

Local Affairs.

U.S. P. CALDWELL, Local Editor.

Thursday, April 17, 1873.

Notice.

Mr. JOHN M. GEORGE, who for several years has been connected with the Observer office, has taken charge of the City List of the Observer, and will hereafter print the delivery of the daily.

He will give the city circulation his close and regular attention, and he invites complaints from all subscribers when their papers do not reach them regularly and in due time.

He is authorized to collect subscription, advertisement, job or any accounts of the Observer, and to give receipts for the same. He will call in person upon the friends and patrons of the Observer, and the citizens generally, to receive and attend to their orders for subscription, advertising, job work, &c.

Notice.—The congregation of St. Peter's (E.) Church are requested to meet at the Church at 8 o'clock, Friday evening. Important matters are to be considered, and a full attendance is earnestly desired.

Died Away from Home.—Mrs. J. H. Bugbee, a lady of Providence, R. I., died of consumption in this place yesterday morning at 4 o'clock. She and her husband had been on a Southern trip, in the hope of improving her health, and returning had stopped at the Charlotte Hotel on the 22nd of March. The afflicted lady had been removed to the residence of Mrs. Sarah Young, where every kindness was bestowed upon her until she breathed her last yesterday morning.

The remains of Mrs. Bugbee were placed on the Northern bound train yesterday afternoon, to be carried to her late home in Providence.

Magistrate's Court.—The case of the State vs. Josephine Hammond, col., for assaulting and beating one Mary Jane Sparks, a white cyprian, who had accused the gentle Josephine of picking up various little articles to which she had no legal right or title, was tried yesterday before Justice Martin. Josephine got her back up on account of these charges and went for Mary Jane, beating her and choking her until her tongue hung out. Miss Josephine was found guilty and fined. In default of the means wherewithal to pay the aforesaid fine, she went to jail for the space of twenty-four hours.

Memorial Address.—An article appeared yesterday in our Personal Intelligence, stating that Col. H. C. Jones, of this city, will deliver the Memorial Address on the 10th of May. It should have been stated that he would deliver the address in Moranton on that occasion; as it was written, the impression would be made on one's mind, that Col. Jones was expected to deliver the address in Charlotte, whereas Gov. Vance will be the orator of the day here.

Change.—The night for holding the Convention to nominate a Mayor, has been changed from Thursday 24th, to Friday 25th. This change is made because Thursday night of each week is the time of the meeting of the Lodge of Good Templars.

See how they go for us. The following is from the Kinston Gazette: "Charlotte has a live wild cat and Caldwell of the Observer goes around to see it every day. It is kept in one of what Ramsey and Whitaker call 'blue light lodges.'"

Correction.—In our notice of the curious pigeon a few days ago, we spoke of the pigeon as having been born. A lady has kindly furnished us with the information that such "birds" are usually hatched. We stand corrected.

The Wheat Crop.—The wheat crop throughout the country has improved very much in appearance within the past week or two, and the farmers are very much encouraged at the present prospect.

Postponed.—Lincoln Court, which was to have convened next week, has been postponed for one week, and will convene on Monday, 28th inst.

Bonnets.—The bonnets that are to be worn during the coming season are wonderfully and fearfully made. They are not bonnets, but merely round hats with strings.

Personal.—E. B. Drake, Esq., editor of the Statesville American, was in town yesterday. He stopped at the Charlotte Hotel.

In accordance with request, we announce the fact that the weather yesterday was a good deal cooler than it had been for several days previous.

Theatre-goers and legislator will doubtless welcome the news that a machine has been invented for shelling peanuts.

Small boys delight themselves with spinning tops. Shiny seems to have played itself out.

There were no cases for trial before the Mayor yesterday morning.

A drove of splendid mules arrived in this place yesterday afternoon.

Maj. Reuben Wilson was in Charlotte yesterday.

MARRIED.

In the Presbyterian Church in Statesville, on Tuesday the 15th inst., by Rev. W. A. Wood, Mr. Theo. F. Klutz, of Salisbury, and Miss Sallie C. Caldwell, of Statesville.

At the residence of the bride's father in this city, on yesterday afternoon, (16th,) by Rev. B. S. Bronson, Mr. A. H. Hammond and Miss Blanche, daughter of Dr. M. M. Orr.

The Grand Secret of Beauty

Is Health. The secret of health is the power to eat, digest, and assimilate a proper quantity of wholesome food. This can never be the case while impurities exist in the system. Every organ must perform its functions, naturally, or the whole organism is deranged. The blood must be purified; it is the vital principle, running through every part of the body, and when it becomes impure, its effects are shown on the weaker organs. Dr. Tuttle's Sarsaparilla and Queen's Delight expels all impurities and vitalizes the whole system.

Vegetable Calomel.

The substances composing Dr. Tuttle's Liver Pills are derived from the Vegetable Kingdom, and are particularly designed to act with gentleness and thoroughness upon the Stomach, Bowels, Liver and Genito-Uterine. They produce one or two easy passages a day, without any purging or griping. They contain no drastic element.

For Inflammatory and Chronic Rheumatism,

Gout, Dyspepsia, Biliary, Remittent and Intermittent Fevers, Diseases of the Blood, Liver Kidneys and Bladder. Dr. Tuttle's Sarsaparilla and Queen's Delight has been most successful. These diseases are the result of vitiated Blood. As a Blood Purifier this preparation has no equal. It is purely Vegetable.

Never too Late to Mend.

When the stomach is in a state of chronic rebellion against every kind of food, and the attending physician with solemn and pious gravity declares that such cases of confirmed dyspepsia defy all remedies, do not put faith in his *ipse dixit*. Indigestion of this obstinate character may be incurable by his prescriptions, but it is not there an irremovable fixture in the system. The fact is that the great vegetable invigorant and corrective, Hostetter's Stomach Bitters, is radically curing cases of this seemingly desperate nature every day. Indeed it is in those malignant phases of dyspepsia which no ordinary medicine can control that its remedial properties are most wonderfully manifested. We say to the long-suffering martyr, whose stomach is a source of perpetual torment to him, that by the persistent and daily use of this glorious tonic, he can not only restore the digestive organs to their full vigor, but can keep them in good working order through life. If there is constipation the general aperient operation of the Bitters will remove all obstructions and keep the bowels in a regular and healthy condition. The grand characteristic of this vitalizing and purifying vegetable preparation is that it acts beneficially upon every organ, controlling the liver, reinforcing the nerves, toning the coats of the stomach, promoting a healthy habit of body, relieving the blood of all impurities, clearing the brain and reviving the spirits.

Collapse of the Nerves.

There is nothing more disheartening than nervous debility. In extreme cases of this class the sufferers do not care whether they live or die. A feeling of hopelessness comes over them, and in some instances where the threatening symptoms are not met by prompt and proper treatment, lunacy or idiocy ensues. Yet nervous debility is not a dangerous complaint if wisely dealt with. A medicated stimulant is the remedy needed, and in Hostetter's Stomach Bitters this specific for the complaint is presented in its purest and most potent form. Nervous disease is usually complicated with other ailments. It frequently involves biliousness, constipation, irregularities of the bowels, indigestion, and great mental depression. In the spring of the year, owing to the effect of chilling fogs, searching winds and other unhealthy atmospheric phenomena, upon the external nerves, persons who are subject to nervous affections often suffer acute distress, both of body and mind, from this cause. It is, therefore, advisable for all who are liable to these troubles, and for the other bodily ills above mentioned, which so frequently accompany them, to commence the regular use of Hostetter's Bitters early in the season. The severe nervous and bilious attacks, with which they might otherwise be visited, can by this means be certainly avoided. As a nerve, gentle aperient and anti-bilious medicine, the Bitters have no equal. Use Dooley's Yeast Powder if you relish light, sweet, wholesome Biscuits, Rolls, Pastry, &c. Your grocer sells it. Full weight and strength.

AUCTION SALE.

Desirable Phosphate Fertilizer or other Factor Site, Mills, Machinery, &c., &c.

The undersigned will offer for sale, in Charlotte, at Public Auction, at the east end of Broad-street, on THURSDAY, the 17th day of April next, at 11 o'clock A. M.

The ENTIRE WORKS recently erected by the Farmers' Fertilizer Company of South Carolina, situated less than a half mile beyond the corporate limits of the City of Charlotte.

This consists of a new eighty-horse power Engine in complete preservation, in brick engine house. The Machinery, such as Elevator, Crushers, Grinders, Mixer, Shattering, &c. &c., is built in a substantial three-story tin roof house, of 45 by 80 feet in size. The tract consists of five acres of high, and seventeen of low land, having good outlets in the fee simple of a twenty foot plank road, and a graded road-bed for railway on one side, and a fine wharf on Ashly River on its other or Western side. It adjoins and connects by means of these roads with the South Carolina and the Northeastern Railroads, and is thus in prompt communication with the interior of this State and of the Southern and Southwestern States.

This presents a rare opportunity to capitalists for the inception of any Fertilizer or other manufacturing enterprise, with a first-class site, and the best of machinery easily adapted to any purpose. For further particulars, apply in person or by mail to J. DRAYTON FORD, Real Estate Broker, No. 33 Broad street, Charlotte, S. C. March 25 etud
