OUR LIVING AND OUR DEAD;

Testimony From the Battle-Fields. Under the above title I propose to publish first in newspaper, and subsequently in book form, a series of articles giving the war record of North Carolina from the election of Lincoln in Nov., 1860, to the close of the war between the States in May 1st. Accounts of each skirmish and battle on the soil, or upon the waters of North

An explanation of the third division of the proposed plan will be submitted at a later day.

That I may accomplish this arduous, but pleasing self-imposed work, I myoke the aid of all my brother soldiers, and ask them to furnish me material which can be arranged and digested so as to form a complete record of the heroic deeds of the sons of North Carolina upon the battle fields of Just received a lot of select Spices for who can write to furnish me details of every battle in which they participated, and the part borne by their immediate com-

The time may not have come to write this portion of North Carolina's History : but it has come to collect material and arrange it for the use of the future historian. The living actors will soon pass away, and much valuable information, unless gath ered now, will be lost forever. Hence, after waiting for several years for some one more competent to undertake the task, I have determined to devote the remaining years of my life to this labor of love. yield to none in love for my native State, or in admiration for the gallant men who

have shed imperishable glory upon her. I prefer to give these accounts first in newspaper form, in order that omissions and errors, if any occur, may be pointed out and corrected before the work shall pass into more enduring form which it will assume, should it prove what I desire to make it, a valuable acquisition to the war record of the South.

Several prominent actors in the war have already promised their co-operation and the valuable aid of their pens to lessen my labors and to make the work complete. and I hope to enlist an army of valuable aid of their pens to lessen my labors and to make the work complete, and I hope to enlist an army of valuable co-laborers in the good cause as readily as did North Carolina enlist her sons to fight the battles of the "Lost Cause."

General officers from other States, who commanded North Carolina troops, are respectfully asked to give me all the information in their possession, relative to the conduct and bearing of those troops.

In endeavoring to do justice to the sol-diers of my native State, I certainly shall most carefully abstain from doing injustice to those from any other. My brethren of the press will confer a favor by giving the whole, or such part of this Prospectus as they may deem proper,
