A Note by the Way Side.

CHESTER, S. C., Feb. 24th, 1873.

EDITOR OBSERVER:—

The interesting meeting which has been going on at the Methodist Church in this place for seven days, continues with unabated interest, the altar is crowded nightly after night, and the house filled with large congregations, made up of all denominations. The entire community seemed interested. This seemingly deep work of grace is mostly confined to young persons, and by many thought to have grown out of the death of the late Dr. E. H. Jordan, who was such a confiding friend to the young and esteemed and loved by all. The services were conducted by the Pastor, Mr. Humbert, and assisted by Rev. Walter Lloyd, Gaillard, &c.

TRAVELLER.

Wilmington, Charlotte and Rutherford Rail Road.

It is well known that suit was commenced by the parties owning the mortgage on this road, some time since in the Superior Court of this county, and that Hon. H. G. Onderdonk was appointed Receiver, pending the litigation. Yesterday evening the case was brought to a close by an agreement, and the decree of foreclosure has been signed by Judge Russell.

The following is a statement of the bonded debt and accrued interest up to and including the first day of the present term of Court:

First series bonds No. 1 to 1,500, 1,000 each at 8 per ct. interest	$1,500,000
Second series No. 1 to 1,000, same amount and interest	1,000,000
Total principal	$2,500,000
Interest on first series from July 1st, 1871, to January 27th, 1873, at 8 per ct.	189,000
Interest on second series from July 11, 1871, to January 27, 1873, at 8 per ct.	126,000
Total interest	315,000
Total indebtedness due	$2,815,000

There were due on prior liens:

To A. R. Holt	$ 300
To R. E. Harvey	3,140
Coll. B. Grainger	29,500
Total prior liens	$32,940

On this report the settlement is to be made.

THE DECREE

provides that E. E. Burruss, C. M. Stedman and John D. Taylor shall be appointed Referees to advertise and sell the road under certain conditions. It authorizes them to receive the bonds of the road mentioned in the above statement from the purchaser upon the following terms: "The said purchaser or purchasers will be required to pay at once in cash in lawful money of the United States, the sum of forty thousand ($40,000) dollars in order to defray the cash demand upon the fund, the costs charges and expenses of this action and the claims herein recited, and after said cash payment shall have been made as aforesaid, the remainder of the amount of the purchase money may be paid by said purchaser or purchasers in the said mortgage bonds; said bonds to be accepted by the referees in such proportion to the par value of said bonds as the amount of said remainder of said purchase money bears to the whole amount of said bonds; that is to say, that as the said $2,500 bonds are to be paid pro rata out of the said remainder of said purchase money, any of the said bonds may be accepted by the referees, of the purchaser of purchasers as a payment at that rate and to that amount; Provided, that the same rateable proportion of cash be paid in by the purchaser or purchasers for all the said mortgage bonds not in the hands of and not offered in payment by said purchaser or purchasers."

The Referees are then empowered upon proper conditions to make a deed of the property to the purchasers.

Now that a glimpse of daylight is visible, it is to be hoped that Judge Onderdonk and his friends will purchase and push this road though to Charlotte at an early day. On it depends in a great measure the future prosperity of Wilmington, and its progress is, therefore, watched with all absorbing interest. We shall certainly rejoice when the Charlotteese come down over this road to visit us, and we hope the day is not far distant when we shall witness such a scene. The road has been through the fire and we hope it has seen its worst day. Now let it arise from its ashes and be a live corporation among men.—*Post.*

While a dress dish plate of Smith & Moore's pickled oysters was yesterday disappearing before the combined attack of two gentlemen from the country, one of them remarked with astounding indifference to his companion, "Tony Tom, old hearty, who cares for expense?" Tom fell upon his bosom and murmured "—real."

HAMPDEN SIDNEY COLLEGE.—The land on which the college stands was deeded by Peter Johnson on April 20, 1775, for the use of an academy of learning." The 20th of April, 1875, will, therefore, be the centennial of its foundation. We hope that this date will be remembered and worthily commemorated by the old and true friends of the college. If great usefulness in the past is any claim upon our generosity, Hampden Sidney possesses that claim. During the whole history of our separate existence as a nation, it has been doing a noble work for the country and the Church. In the fervor of revolutionary patriotism, it was named after two of the greatest of Englishmen. It has not dishonored its name. It has ever been faithful to its work. In days of darkness and poverty, it has never become discouraged. In thoroughness of scholarship, it has few superiors in the land. It has supplied to the South a great number of well-trained ministers and laymen.

Virginia Baptists have raised $300,000 for Richmond College to celebrate the semi-cennial of the formation of their State Association. We propose that the Presbyterians of the Synod of Virginia raise at least $160,000 as a centennial gift to Hampden Sidney College, the only Virginia College south of the James river, and restore full vigor to her.—*Christian Observer.*

Alabama Legislature.

MONTGOMERY, Feb. 21.—The House has passed a bill authorizing the Governor to issue a million and a half of bonds to pay the outstanding liabilities, including the past due interest. Only one negative vote, and that was cast by Millen, the colored representative from Russell county.

A bill also passed both Houses, and was approved by the Governor, increasing the rate of taxation to 50 per cent.

Judge Busteed, of the United States District Court, reconsidered the order postponing the preliminary investigation of the charge against Speaker Parsons and Representative Williams of the House, of conspiracy to prevent legislators from votang for U. S. Senator on the day fixed by law, and notified defendants he would proceed at once to holding a Court each day after adjournment of the House for hearing testimony.

Spain.

LONDON, February 22.—Madrid advices report that the Carlists are gaining strength in their collisions at Barcelona and other cities.

The Minister of Justice has prepared a bill abolishing capital punishment. The Minister of Foreign Affairs and Finance made a statement in the Cortes to-day tending to allay apprehensions of Carlist revolutionary movements. The Ministry propose to apply ten millions reals from the war fund for the purchase of improved small arms. The Government will punish all excesses by the Revolutionists. The bill for abolishing slavery in Porto Rico drags.

"Little Church Around the Corner."

NEW YORK, Feb. 21.—The funeral of the late A. W. Femio, an actor, took place to-day from the "Little Church around the Corner." The services were performed by the Rev. Mr. Houghton. Notwithstanding the inclement weather, a large number of persons were present, including many professionals. His remains were sent to Boston for interment.

LABELS ON CIGAR BOXES.—In reply to inquiries made by cigar manufacturers relative to the marks, brands, labels, &c., required to be placed on cigar boxes, the Commissioner of Internal Revenue replies that having branded upon each box such marks, &c., as the law prescribes, and done it in the manner prescribed in the law the manufacturer has the right, and it is his privilege, to add such other marks, brands, etc., of his own as he choses; provided always, such additional marks, etc., are so affixed and attached as not to obscure, deface, obliterate, or confound the marks, brands, labels etc., which the law requires to appear on such boxes.

There exists in the South Carolina Legislature a regular organized band of stragglers—members of one or both Houses who have united themselves together for the purpose, whenever possible, of making money out of every bill that may be introduced in the House or Senate. These plunderers meet and deliberately discuss measures and lay their plans in order to set the price upon such legislation as they may have it in their power to pass or to defeat. This reveals a pretty state of affairs.

On last Thursday, about two miles from Mt. Airy, the *Visitor* informs us, Joe Doss, col., killed a motherless child of Sandy Davis, col. Doss' wife testified that her husband treated the child unmercifully in many ways, and that the fatal blow was given by Doss taking the child by the feet and striking its head against the hearth.—*Goldsboro Messenger.*

Much damage is apprehended if the freshet in the Cape Fear River should increase. At last accounts the river at Fayetteville had risen 20 feet, and a good deal of stock had been drowned.

At a meeting of the Wilmington Building Association, held Wednesday night, 30 of shares stock were redeemed at $155 per share.

Paul H. Hayne has taken charge of the literary department of the Rome (Ga.) *Courier.*

That man only is truly brave who fears nothing so much as committing a mean action, and undauntedly fulfills his duty whatever be the dangers which impede his way.

An Easy Way to Health.

The appetite is generally keener in winter than in summer, but the same low temperature which begets an increased desire for food is apt to decrease the ability of the stomach to digest it. The most aggravated cases of acute dyspepsia occur at this season, and the best, in fact, the only way to control and cure them, is to stimulate and tone the stomach and invigorate and regulate the secretive and discharging organs. To do this promptly, safely, and thoroughly (without involving any change in the ordinary habits of the invalid) a course of Hostetter's Stomach Bitters will be necessary. In order to accomplish a radical cure of indigestion, it is not enough to influence the organs of digestion. The liver, the intestines, the circulation, every organ and every secretion concerned in the work of assimilating the food and in carrying off the waste matter of the system, must be brought into a natural condition. Upon all these portions of the living machinery, the great vegetable medicine, which stands at the head of all modern restoratives, acts powerfully and beneficially. The feeble should take at least one dose daily at all seasons of the year; and it may be taken with great benefit twice a day by all who are predisposed to dyspepsia, biliousness, or nervous attacks. Ladies will find it a very present help in the latter class of complaints, and indeed [illegible] to the sex.

A Word Never Before Published to the World.

In regions where Liver complaint and Bilious diseases prevail to so great an extent, there has long been felt the need of a medicine that would act specifically on the Liver, restoring it to its normal functions, and at the same time be safe from other effects, and yet so simple that it may be used by any one. It is now admitted by all that Dr. TUTT'S VEGETABLE LIVER PILLS supply [illegible]. They are now prescribed by the most eminent Physicians throughout the whole South.

Dr. Tutt's Sarsaparilla.

The properties of this elegant preparation are, demulcent, nutritive, balsamic, healing and soothing. It braces the nervous system and produces pleasant and refreshing sleep. It [illegible] relieves gloominess and depression.—It is the most valuable Lung Balsam ever offered to sufferers from Pulmonary disease.
