The Change.

L. Von Meyerhoff's Concert Last Night.

Of Herr L. Von Meyerhoff's musical ability, there can be no diversity of opinion. The verdict of Charlotte was not necessary to stamp him as one of the most extraordinary pianists of the age; but the verdict has been pronounced, and that with all possible earnestness and unanimity. Nothing like his playing has, perhaps, ever been heard in Charlotte; nothing like it probably will be heard by the present generation, unless we should sometime have a visit from Rubinstein. His earnestness and loftiness of purpose and his wonderful devotion to his art place him far above most of the famous pianists. He is also a composer of no inconsiderable rank, and his works will probably yet attract as much attention as his performances on the piano. He is a master who has achieved success, and rightly holds it as secondary to the fulfillment of his own high ideals. Such men we are proud to honor.

The renderings of his pupils establish his great value as a teacher in our community; all the Choruses, the Quartette, Solos, one of his compositions, the orchestral arrangements and the Duets being the work, the hard work of only thirty days; except the Duets "Slowly and Softly" which was put into the programme to give him time to repose a few minutes for the most straining execution of Mendelssohn's world renowned Concerto in "G."

Miss Mary Dewey played with exquisite finish. Miss Minnie Pliffor distinguished herself in L. Von Meyerhoff's beautiful Cantata. The Quartette was excellently rendered, and praise is due to Miss Eva Bryce. Miss Lelia Young performed without a false note. Miss Bessie Dewey managed the Anvils well, beyond all criticism. Miss Maggie Morehead presided at the Organ and played the Piano equally well. The Institute Chorus rendered their music in a finished manner under the leadership of L. Von Meyerhoff to whom much praise is also due for the admirable manner in which the entire concert was carried out.

A Dangerous Counterfeit.—For two or three weeks past a dangerous counterfeit of the \$5 United States Treasury note has been in circulation. The counterfeit will not bear the scrutiny of the practiced eye, but it is well enough executed to deceive many persons, even among those accustomed to handling money. The paper, however, is too thin to take well the large amount of ink usually employed to print the promises to pay of the United States. The engraving, compared with that of the genuine note, is rough, but the surest way to detect the true from the false is the paper which has never been successfully counterfeited.

The Western Expositor.—This is the name of a Democratic weekly to be started in Asheville early in this month. T. D. Carter, Esq., editor. Mr. Carter is one of the most polished and vigorous writers in North Carolina, and his railroad letters in the Asheville Citizen for eighteen months or two years past, will be long remembered as a series of the most caustic articles ever produced in the State. In the publication of the Expositor he has our earnest wishes for his success.

HORRIBLE ACCIDENT.

SIX PERSONS INJURED.

PROBABLE LOSS OF LIFE.

Yesterday afternoon an accident, the very contemplation of which is sickening in the extreme, occurred in this city about half past two o'clock, occasioned by the bursting of a boiler. The scene of the accident was the spoke and handle factory, situated near the Lincoln depot, and the particulars, as we have been at trouble to gather them are as follows:

The steam had gone down and the machinery had been stopped until more steam could be made, the eccentric stopping fairly upon a centre. When sufficient steam had been made in the boiler to start the machinery again, the engineer turned the whole of it on, the eccentric still on a centre, he neglecting to prize it off until after he had turned the steam on. Failing to move the engine, he then resorted to a lever to move the eccentric, and was in the act of doing this when the explosion occurred, the water flying out the front part of the boiler, and completely emersing all those in the vicinity. The following are the names of the persons scalded: Eddy Lewis, white, aged about 7 years—seriously; J. G. Lee and Lee Rudisill, both white—seriously; Frank Thompson, colored—seriously; Jake Myers, the engineer—slightly; and a colored man, not an employe of the factory, whose name is unknown.

Every exertion was used by Mr. W. H. Justice, who was in charge of the Factory, for the relief of the unfortunate victims, though little hope is entertained of the life of more than one or two of them. They present a truly horrible appearance, the skin and flesh being entirely torn off portions of their bodies. The screams and shrieks of the scalded persons are described as truly heart-rending, and frantic efforts to escape were made by them. One of them, who had the skin and finger nails torn entirely off, ran a distance of perhaps twenty-five yards into an adjoining room and jumped through a window glass to the ground, a fall of about ten feet.

What with the fragments of brick and timber strewn around, the groans of the wounded and their ghastly appearance, the scene was absolutely indescribable.

Several causes have been assigned for the bursting of the boiler, among others that the flues were weak and defective, but the theory advanced above seems to be the most generally accepted. This catastrophe will serve to point a moral, if nothing more. It shows the utter folly, not to say criminality, of putting an ignorant negro, who has no idea of the principles upon which an engine is run to manage one, and it is to be hoped the lesson of yesterday will be heeded.

Hop Last Night.—It was our pleasure last night to drop in for a moment at the hop given by some of the young gentlemen of Charlotte, at the Hall of the Independent Hook and Ladder Company. Though not particularly hefty myself on the "light fantastic," we take special pleasure in seeing others indulge, and were gratified last night in seeing the assembled company enter into the amusement with such zest.

Maneton House.—In a few days this well known hotel will be refurnished and refitted, with everything added which can possibly conduce to the comfort of its patrons. The name of the House has been changed to the "Central Hotel," and Mr. H. C. Eccles, the present popular proprietor, will be assisted in the management by Major J. M. Blair, who has established an enviable reputation as the proprietor of the Yarborough House in Raleigh. With these two gentlemen at its head, the "Central" cannot fail to take a leading stand among the hotels of the South. We predict for it an almost unparalleled success.

Changed Base.—Mr. John C. Syme, for some time past local reporter on the Raleigh Sentinel, has accepted a position on the editorial staff of the News.

We tender to our kind readers and patrons the usual compliments of the season, and wish them one and all A HAPPY NEW YEAR.

A special telegram to the Richmond Dispatch from Hillsboro, under date of Wednesday, gives the following account of a murder in that place:

"At about 9 o'clock last night there occurred a quarrel between Green Mayo (colored), his wife, and his son Alexander, aged about 16, at his residence near this place, which resulted in the death of Green Mayo. It seems that Mayo and his son were in town yesterday drinking together, and went home, Mayo being considerably under the influence of whiskey, when a quarrel ensued between them. Finally Mayo taking up his gun threatened to kill both wife and son, but afterwards concluded to use a chair instead of the gun with which he dealt his wife a very violent blow, cutting a considerable gash in her head. At this his son took up the gun and ran out the door with it, and it is thought he struck the lock of the gun against the door, causing the gun to go off, the ball entering the small of the back and coming at the lower part of the abdomen, resulting in instant death. The boy has been arrested and confined in jail to await the verdict of the coroner's jury, which for want of evidence has not been able to render a verdict. It is generally thought the shooting was accidental."

Christmas evening a St. Louis young man went home so: Meeting an inquiring friend, he remarked: "Fus—hic—trate! I've give—hic—no—hic—hup—drinking—hic—and am rapidly—hic—hic—making man of—hic—myself! S'help me, 'Gratu—hic—late me!"

STATE NEWS.

The Sentinel publishes fifteen marriage notices in one issue.

The Sentinel says: "There were 22 sleighs on our streets Saturday."

The National Hotel, at Raleigh, is to be under the proprietorship of Major W. H. Bagley.

All the boats between Wilmington and Fayetteville are on regular trips and heavily laden with down freights.

Vessels on the Sound and Dismal Swamp Canal have been disabled on account of the severe, freezing weather.

The Era says: "We learn that Charlie McCullers in this county fell while skating yesterday and came near getting killed. Concussion of brain. Is better to-day."

We learn that Bayless Henderson was tried and convicted at Webster for the murder of Capt. Nimrod Jarrett and sentenced to be hung on the 24th day of January, 1873. So says the Era.

The wild geese are flocking South—a sure sign, the old folks tell us, of more cold weather. It would be well if the geese could make it convenient to stay where they are, for we have had cold enough for one winter.

"THE COMING MAN."—The coming man for twenty years hence is little Eddie Parham, of Granville county, now only ten years old, a motherless boy, who got up before the congregation at Tabb Creek church and drew tears from the eyes of all the audience present by his feeling remarks on the good lessons of religion that his aunted mother had taught him. Who knows but this boy is one of the preachers, in embryo, of "peace on earth and good will towards men."—Raleigh Era.

The Raleigh News says: On Christmas night, a party composed of three gentlemen, captured the notorious horse thief of Rowan county, John Allen Ketchy near Salisbury. Ketchy was born and raised in three miles of Salisbury. He has already served partial terms in the New York, Virginia and other penitentiaries. He was sentenced a year or more since at Greensboro, N. C., to a term of seven years, in our State prison, but broke jail. Ketchy is a shrewd business rascal. During the war he drew the pay rolls of his regiment, when stationed near Richmond, Va., had passes from all the leading Generals, and went wherever he pleased. He is now confined in the jail at Salisbury.

MR. J. M. LOVEJOY.—Everybody will be glad to read that the venerable Lovejoy of pleasant memory, is again in Raleigh, to follow his old avocation of teaching the boys. Grandfathers, who, as boys, learned their lessons under Mr. Lovejoy, will ask if he brings back his "ferule," and does the "old man" (birch) come with him?

Mr. Lovejoy is one of the most accomplished teachers of boys the State has ever had, and it is a pleasing thing to know that he returns to Raleigh under the most favorable auspices for establishing a male school of the highest grade. The old students of Mr. Lovejoy may make a note of this, and send along their sons.—Raleigh Era.

THE WESTERN RAILROAD.—We are glad to learn that some steps have been taken by Gov. Caldwell to prevent, if possible, the sale and sacrifice of the Western North Carolina Railroad. Messrs. Smith and Strong, of Raleigh, and a lawyer in Greensboro, whose name we forget, assisted by Attorney General Shipp, went before Judge Dick, of Greensboro, and obtained an order postponing the sale sixty days. The sale was to have taken place on the 31st inst. This delay will give sufficient time for these able lawyers to take such steps as may be possible to arrest the perpetration of a great swindle upon the people. A railroad that cost \$3,000,000 was about to be sacrificed for a sum not exceeding \$3,000. We sincerely hope that some action can be brought, that will forestall the efforts of a ring to rob the people of a large interest in an important road.—Raleigh Sentinel.

From the period when surgeons applied their salves to weapons instead of wounds to the present wide-awake age, the medical profession has often unwittingly taken advantage of the ignorant and credulous teachings of centuries of experience, some physicians believe in depleting their patients, already seriously exhausted by sickness, with powerful evacuates, emetics, salivants, cathartical plasters, or the lancet. But, providentially, public intelligence is the great enemy of the quack. That powerful ally of nature, in its warfare with the causes of sickness, Hostetter's Stomach Bitters, has opened the eyes of the masses to the paramount importance of increasing the vital strength of the body, and of the necessity of removing the causes of disease. They understand that when the atmospheric conditions are adverse to health—as, for example, in damp, chilly or severely cold weather—it is wise to reinforce the system with a wholesome tonic and stimulant, and thus enable it to combat and repel the depressing influence of an inclement tempering. Hostetter's Stomach Bitters, is the best of all such remedies, and its powers were always tried in the presence of danger, the mortality from consumption, bronchitis, chronic rheumatism, &c., would be much less than it now is. The causes which produce croup, colds, quinsy, diphtheria and catarrh seldom affect a strong and active vital system; it is the most invigorating preparation, Hostetter's Bitters has improved the most efficient. It is not claimed that this standard tonic is a specific for lung and throat maladies, as it is for dyspepsia, liver complaint and intermittents, but it is unhesitatingly asserted that it is the best known safeguard against all the atmospheric elements of disease.

Medical Blunders.

"Can't Do Without It."—This is what the stage and horse car companies, livery stable keepers, members of the turf, and all grocers and trainers say of the Mustang Liniment. They "can't do without it." And why? Because it infallibly reduces the external swellings, &c., which, under various names, impair the usefulness and value of the king of quadrupeds, and also because, for sprains, strains, galls and other injuries to which horse-flesh is liable, it is the most worthy preparation in the market. Yet these recommendations comprise only a portion of its claims to public confidence. During a period of more than sixteen years, it has been recognized as a specific for many of the most agonizing disorders which afflict the human family—such as rheumatism, gout, neuralgia, lumbago, tic-douleur, sore throat, earache, toothache; and likewise, as a peerless application for cuts, bruises, burns and scalds.

If you feel dull, despondent, drowsy, debilitated, have frequent headaches, month tastes badly, poor appetite, and tongue coated, you are suffering from torpid liver, or "biliousness." Nothing will cure you so speedily and permanently as Dr. Pierce's Golden Medical Discovery.

A Warning.

There is no case of Consumption that did not commence with a cough. Therefore the slightest Cold or Cough should receive immediate attention. Take at once the great remedy of the age, Dr. Tutts' Expectant, and thereby save years of suffering; perhaps life itself.

AUGUSTA, GA., Dec. 31, 1870. Dr. Wm. H. Tutts: Dear Sir—My little son, aged about three years, was attacked with pneumonia last winter, which left him with a violent cough, that lasted till within about a month since, for the cure of which I am indebted to your valuable Expectant. I had tried most every kind of medicine recommended for coughs, but none did any good until I tried your Expectant, one bottle of which removed the cough entirely. With many thanks for your valuable preparation, I am, yours truly, JOHN M. WEIGLE.

Dr. Tutts' Hair Dye makes the old look young.

ASTHMA.—Any medicine which will alleviate the distress of this dreadful disease will be hailed with joy by thousands of sufferers. The certificates which accompany any Jonas Whitcomb's Remedy, are from the most reliable sources, and attest to its wonderful power, power, even in the most severe cases. Joseph Burnett & Co., Proprietors, Boston.

FREE ADVERTISING.—From family to family, city to city, from state to state, the name of Dr. Walker's Vegetable Vinegar Bitters as a specific for all derangements of the stomach, bowels and liver, is continually extending. Its voluntary missionaries are innumerable, and public enthusiasm in its favor spreads faster than a prairie fire.

DON'T SLIGHT YOUR TEETH.—Remember that upon their labor, the health of the stomach, is beyond counting, and in order to so, manipulate them with a brush dip ed in the fragrant Soudant, once or twice a day.

WHO WILL SUFFER?—It is now 2 since Dr. Tobb's Venetian Linctus was put before the public; warranting it to cure Chronic Rheumatism, Headache, Cuts, Burns, Itches, and other ailments of the Limbs, Back and Chest, and it has never failed. Sold by all Druggists. Depot 30 Park Place, New York.

FOR DYSPEPSIA, Indigestion, depression of spirits and general debility in their various forms; or as a preventive against Fever and Ague, and other intermittent fevers, The Ferro-Phosphated Elixir of Dr. Williams, is the best tonic, and as a tonic for patients recovering from fever or other sickness, it has no equal.

THURSTON'S IVORY PEARL TOOTH POWDER.—This is a new and most effective cleaning and preserving the teeth and gums. Sold by all Druggists. Price 25 and 50 cents per bottle. P. C. Wells & Co., New York.

CHRISTADORO'S HAIR DYE.—This magnificent compound is beyond counting, the safest and most reliable dye in existence; never falling to impart to the hair, or coloring of the scalp, any loss of elasticity. Manufactured by 88 Maiden Lane, New York.

CAEOLIC SALVE unequalled as a Healing Compound. Physicians recommend it as the most wonderful remedy ever. Price 25 cents per box. John F. Henry, Sole Proprietor, 8 College Place, New York.

RALEY BUCHU is a reliable Diuretic and Tonic for all derangements of the urinary and genital organs.

The genuine, as formerly sold by Hayward, Barral & Risley and their branches, is now prepared by H. W. Railey, the originator and Proprietor; and the trade supplied by his successors, Morgan and Risley, New York.

Swampia is Optum purified of its sickening and poisonous properties, discovered by Dr. Bigelow, Professor of Botany, DePaul Medical College. A most perfect anodyne and soothing opiate. John Farr, Chemist, New York.

PRATT'S ASTRAL OIL.—More accidents occur from using unsafe oils than from steamboats and railroads combined. Over 300,000 families continue to burn Pratt's Astral Oil, and no accidents directly or indirectly have occurred from burning, storing or handling Pratt's Oil House of Chas Pratt, Established 1870, New York. T. B. Clancy & Co., Charleston, agents for S. C.

We have Frequently Heard mothers say they would not be without Mrs. Winslow's soothing Syrup, from the birth of their child until it has finished with the teething stage under any consideration whatever.

The Secret of Beauty. What is it? no longer asked, for the world of fashion and the ladies know that it is produced by using a delicate and harmless toilet preparation known as G. W. Laird's "Blossom of Youth." Its beautifying effects are truly wonderful. Depot, 5 Gold St., N. Y.
