

Local Affairs.

JOS. P. CALDWELL, Local Editor.

Friday, January 10, 1873.

Special Notices inserted in the Local Column will be charged 15 cents per line.

All parties ordering the Observer will please send the money for the time the paper is wanted.

Contractors will not be allowed, under their contracts, to advertise any other than their legitimate business, unless by paying specially for such advertisements.

Magistrates' Blanks.—At the OBSERVER OFFICE you can get Magistrates' Blanks printed in the neatest style, on best quality of paper.

Marriage Licenses.—If you wish Marriage Licenses, beautifully executed, call at the OBSERVER OFFICE.

Deeds.—Printed on Bond paper can be had at the OBSERVER OFFICE.

Correspondents must not write on both sides of their paper.

New Advertisements.

The following new advertisements appear this morning the first time.

Guano, &c. Stray Horse. Potatoes, &c.

There were no police arrests yesterday, up to 11 o'clock last night.

Stenhouse, Macaulay & Co. have on hand a fine lot of fertilizers, which they advertise in another column.

There were six additions to the Lodge of Good Templars at their meeting last night.

The Methodist Conference, now in session here is attended by about 12 white and an equal number of colored ministers.

The Greensboro Patriot says that Mr. S. C. Robertson, of Charlotte, has opened a marble yard in that place.

Not a single offender was on hand yesterday morning to receive punishment for his sins at the hands of His Honor the Mayor.

Good Opportunity.—Any one desiring of running for an office can make himself popular in this city by gently drawing the heart blood from the miserable goat which daily comminates the payments, to the infinite disgust of the entire community.

Yesterday old Boreas turned loose all his legions. The day was decidedly unpleasant and the streets at times black with hats blown from the heads of unsuspecting citizens who heeled out "ess words" with fearful fluency at each new blow-off.

Personal.—Hon. W. M. Shipp, of Raleigh, W. A. Smith, member of Congress, from the 4th District, and F. N. Lucker, member of the Legislature, from Rowan, were in the city yesterday, and registered at the Central Hotel.

Night School.—The night school in this city, conducted by Rev. B. S. Bronson, is, we are pleased to learn, accomplishing much good, and many children, who have not the means to attend a day school, are being instructed there in the elementary branches.

Street Improvement.—The authorities are having stones laid across Trade street, just above the Merchants' and Farmers' National Bank. This is a good move. In bad weather persons wishing to cross the street from either side are compelled to walk a long distance out of their way to one or the other of the street corners.

Almost Frozen.—Wednesday night or rather yesterday morning about half past two o'clock, Mr. J. W. McWhirter, who sleeps over his store on Trade street, heard groans and cry for help coming from some one out in the street. Mr. McWhirter at once rose and hastily drawing on his boots went out, and found a white man, without shoes or hat, lying in the street. In reply to questions, the man answered that he had been drunk and had fallen and gone to sleep, from which he awoke to find himself frozen almost to death and unable to move. Mr. McWhirter returned to his room to dress himself, and when he got back to where he left the man, found that some else who had come along had taken him in charge, and carried him off, promising to care for him. He will no doubt conclude not to get so drunk again, until the weather gets warmer.

Leaf Tobacco Warehouse.—Messrs. R. M. Miller & Sons have opened in this city a Tobacco Warehouse for the purchase and sale of leaf tobacco. This is, we believe the first enterprise of the kind ever inaugurated in Charlotte, and if properly conducted it will grow to be a large and lucrative trade. Some of the lands in this section will produce a fine quality of tobacco, and as it is of comparatively easy growth, it seems rather remarkable that the farmers have not devoted more attention to its cultivation. Messrs. Miller & Sons have taken a wise step, and one calculated to stimulate the enterprise of our farmers. Some five hundred pounds of tobacco have already been received at the new warehouse.

ON OUR TABLE.

BRAINARD'S Musical World open its tenth annual volume with increased attractions. The first of a series of descriptive articles, giving, in a plain, readable style the details of engraving, printing, stereotyping and all the other processes connected with sheet music publishing is given in this number. Karl Metz will continue his able letters

on musical subjects throughout the year and also contributes a spicy article on the forthcoming Cincinnati Jubilee under the caption of "Young Jubilees."

The editorial columns are, as usual, filled with instructive and able articles. "Our Letter Box," the editor's special department for the answering of musical questions, contains some very interesting facts for the musical.

The music in this number (January) is—"Maggie Darling," a beautiful song and chorus, by Horace E. Kimball; "Solomon Grundy's Valse," a neat and effective instrumental piece for beginners, by Karl Metz; and "Little Beauty March," No. 5 of Golden Blossoms, Charles Kinkel's new set of teaching pieces.

Subscription price \$1000 per annum. Send 10 cents to S. Brainard's Sons, Cleveland, O., for specimen copy and complete catalogue of sheet music.

RURAL AGRICULTURE.—The January number of this Magazine comes to hand as usual. It opens with some very practical hints from the editor, under the head, "Thoughts and suggestions for the month." This is followed by an article from the indefatigable pen of Col. D. Wyatt Aiken, entitled, "A practical Essay on Plantation Economy," for which a premium was awarded at the late Fair of the South Carolina State Agricultural and Mechanical Association. No planter in the South is better posted on this subject, and this essay will be found worthy of a careful perusal. "Hillside" on "Labor Contracts," deserves to be read, and farmers and planters might do well to look more carefully into this department. Prof. E. W. Hilgard, of the University of Mississippi, gives an article on Guano and other Ammoniacal Manures on White Lands. In the Horticultural Department, Mr. Edmund H. Hart gives a very excellent article on Guava and its cultivation. In the Mining and Mechanical Department there is a well written article from the pen of Dr. W. W. Memminger, entitled, "Manufacture of Commercial Fertilizers." Prof. C. U. Shepard, Jr. gives in applied Chemistry and Mineralogy, some notes on Foreign Phosphatic Deposits. The Correspondence is unusually varied and interesting.

Published by Walker, Evans & Cogswell, Charleston, S. C. \$2.

An Opinion About "Harmony" BOOK, WATAUGA COUNTY, January 4th, 1873.

EDITOR OBSERVER:—

I live in the country, and enjoy but few material facilities, so cannot keep posted in the rapid changes of this progressive age as you do who dwell in the very center of life and light.

Mr. Editor, I am an old fogey, I am sorry to say, so look at things from a standpoint too remote in the most part to appreciate all I see and hear in these wonderful days. What is the meaning of this powerful yell the papers are just now raising about harmony? Who is disturbing that sweet concord in which brethren should delight to dwell. Is it Vance and his friends? If so lash him into quiescence right away! What right has the ambition of one man to disturb the peace and quiet of a whole State. 'Tis true he was the nominee of the Conservative Caucus for United States Senator, and the ambition of one man defeated the wishes of seven-eighths of that party—now verily these seven-eighths must be quiet or they might perchance disturb the harmony of this "unholy combination between Bifflid and Black George, the puritan and the black-leg" politically speaking. He that enters into the door says the good book is a —, but the people should not be told how he got in for fear it might disturb somebody's harmony. This is all false; the only way to make a party powerful and a practical benefit is to keep the organization close and compact, and those who for personal objects break over should be held to the full measure of accountability. "Disgrace the cowards and shoot the deserters," was the Napoleonic charm of making an army efficient and victorious.

The same rule figuratively speaking must hold in party organization if it is ever to become successful. If when it suits an aspirant, he is a good party-man, and when his own individual aims can be promoted by it, he bolts with impunity—not even to be told of it for fear of disturbing harmony then all co-operation is at an end—any member of the community is free to go where he pleases—the honor that holds man to his fealty is loosened—confidence destroyed—and all for fear of disturbing harmony or more plainly the conscience of the bolter.

Mr. Editor, I am an old fogey and believe in calling things by their right names. Did not Sweeney's influence have something to do with disturbing the harmony of the Conservative ranks recently in Raleigh? Do you not think his heart was rejected when he learned that his old protege and attorney had been elected to the United States Senate? Why should he remain longer under a cloud when his advisor is so wonderfully elevated and honored? This thing will not do, the conservative press of the State should denounce it in every issue for the next seven years—and if they fail to do so they encourage—yes, invite bolters, and independents in every canvass, State and County, in all the coming future.

They are not faithful sentinels if they fail to do their duty in this instance. This thing must be shown up in its true light not by Vance's special friends, (is there one true man who is not?) but by the friends and supporters of the Conservative party. It was the blow aimed at the integrity of that organization and not the defeat of Vance in which the crime consists. Now Mr. Editor I am an old fogey and a country one at that, but I do think that this scream for "harmony" which has been raised in certain quarters and echoed in certain other places is the result of timidity, it effects more violently the weakened. It could never have had birth among the un-

sophisticated and hardy mountaineers of Western North Carolina. An "OBSERVER" in the old Hornets Nest and breathing the patriotic atmosphere of grand old Mecklenburg, it is known that you will speak out for the right even if it does disturb the "harmony" of this Love-Ly Crew. WATAUGA.

STATE NEWS.

The police of Newbern are all colored men with one exception.

The Board of Directors of the Penitentiary met in Raleigh Wednesday.

Good Northern apples sell in Wilmington for \$1 per peck.

New River oysters \$1 @ \$1.10 per gallon in Wilmington on Tuesday.

Now comes a pig nine months old in Polk county that weighed 310 pounds.

Says the Greensboro Patriot: M D Landreth had a dog which died last week at the extraordinary age of 18 years. Dogs usually do not live more than 10 years.

The present General Assembly will be memorialized to amend the charter of Raleigh, so as to give cumulative suffrage. Nearly all of the property-holders in the city are in favor of it.

The Goldsboro Messenger says that a colored girl, named Mary Sellars, a servant in the family of Dr. Holmes, in Sampson county, was burned to death, a night or two after Christmas, by her dress taking fire.

The Raleigh Sentinel says: An extensive bee-raiser informs us that the mortality amongst bees this winter has been unprecedented. The bees are all found dead in hives filled with honey. He is of opinion that epidemic disease is the cause.

Says the Raleigh Sentinel: A pertleman from Harnett county informs us that there have been 61 cases of small pox in that county, and that 16 of the best citizens have died from the disease. He states, however, that it has now almost wholly abated.

The Goldsboro Messenger says: An elopement in "low life" occurred in this place on Thursday night last.—Rednich Richardson, negro, eloped with Mary Eliza Johnson, also colored. They went to South Carolina.—Mary Eliza left a young baby behind her, and Rednich leaves a wife.

The Raleigh Era of Wednesday says: The case of the Western Railroad, we understand, will be tried in Chambers to-day before Judge Cloud. There are two sets of directors contending for this road. The Caldwell appointees on the one hand, and the Warren-Jarvis appointees on the other. It will decide who is the legal President of the road, Dr. W F Howerton or S McD Tate.

FINANCIAL & COMMERCIAL.

Raleigh Bonds.

The City Treasurer of Raleigh has been authorized to issue \$6,000 of City Bonds, three years to run, at 8 per cent. interest, for the purpose of funding the city script now afloat.

Iredell County Bonds.

Twelve thousand dollars of the bonds of Iredell county were sold in Charlotte last week by the A. T. & O. Railroad, at a good price. Ten thousand was bought by a gentleman of Charlotte eminent for his wisdom and sound judgement.

Merchants' and Farmers' Bank.

The Merchants' and Farmers' Bank of this City has declared a dividend of 5 per cent.

N. C. State Life Insurance Co.

We are pleased to learn, says the Raleigh Sentinel, that more than one hundred thousand dollars of the capital stock of the North Carolina State Life Insurance Company, organized yesterday in this city, was taken before 4 o'clock, of that day, thus securing the charter. We are glad to see this lively encouragement of home enterprises.

Medical Blunders.

From the period when surgeons applied their salves to weapons instead of wounds the progress of wide-awake age, the medical profession has often unwarily taken side with Disease in its conflicts with the human system. Even yet, in spite of the teachings of centuries of experience, some physicians believe in depleting their patients, already seriously exhausted by sickness, with powerful evacuants, emetics, cathartics, or the like. But, providentially, public intelligence is ahead of these medical fossils, who belong, of right, to the era of the Crusades. That powerful ally of nature in its warfare with the causes of sickness, Hostetter's Stomach Bitters, has opened the eyes of the masses to the paramount importance of increasing the vital strength of the body when menaced by disease. They understand that when the atmospheric conditions are adverse to health—as, for example, in damp, chilly or severely cold weather—it is wise to reinforce the system with a wholesome tonic and stimulant, and thus enable it to combat and repel the depressing influence of an inclement temperature. If the constitutional and animal powers were always thus recruited in the presence of danger, the mortality from consumption, bronchitis, chronic rheumatism, &c., would be much less than it now is. It is for this reason, that the great quinine, diphtheria and cholera epidemics, affect a strong and active vital system; and of all vitalizing preparations, Hostetter's Bitters has proved the most efficient. It is not claimed that this standard tonic is a specific for lung and throat maladies, as it is for dyspepsia, liver complaint and intermittents, but it is unhesitatingly asserted that it is the best known safeguard against all the atmospheric elements of disease.

"Can't Do Without It."—This is what the stage and horse car companies, livery-stable keepers, members of the turf, and all grooms and trainers say of the Mustang Liniment. They "can't do without it." And why? Because it infallibly reduces the external swellings, &c., which, under various names, impair the usefulness and value of the king of quadrupeds, and also because, for sprains, strains, galls and other injuries to which horse-flesh is liable, it is the most trustworthy preparation in the market. Yet these recommendations comprise on a portion of its claims to public confidence. During a period of more than sixteen years, it has been recognized as a specific for many of the most agonizing disorders which afflict the human family—such as rheumatism, gout, neuralgia, lumbago, ticdoloreux, sore throat, earache, toothache; and likewise as a needless application for cuts, bruises, burns and scalds.

If you FEEL dull, despondent, drowsy, indolent, have frequent headaches, month tastes badly, poor appetite, and tongue coated, you are suffering from torpid liver, or "Biliousness." Nothing will cure you so speedily and permanently as Dr. Pierce's Golden Medical Discovery.

A Sitch in Time Saves Nine.

If you have a Cough, do not neglect it; thousands go to an untimely grave by neglecting what they call "a slight cold." These slight colds are very insidious. They soon become deep-seated, and defy all remedies. DR. TUTT'S EXPECTORANT will cure it. It can be had of any Druggist.

TUSKUGEE, Ala., April 28, 1871.

Dr. Wm. H. Tutt:

In gratitude for the benefit received by the use of your Expectorant, I do cheerfully add my testimony its most wonderful effects in relieving Asthma or Bronchitis. For several years I had suffered dreadfully with severe attacks of Asthma or difficulty of breathing. I was induced by the high recommendations given to your Expectorant to try it, and found that it gave almost immediate relief. It is about five months since I began its use; I have used six bottles, and have not had an attack since. It has been a great blessing to me; I cannot afford to be without it, and I heartily recommend it to all persons who are at all troubled with Lung or throat Diseases. Very respectfully, Mrs. A. M. WELLBORN.

Dr. Tutt's Hair Dye is the best in use.

ASTHMA.—Any medicine which will alleviate the Paroxysms of this dreadful disease will be hailed with joy by thousands of sufferers. The certificates which accompany any Jones Whitcomb's Remedy, are from the most reliable sources, and attest to its wonderful powerful power, even in the most severe cases. Joseph Burnett & Co., Proprietors, Boston.

FREE ADVERTISING.—From family to family, from city to city, from state to state, the fame of Dr. Walker's Vegetable Vinegar Bitters as a specific for all derangements of the stomach, bowels and liver, is continually extending. Its volunteer missionaries are innumerable, and public enthusiasm in its favor spreads faster than a prairie fire.

DO NOT SLIGHT YOUR TEETH.—Remember that upon their labor, the health of the stomach depends. Keep them perfect, and in order to do so, manipulate them with a brush, and use the fragrant Sassafras, once or twice a day.

WHO WILL SUFFER?—It is now 2 since Dr. Tobias' Venitlan Liniment was put before the public; warranting it to cure Rheumatism, Headache, Cuts, Burns, Bruises, Old Sores, Pains in the Limbs, Back and Chest, and it has cured scores of all Druggists. Depot 10 Park Place, New York.

FOR DYSPESIA. Indigestion, depression of spirits and general debility in their various forms, also a preventive against Fever and Ague, and other intermittent fevers. The Ferro-Phosphated Elixir of Cassaya, made by Cassell, Hazard & Co. New York, and sold by all Druggists, is the best tonic, and as a tonic for patients recovering from fever or other sickness, it has no equal.

THURSTON'S IVORY PEARL TOOTH POWDER.—The best article known for cleansing and preserving the teeth and whitening the gums. Price 25 cents per box, 50 cents per bottle. S. C. Wells & Co., New York.

CERIBSTADORO'S HAIR DYE.—This magnificent compound is beyond compare the safest and most reliable Dye in existence; never failing to impart to the Hair uniformity of color, nourishment and elasticity. Manufactured by John H. Lane, New York.

CARBOLIC SALVE unequalled as a Healing Compound. Physicians recommend it as the most wonderful remedy for various kinds of Ulcers, Burns, Scalds, John J. Henry, Sole Proprietor, 6 College Place, New York.

Risley Buchu is a reliable Diuretic and Tonic for all derangements of the urinary system. The genuine, as formerly sold by Haviland, Harral & Risley and their branches, is now prepared by H. W. Risley, the originator and Proprietor; and the trade supplied by his successors, Morgan and Risley, New York.

Swaps is Opium purified of its stinking and poisonous properties, discovered by Dr. Biglow, Professor of Botany, DePaul Medical College. A most perfect anodyne and soothing opiate. John Farr, Chemist, New York.

PRATT'S ASTRAL OIL.—More accidents occur from its use than from the combined use of steamboats and railroads combined. Over 20,000 families continue to burn Pratt's Astral Oil, and no accidents directed or induced have occurred from burning, storing or handling it. Oil House of Chas. Pratt, Established 1770, New York. T. D. Clancy & Co., Charleston, Agents for S. C.

We have frequently heard mothers say they would not be without Mrs. Winslow's Soothing Syrup, from the birth of the child until it has finished with the weething stage under any consideration whatever.

The Secret of Beauty, What is it? no longer asked, for the world of fashion, and all the ladies know that it is produced by using a delightful and harmless toilet preparation known as G. W. Lewis' "Bloom of Youth." Its beautifying effects are truly wonderful. Depot, 5 Gold St., N. Y.
