In all cases of irritation of the mucous membrane these TABLETS should be freely used, their cleansing and healing properties are astonishing.

Do not neglect a cold, it is easily cured in its incipient, when it becomes chronic the cure is exceedingly difficult, use Wells' Carbolic Tablets as a specific. Price 25c. per Box. John Q. Kellogg, 18 Platt St., N. Y., Sole Agent, for the United States. Send for Circular.

PROSPECTUS FOR 1873.—SIXTH YEAR.

THE ALDINE.
An Illustrated Monthly Journal, containing selected to the World. A Representative and Champion of American Taste.

NOT FOR SALE IN BOOK STORES.

THE ALDINE is issued with all the regularity, has none of the temporary or merely interest characteristic of ordinary periodicals. It is an elegant miscellany of pure, light, and graceful literature; and a collection of pictures, the rarest specimens of artistic skill in black and white. Although each succeeding number affords a fresh pleasure to its friends, the real value and beauty of **THE ALDINE** will be most appreciated after it has been bound up at the close of the year.

While other publications may claim superior cheapness, as compared with rivals of a similar class, **THE ALDINE** is a unique and original conception—alone and unapproached—absolutely without competition and without competitor of any character. The possessor of a complete volume can not duplicate the quantity of fine paper and engravings in any other shape or number of volumes for ten times its cost; and then, there are the chromos, besides!

ART DEPARTMENT.
Notwithstanding the increase in the price of subscription last Fall, when **THE ALDINE** assumed its proportions and represented its character, the edition more than doubled during the past year; proving that the American public are not only willing to support a sincere effort in the cause of Art, but anxious to justify the ready confidence thus demonstrated, have exerted themselves to the utmost
