MR. Epiron: Please allow us to sugges through your columns, the following named gentlemen for Aldermen in Ward No. 3. viz: C. W. Bradshaw, W. Boyd. J. F. Butt. We believe the above named gentlemen will be in favor of an economical administration of city affairs, and just to all classes of citizens

MANY VOTERS FROM BOTH PARTIES.

[COMMUNICATED.] Mr. W. F. Davidson's Views,

I thank thee friend Jones for the opportunity afforded me by your editorial in the Sunday morning's Osserver, of explaining my position, and setting myself right upon the Convention question.

Sometime about the first of March, be fore publishing my card to the citizens of Charlotte, I ascertained from a leading member of the Republican party, a gentleman in whom I had the fullest confidence, that no one of their party who could hold the office of Mayor, wanted it, and that they were not going to run a candidate; that the field was open. I then circulated my card, which you saw, among our citizens, announcing myself as a candidatefor Mayor. In that card I asked the people in the free exercise of their own opinions for the office, untrammelled by dictation from any quarter, for I never did believe that these self-constituted conventions (controled as they always are by a few men) reflected the sentiments of a majority of the ple, or even a majority of the party they pretended to represent, and only served to force men into office, that could not command a majority of the party, any other way, than under the party lash. There being no prospect of a Republican

candidate in the field, I came out long in advance of any convention, as I had a right to do. In fact a large number of our Conservative citizens were opposed to have per line. paibac i-down! now ing a convention, and did not attend it.

If the office was seeking me, as it used to do its occupants, when conventions were first instituted, I should have let it found me through a convention. But as I am seeking the office, I prefer to go to the fountain head and ask the people for it. Let them decide it at the ballot-box.

I did not announce myself in opposition to the convention, nor to the present Mayor, for I did not know that he was going to be a candidate for re-election, as he had already held the office two terms and nearly a half, which according to the old party rule was considered long enough for one man to hold office; rotation in office being the motto of both the old Whig and Demothe motto of both the old Whig and Demo cratic parties; and a monopoly in office being hateful to a free people commit

Very respectfully, W. F. DAVIDSON. April 28th, 1873.

[COMMUNICATED.] People's Caudidate for Mayor.

MR. EDITOR :-It seems to be the wish of a large number of our citizens that W. F. Davidson should be our next Mayor. He is an old citizen of Charlotte and we think his selection would afford general satisfaction to the community. We therefore announce him as the People's Candidate for Mayor, THE PEOPLE.

FOR SPRING. TO MERCHANTS. THE great aim of our House, since its establishment, has been to make Charlotte a wholesale Mart, and ours THE HOUSE, and to conduct our business so as to outgrow the alleged and even accepted opinion of some that there is a kind of bloquy attached to them for buying in Charlotte; and having, by the very great ncrease of our business, (since we removed to our new and elegant Store,) been convinced that we have partially succeeded in our cherished plan, we have concluded to endeavor to still further eradicate the erroncous idea, by presenting, this coming season to the Trade, a still Larger and better assorted Stock then better assorted Stock than eyen we ever offered before, so that Country Merchants will be able to find in our house not only all he needs but a very large stock to select from; thereby being enabled to operate with a much smaller capital than he can by buying in different houses North, where

he must necessarily buy more goods than he actually needs in order to have an assortment. In view of the foregoing, Mr. Rintels left on the 27th January, (much earlier than usual,) for Northern Markets and Manufacturing places, where he will remain two months in making our purchases, buying everything from first hands on the DEALERS in dry goods, Hats, Caps, same terms as any Jobbing House in Baltimore, Boots and Shoes, &c., solicits calls timore, Philadelphia or New York; and from his friends who need anything in the the assortment when thus completed will feet up in amount to upwards of Two

Hundred Thousand Dollars. The expenses attached to carrying on a business here being much less than it would be in Northern Cities and having a lower rate of treight than smaller shippers here, brings the fact patent that, we are in a position to successfully compete with any Jobbing House in the United States, and to the inspection of which we invite the Trade.

We are pleased to state to those unacquainted with our House, that we keep complete lines of Dry Goods, Groceries, Hardware, Clothing, Boots and Shoes, Notions, and even Millinery. Our Retail Department is complete, with the latest Novelties, and in bulk second to

none in the City.

Our Millinery Department will be carried on as usual. Very Respectfully,
