Fourth street has been widened between Tryon and Church.

A large number of new advertisements appear in the OBSERVER this morning. We direct attention to them.

Sunday was a beautiful day and most of the churches of the city were thronged with devout worshippers.

Two runaway horses dashing at a breakneck speed through Trade street, created an excitement yesterday morning.

Personal.—John D. Cameron, Esq., editor of the Hillsboro Recorder, was in this city Sunday and registered at the Central Hotel.

The Board of Aldermen met in regular session last night. We shall lay the proceedings before our readers as soon as possible.

How to Cure Corns.—A carpenter in this city has found a swift and easy way to cure corns. He placed the sharp edge of a cold chisel on his toe just behind the corn and struck it a blow with a mallet. It hurt the toe a little, to be cut, but it cured the corn.

Lovers of "the weed" can find anything to suit their tastes at the Tobacco and Cigar store of J. M. Leak & Co., opposite the Central Hotel. These gentlemen keep on hand a full supply of smoking and chewing tobacco of the best quality and their cigars are unsurpassable. Call on them.

A Good Movement.—We notice that Messrs. Graham & Nash have opened a real estate agency in this city in connection with their law office. Our section needs immigration to develop its resources, and we are glad that such reliable gentlemen, enjoying the confidence of the community, have turned their attention to it.

Gov. Vance.—The Wilmington Journal says: "We are pleased to learn that the Wilmington Library Association, of this city, have extended an invitation to Gov. Z. B. Vance to lecture before them at an early day, and that he has accepted the invitation. The time and place will be announced hereafter, and we prophesy the biggest sort of a house on the occasion."

Card of Thos. L. Vail, Esq.—Our contemporary of the Democrat in his issue of yesterday has the following:

"We direct attention to the card of Thos. L. Vail, Esq., Chairman of the Board of County Commissioners, in reply to the statements of an anonymous scribbler in the Raleigh Era. We know that the gentleman who manage our county affairs are not only good business men, but men of integrity, and who are disposed to do right without regard to what any one may say for or against them."

The card will appear tomorrow.

Death of a Good Man.—We regret to chronicle the death of Mr. E. C. Wallace, of the Sugar Creek neighborhood, in this county. At the time of his death, which occurred on Sunday afternoon last, Mr. Wallace was about 65 years of age, and had been a member of Sugar Creek Presbyterian Church for 40 years. He was a highly esteemed and influential citizen of the community in which he lived, and has been a useful man to the church and in his day and generation. Mr. Wallace was a grand-nephew of James K. Polk, at one time President of the United States.

Whiskey Seizure.—Sunday afternoon H. B. Peters, a revenue officer, accompanied by a squad of soldiers, came into Charlotte with a wagon and three horses which he had seized in Gaston county, on account of some alleged infraction of the United States laws. We have been informed by Mr. O. M. Barkley, who is himself a revenue officer, that the wagon contained two barrels, each having a small amount of liquor in it; that the barrels were properly stamped and that there was no shadow of excuse for the seizure. We, of course, know nothing whatever of the merits of this case, and only tell the tale as it was told to us.

Postponement.—The Directors of the Vue de l'Eau Company announce to the public that they deem it to the interests of the Ticket-holders, the Company, and the public generally, to postpone the Grand Gift Concert until Thursday, Feb. 20, 1873, when it will certainly take place, and the Gifts be distributed as advertised. This postponement is made necessary because many of the Agents have failed to report in time to make arrangements for the Concert, and because of the sale of tickets in the great Kentucky Library Association having interfered with the sale of tickets in the Vue de l'Eau scheme—both, unfortunately, being before the public at the same time. The public may rest assured that the Concert will take place on the day now fixed, February 20th, 1873, without fail, on the basis of the original advertisement.

Charlotte Male Academy.—This school under the management of Col. W. Beaumont Clarkson, has now, we understand, a larger number of pupils than any male school ever conducted in Charlotte before by a single, unassisted teacher. Col. Clarkson is a worthy gentleman as well as a thoroughly qualified teacher, and we are glad to learn of the flourishing condition of his school.

Important Proclamation by the President.

WASHINGTON, Jan. 17. By the President of the United States—Executive Order: WHEREAS, it has been brought to the notice of the President of the United States, that many persons, holding civil office by appointment from him, or otherwise under the constitution and laws of the United States, while holding such Federal positions, accept offices under the authority of the States and Territories in which they reside, or of municipal corporations under the charters and ordinances of such corporations, thereby assuming the duties of the State, Territorial or municipal office at the same time that they are charged with the duties of the civil office held under federal authority, And whereas, it is believed that, with few exceptions, the holding of two such offices by the same person is incompatible with a due and faithful discharge of the duties of either office; that it frequently gives rise to great inconvenience and often results in detriment to the public service, and moreover is not in harmony with the genius of the government.

In view of the premises, therefore, the President has decreed it proper thus and hereby to give this notice, that from and after the fourth day of March, A. D. 1873 except as herein specified persons holding any federal civil office by appointment under the constitution and laws of the United States, will be expected, while holding such office, not to accept or hold any office under any State or Territorial government, or under the charter or ordinances of any municipal corporation; and further, that the acceptance or continuance of any such State, Territorial or Municipal office, whether elective or by appointment, or any person holding civil office, as aforesaid, under the government of the United States, other than Judicial offices, under the constitution and laws of the United States, will be deemed a vacancy of the Federal office held by such person, and will be taken to be and treated as a resignation by such Federal officer of his commission or appointment in the service of the United States. The office of justices of the peace, of notaries public and of commissioners to take the acknowledgment of deeds, of bail, or administer oaths, shall not be deemed within the provision of this order and are excepted from its operation and may be held by federal officers.

The appointment of deputy marshals of the United States may be conferred upon Sheriffs or deputy Sheriffs, and deputy postmasters, the emoluments of whose offices do not exceed six hundred dollars per annum, are also excepted from the operations of this order, and may accept and hold appointments under State, Territorial or Municipal authority, provided the same be found not to interfere with the discharge of the duties as postmasters.

Heads of departments and other officers of the government who have the appointment of subordinate officers are required to take notice of this order and to see to the enforcement of its provisions and terms within the space of their respective departments or offices, and as relates to the several persons holding appointments under them respectively, by order of the President, (Signed) HAMILTON FISH, Secretary of State.
