Prospectus for 1873.—Sixth Year.

THE ALDINE, An Illustrated Monthly Journal, universally admitted to be the Handsomest Periodical in the World, A Representative and Champion of American Taste.

NOT FOR SALE IN BOOK STORES.

THE ALDINE, which is furnished with all the regularity, has none of the temporary or timely interest characteristic of ordinary periodicals. It is an elegant miscellany of pure, light, and graceful literature; and a collection of pictures, the rarest specimens of artistic skill in black and white. Although each succeeding number affords a fresh pleasure to its friends, the real value and beauty of THE ALDINE will be most appreciated after it has been bound up at the close of the year.

While other publications may claim superior cheapness, as compared with rivals of a similar class, THE ALDINE is a unique and original conception—alone and unapproached—absolutely without competition—alone and unapproached—absolutely without competition in price or character. The possessor of a complete volume cannot duplicate the quantity of fine paper and engravings in any other shape or number of volumes for ten times its cost; and then there are the chromes, besides!

ART DEPARTMENT.

Notwithstanding the increase in the price of subscription last year, when THE ALDINE assumed its proportions and representative character, the edition more than doubled during the past year; proving that the American public appreciate, and will support, a sincere effort in the cause of Art. The publishers, anxious to justify the ready confidence thus demonstrated, have exerted themselves to the utmost to develop and improve the work; and the plans for the coming year, as unfolded by the monthly issues, will astonish and delight even the most sanguine friends of THE ALDINE.

The publishers are authorized to announce to the many of the most eminent artists of America, that in addition, THE ALDINE will reproduce examples of the best foreign masters, selected with a view to the highest artistic success, and greatest general interest; avoiding such as have become familiar through photographs, or copies of any kind.

The quarterly plates, for 1873, will reproduce four of John S. Davis' inimitable child-sketches, appropriate to the four seasons. These plates, appearing in the issues for January, April, July and October, would be alone worth the price of a year's subscription.

The popular features of a copiously illustrated "Christmas" number will be continued.

To possess such a valuable epitome of the art world, at a cost so trifling, will command the subscriptions of thousands in every section of the country; but, as the usefulness and attraction of THE ALDINE can be enhanced, in proportion to the numerical increase of its supporters, the publishers propose to make "assurance double sure," by the following unparalleled offer:

PREMIUM CHROMES FOR 1873.

Every subscriber to THE ALDINE, who pays in advance for the year 1873, will receive, without additional charge, a pair of beautiful oil chromes, after J. H. Hill, the eminent English painter. The pictures, entitled "The Village Belle" and "Crossing the Moor," are 14x20 inches—each printed from 25 different plates, requiring 25 impressions and tints to perfect each picture. The same chromes are sold for \$30 per pair in the market. And it is the determination of its conductors to keep THE ALDINE in the van of competition in every department, the chromes will be found correspondingly ahead of any that can be offered by other periodicals. Every subscriber will receive a certificate, over the signature of the publishers, guaranteeing that the chromes delivered shall be equal to the samples furnished the agent, or the money will be refunded. The distribution of pictures of this grade, free to the subscribers to a five-dollar periodical, will mark an epoch in the history of Art, and considering the unprecedented cheapness of the chromes, will be a real acquisition.

THE ALDINE will, hereafter, be obtainable only by subscription. There will be no reduced or club rates; cash for subscriptions must be sent to the publishers direct, or handed to the local agent, with responsibility to the publishers, except in cases where the certificate is given, bearing the fac-simile signature of J. A. Serron & Co.

THE GREAT SOUTH AMERICAN JURUBEA BLOOD PURIFIER

is unequalled by any known remedy. It will eradicate, extirpate and thoroughly destroy all poisonous substances in the Blood and will effectually dispel all predisposition to bilious derangement.

"Is there want of action in your Liver & Spleen? Unless relieved the blood becomes impure by deleterious secretions, producing scrofulous or skin diseases, Boitches, Felons, Pustules, Canker, Pimples, &c."

"Have you a Dyspeptic Stomach? Unless digestion is promptly aided the system is debilitated with poverty of the Blood. Dropsical tendency, general Weakness and inertia."

"Are you weak of the Bowels? You are in danger of Chronic Diarrhoea or Inflammation of the Bowels."

"Have you weakness of the Urinary or Urinary Organs? You are exposed to suffering in its most aggravated form."

"Are you debilitated, drowsy, dull, sluggish or depressed in spirits, with headache, coated tongue and bad tasting mouth?"

For a certain remedy for all of these diseases, weaknesses and troubles; for cleansing and purifying the vitiated blood and imparting vigor to all the vital forces; for building up and restoring the weakened constitution USE

JURUBEA

which is pronounced by the leading medical authorities of London and Paris "the most powerful tonic and alterative known to the medical world." This is no new and untried discovery has been long used by the leading physicians of other countries with wonderful remedial results.

Don't weaken and impair the digestive organs by cathartics and purgatives; give only temporary relief—indigestion, flatulency and dyspepsia will still persist, and kindred diseases are sure to follow month by month.
