Runaway.-Yesterday morning quite excitement was created by the running ray of a horse, the property of J. W. adsworth. The horse had been hired by m. Eagle, Esq., at the time of the runay was driven by Mr. Wm. Robinson. hile driving by the residence of C. H. ms, Esq, and near the Baptist Church, one e of the shafts became detached from the cle-tree of the spring wagon. The horse ecame frightened and started off at a breakeck speed, throwing Mr. Robinson headremost to the ground. One of the wheels ssed over his shoulder, hip and aukle, ruising him somewhat. A boy who was the wagon at the time got out-he don't now how-without receiving an injury. The horse having disengaged himself entirely from the wagon, entered Trade street, and started up the pavement at a fearful speed. He kept the pavement until he reached the grocery store of A. H. Creswell, (corner of Trade and Church) into the door of he which he rushed. After upsetting a few barrels of sweet potatoes, and breaking up a couple of water buckets, he was seized and held by a colored man. The damage done is insignificant. The cene was an exciting one, and much en-

An important Consideration.

R. TUTT'S LIVER PILLS are purely table, and are adapted to young and male and female, and may be taken at all times, without restraint of occupation, without change of living, without diet, and without the fear of taking cold, during all kinds of weather and in all climates.

A Beautiful Complexion,

When the Blood is impure the skin presents an unclean, rough and sallow appearance, often accompanied by blotches, pimples, &c. It is a foul corruption generated in the blood which nature strives to throw QUEEN'S DELIGHT act directly on the depuratory organs, of which the skin is one. By its use the skin is rendered soft, smooth, and roseate, and the whole system renovated.

The Laws of Health.

It is useless for State Legislatures to pass laws for the preservation of the public health, if the great law of self-preservation which depends for its enforcement upon the will of the individual, is suffered to remain a dead letter. There is scarcely an adult member of the community, of either sex, in this country, who has not seen the testimony in favor of Hostetter's Stomach Bitters, furnished over their own signatures by persons of acknowledged eminence in science, literature, art, commerce, and every department of business and professiona! life. These witnesses have declared in the most explicit terms that the prepara-tion is a safeguard against epidemics, sovereign remedy for dyspepsia, a valuabla anti-bifious medicine, a promoter of appee tite, a genial and harmless stimulant, a good acclimating medicine, a strengthener of the nerves, a general invigorant, a pro-tection against the deleterious effects of malaria and impure water, and that it imparts a degree of vigor and activity to the vital forces which is not communicated by preservative law of nature should teach ev ery rational person who, either by reason of inherent debility or in consequence of exposure to unwholesome influences, is in peril of losing the greatest of all temporal blessings, health, the importance of using the Bitters as a Defensive medicine. Dyspeptics who neglect to give it a trial are simply their own enemics. It is guaran and the billows and nervous will find nothing in the whole range of official and proprietary medicines which will afford them the same relief.

TO MERCHANTS. THE great aim of our House, since its

1 establishment, has been to make Charlotte a wholesale Mart, and ours THE HOUSE, and to conduct our business so as to out row the alleged and even accepted opinion of some that there is a kind of obloquy attached to them for buying in Charlotte; and having, by the very great increase of our business, (since we removed to our new and elegant Store,) been convinced that we have partially succeeded in our cherished plan, we have concluded to endeavor to still further eradicate the erroncous idea, by presenting, this coming season to the Trade, a still Larger and better assorted Stock than even we ever offered before, so that Country Merchants will be able to find in our house not only all be needs but a very large stock to select from; thereby being enabled to operate with a nuch smaller capital than he can by buying in different houses North, where he must necessarily buy more goods than

he actually needs in order to have an assortment. In view of the foregoing, Mr. Rintels left on the 27th January, (much earlier than usual,) for Northern Markets and Manufacturing places, where he will remain two months in making our purchases, buying everything from first hands on the same terms as any Jobbing House in Baltimore, Philadelphia or New York; and he assortment when thus completed will foot up in amount to upwards of Two Hundred Thousand Dollars.

The expenses attached to carrying on a business here being much less than it would be in Northern Cities, and having a a position to successfully compete with any Jobbing House in the United States,

We are pleased to state to those unacquainted with our House, that we keep complete lines of Dry Goods, Groceries, Hardware, Clothing, Boots and Shoes, Notions, and even Millinery. Our Retail Department is complete, with the latest Novelties, and in bulk second to

none in the City. Our Millinery Department will be carried on as usual. Very Respectfully, WITTKOWSKY & RINTELS.
