Examine the Books. When the Convention to nominate city officers meets on Friday night, let a committee of citizens (not connected with the present board) be appointed to make an examination as to how the financial affairs of the city have been managed; see who have paid taxes and how the Tax Collector has discharged his duty in collecting taxes; report the real debt of the city and any other information they may think of interest to tax payers. If such men as S. P. port. Alexander, J. S. Phillips and C. J. Fox be appointed to make the examination, it is believed all parties will be satisfied and the blame, if any, be rightly placed. It is difficult to learn the amount of city indebtedness, and there is certainly too much

SCRIBNER'S FOR MAY .- "The Insanity of Cain" is the suggestive title of the most remarkable article in the May number of Scribner's, and one which is destined to attract wide attention. In the way of pictorial papers, there is a weird little poemby Miss Maria R. Oakey, with a decoration by the author; Mr. Rhodes' article on Gavarni, the John Leech of France, illustrated by some of the best engravings that have lately been made in America; Stanley's paper on Four Great African Travelers, with a number of lively illustrations, d from them committees be appointed to means of pen and picture, a good idea of the situation in that unfortunate island. Miss Ledyard's designs accompanying Mrs. Walker's amusing story are very bright, and the Japanese pictures in the Etchings are as funny as the letterpress descriptions. We find a fine critical paper on Walter Savage Landor, by Edmund C. Stedman; also some timely hints on The California Journey, by Susan Cooledge; an interesting account of the Civil Service Reform; the last part of Saxe Holm's story, The Elder's Wife; a bright little sketch by Kate W. Hamilton; called A Novel Spoiled; the continuation of Dr. Holland's story, Arthur Bonnicastle; poems and translations by J T Trowbridge, Geo McDonald, Thomas Dunn English, and others. Dr. Holland's Topics of the Time are entitled Thou Shall Kill, Mitigating Circumstances, Cruelty to Men and Women, and Civil Service Reform. The Old Cabinet contains Reckless Moments; and a couple of sonnets in the Italian manner. Physicians all Admit

That Quinine only effects a temporary suspension of the attacks of Fever and Ague unless its use is accompanied by a reliable anti-bilious Medicine. The testimony of grateful thousands es-

tablishes beyond a doubt, that DR. TUTT'S LIVER PILLS, followed by Quinine, is a positive and permanent cure for Chilis and Fever and all Bilious diseases.

Common Sense.

Our bodies need repairing and strengthening as much as the houses we live in. Constant use gradually wears them out, and we must renew them when they exhibit singns of decay. In DR. TUTT,S LIVER PILLS, the dyspesptic, the bilious, the debilitated, and the nervous will find the most genial restorative ever offeredto the suffering invalid.

Dyspepsia or Indigestion.

Headache, Pain in the Shoulders, Dizziness, Sour Flinctations of the Stomach. Bad Taste in the Mounth, Bslious Attacks, Palpitation of the Heart, Pain in the reion of the Kidneys, Tightness of the Chest, Despondency and Gloom, and Forbodings of Evil, are all the offsprings of Dyspepsia. For these complaints DR. TUTT'S LIV-ER PILLS has no equal. A single dose will convince any one.

Spring in the Clearings.

In newly cleared regions of country, spring is always an unhealthy scason. The virgin soil, enriched by decomposed vegetable matter, sends up, when first bared to he sunshine, volumns of miasmatic vapor that generates every variety of intermittent and remittent fever. All low laying, swampy districts, the deltas of rivers. the praries, the salt - narshes on the coast, the bayous of the Gulf States, and the shores of the northern lakes are also visited at this season by malarious epidemics that prostrate no inconsiderable number for of their inhabitnts. This ought not to be, it can easily be prevented. No fact, in medical history is better established than the fact that Hostetter's Stomach Bitters will avert every species of malarious dts-order. A course of this standard tonic and alterative commenced in advance of the unhealthy season and continued regularly until its close, will prove an absolute pro-tection against chills and fever, bilious remutent fever and other complaints of a periodical type, as well as against the dis-turbances in the digestive organs and bowels, so common at this period of the year. As a remedy for dyspepsia, biliousness, liver disease, nervous disorders, physical weakness, rhenniatism, melancholy, hysweakness, rhenniatism, melancholy, hysteria, and ailments to which the weaker square. Also a good Dwelling with 3 sex are exclusively subject, Hostetter's rooms, on the rear of the same lot. Ap-Bitters has no competitor at home or ply at once to I. H. McGINN. abroad.

CARD

TO MERCHANTS.

THE great aim of our House, since its L establishment, has been to make Charlotte a wholesale Mart, and ours THE HOUSTON'S PROLIFIC COTTON HOUSE, and to conduct our business so as to outgrow the alleged and even accepted opinion of some that there is a kind of obloquy attached to them for buying in Charlotte; and having, by the very great increase of our business, (since we removed to our new and elegant Store,) been goods as well as prices. convinced that we have partially succeeded in our cherished plan, we have concluded | rext door to McMurray & Davis. to endeavor to still further cradicate the erroneous idea, by presenting, this conting season to the Trade, a still Larger and better assorted Stock than even we ever offered before, so that Country Merchants will be able to find in our house not only all he needs but a very large stock to select from; thereby being enabled to operate with a much smaller capital than he can by buying in different houses North, where he must necessarily buy more goods than he actually needs in order to have an assortment.

In view of the foregoing, Mr. Rintels left on the 27th January, (much earlier than usual,) for Northern Markets and Manufacturing places, where he will remain two months in making our purchases, buying everything from first hands on the FAMILY FAVORITE, same terms as any Jobbing House in Bal-timore, Philadelphia or New York; and the assortment when thus completed will foot up in amount to upwards of Two Hundred Thousand Dollars.

The expenses attached to carrying on a business here being much less than it would be in Northern Cities and having a lower rate of freight than smaller shippers here, brings the fact patent that, we are in a position to successfully compete with any Jobbing House in the United States, and to the inspection of which we invite the Trade.

We are pleased to state to those unacquainted with our House, that we keep complete lines of Dry Goods, Groceries, Hardware. Clothing, Boots and Shoes, Notions, and even Millinery. Our Retail Department is complete, with the latest Novelties, and in bulk second to

none in the City. Our Millinery Department will be carried on as usual. Very Respectfully.
