power and endurance, and supply forward nerve force in the starting nerve cells. You can try Nuxated Iron on our domestic guarantee that if it does not increase your strength, power and endurance in ten days' time you will be refunded. But if you have had a long and hard day's work, or a long and hard day's study, or a long and hard day's training, or a long and hard day's fight, it is now being used by over 4,000,000 people annually.

NUXATED IRON ENRICHES THE BLOOD - GIVES YOU NEW STRENGTH AND ENERGY
