OUR LIVING AND OUR DEAD:

Under the above title I propose to publish first in newspaper, and subsequently in book form, a series of articles giving the war record of North Carolina from the election of Lincoln in Nov., 1860, to the close of the war between the States in May 1865. My plan embraces three divisions: 1st. Accounts of each skirmish and bat- peculiar to the female constitution, and tle on the soil, or upon the waters of North as an appetizer, a tonic and a general re-

2nd. Accounts of every battle fought during the war on the soil of any State, in which any of the troops of North Carolina took part—especial care being taken to show what those troops did and suffered in each of those battles, and what glory and renown our officers and men fairly

3rd. * A Southern Chart for all time."

An explanation of the third division of

the proposed plan will be submitted at a

That I may accomplish this arduous, but pleasing self-imposed work, I mvoke the aid of all my brother soldiers, and ask them to furnish me material which can be arranged and digested so as to form a com-plete record of the heroic deeds of the sons of North Carolina upon the battle fields of the Confederacy; and especially do ask all who can write to furnish me details of every battle in which they participated, and

the part borne by their immediate commands. The time may not have come to write this portion of North Carolina's History; but it has come to collect material and arrange it for the use of the future historian. The living actors will soon pass away, and much valuable information, unless gath ered now, will be lost forever. Hence, after waiting for several years for some one more competent to undertake the task, I have determined to devote the remaining years of my life to this labor of love. vield to none in love for my native State. or in admiration for the gallant men who

have shed imperishable glory upon her. I prefer to give these accounts first in newspaper form, in order that omissions and errors, if any occur, may be pointed out and corrected before the work shall pass into more enduring form which it will assume, should it prove what I desire to make it, a valuable acquisition to the war

record of the South. Several prominent actors in the war have already promised their co-operation and the valuable aid of their pens to lessen my labors and to make the work complete, and I hope to enlist an army of valuable aid of their pens to lessen my labors and to make the work complete, and I hope to enlist an army of valuable co-laborers in the good cause as readily as did North Carolina enlist her sous to fight the battles of the "Lost Cause."

General officers from other States, who commanded North Carolina troops, are respectfully asked to give me all the infor-mation in their possession, relative to the conduct and bearing of those troops.

In endeavoring to do justice to the soldiers of my native State, I certainly shall most carefully abstain from doing injus-

tice to those from any other. My brethren of the press will confer a favor by giving the whole, or such part of this Prospectus as they may deem proper, one or more insertions, calling attention
