

LOCAL AFFAIRS:

JOS. P. CALDWELL, Local Editor. M. A. PARK, Business Manager.

Saturday, September 20, 1873

It's a long time between fires.

The hardware men seem to be particularly busy just now.

The premium books of the Fair of the Carolinas, are ready for distribution.

Frequent are the guffaws which burst forth from the lips of the worshippers at the shrine of the flying trapeze.

The debris occasioned by the accident of Wednesday having been cleared from the track of the C. C. & A. R. R., and the trains are now running again on regular schedule time.

The stocks of goods being received in this market are immense; very much larger than were ever before brought here. Drays are running continually, hauling goods, and the stores are being daily more and more crowded.

We learn that active steps are being taken by certain parties, in this city, towards forming a joint stock company and putting a cotton factory in operation at an early day.

MAYOR'S COURT.—Burwell Johnston, colored, who has a stall in the Market House, was before the Mayor yesterday morning, for disobedience of the orders of the Clerk of the Market. He was fined \$5 and costs.

EXPLANATORY.—In speaking of Hon. C. G. Memminger, the types yesterday made us say he was late Secretary of the Treasury of the Confederate States; when we wrote that he was "Secretary of the Treasury of the late Confederate States."

PERSONAL.—Our friend, R. M. Furman, Esq., editor of the Asheville Citizen was at the Charlotte Hotel yesterday. Sorry we didn't have the pleasure of meeting him.

Col. J. L. Pennington is at the Central Hotel and will remain there for several days.

Heavy clouds overcast the sky yesterday, and considerable rain fell during the day. The sun, as it was on the eve of setting, gave a most singular and indescribable appearance to the heavens, as it peeped out between two black clouds.

N. C. R. R.—A circular note from Capt. W. H. Greene, Master of Transportation for the North Carolina Division of the Richmond & Danville Railroad, dated Company Shops, 18th inst., informs us that hereafter mail trains will run daily the entire length of the road. The travelling public will be glad to learn this.

SEIZURE OF DISTILLERIES.—We learn that on Thursday Revenue officers W. M. Walker and Robt. Howell, seized two illicit distilleries in Gaston Co. about one mile on this side of Dallas. One of the distilleries was brought to Charlotte and the other destroyed where it was found.

ANOTHER DRAMA.—We learn that our Good Templar friends are making preparations to present another drama to the people of Charlotte some time during Fair week. As to the name of the drama which it is proposed to play, we are not advised. They have very wisely taken enough time to prepare themselves thoroughly, and we may reasonably look for a fine performance.

COTTON STALK.—Mr. J. M. Roberts, one of the express messengers on the Air-Line Railroad, was kind enough to bring us yesterday a cotton stalk which was raised on the land of Maj. Ben. Sloan, of Oconee county, South Carolina, and which rather heads off anything we have seen in the cotton line this season. The stalk has on it 140 bolls, some of them open. Maj. Sloan sends us word that it is an average of eight acres of cotton grown by him. He must be a model farmer to have raised such cotton as the specimen before us.

CHARLOTTE.—Under this head the Spartanburg New Era has the following good words for our place. The writer of the article below gives evidence that he knows enterprise when he sees it. He says:

"This city has, by energy and perseverance, established a diversified commerce, equal in every respect, to any that we know of. Her recuperative power has been evoked in such a degree as to make her one of the fastest and most important North of our Town. Her streets, public buildings, the indices of her material prosperity, with her intelligent, refined population, and the multiplication of her educational facilities foreshadow her future greatness and splendor."

PROMOTION OF TWO NORTH CAROLINIANS.—The Columbia Phoenix of yesterday has the following:

"Captain C. J. Iredell was, yesterday, elected Cashier of the Carolina National Bank of this city, and Mr. Wylie Jones, Teiler. Captain Iredell has been with this bank since its organization, and Mr. Jones since 1870."

Both of these gentlemen are North Carolinians, and both are relatives of Mr. Jones of the OBSERVER; Captain Iredell being an uncle and Mr. Wylie Jones a brother.

A BANTER.—Mr. D. R. Leak, of this place, has two hogs which he will enter as a pair, or one singly, at the Fair of the Carolinas, against any hogs or hog as the case may be, in either of the Carolinas, between twelve and eighteen months of age. Mr Leak proposes that a pool be gotten up, wherein shall be placed any given sum, and the successful competitor of course to take the pool. Mr Leak is in earnest about this matter, and throws down the gauntlet in good faith. Here is an opportunity for making or losing something. How many of the hog raisers of the two Carolinas will embrace it?

LACK OF MAIL FACILITIES.—Every day the lack of a mail on the Air Line Railroad is felt by all classes of people. True, the conductors very kindly take in charge all letters left with them for delivery at the different stations on the road; but this must necessarily occasion them much trouble, and as they cannot always see in person those to whom the mail matter in their possession is directed, letters frequently miscarry, of course. In our business, the lack of the facilities is felt sensibly. The OBSERVER has a large number of subscribers on the Air-Line already, but would have many more if there only was a mail on the road. We almost daily receive letters from gentlemen along the line of the road, saying that they have seen the OBSERVER like it very much, and are anxious to subscribe for it; but cannot do so until a mail route is established on the road. We hope the proper authorities will exert themselves to accommodate the public in this matter.

[Since the above was written, we have learned that mails will probably be put on the Air-Line in a very short time.]

Hotel Arrivals.—Central Hotel, CHARLOTTE, N. C. Sept 18, 1873. E. J. Hatcher, Wilmington; Robert S. Lacy, Phila; J. N. Cobb, Baltimore; G. E. Coolidge, W. G. Laughlin, Salisbury; P. H. Adams, Greensboro; B. I. Colp, Anson; E. R. Memminger, Charleston; W. D. Goodwin, Mr. Campbell, Miss Campbell, Greenville; J. Edwards, Richmond; W. H. Clayton, Atlanta; J. R. White and wife, Elk Shoals; A. J. Finch, Raleigh; J. I. Pennington and family, Alabama; C. K. Tate, C. W. Tate, Mt. Island; Beattie O'Connell, S. C.; T. O. Troy, Co. Shop; M. C. GRAPE-VINE TELEGRAM. VIENNA EXPOSITION. The Home Shuttle Sewing Machine makes no claim whatever to the premium at the above named exposition, and for the information of the public, will state that we were not represented there, from the fact that the demand for our machines are now so great that we did not have time to enter the Ring; but our machine will certainly be on exhibition at the Centennial Anniversary of the Mecklenburg Declaration of Independence in this city in 1875. And in the meantime it can be examined at our office on Trade Street; and if we cannot show that it will do the same work that any other machine in this market will do, and sell it for about one half of the money, we will charge nothing for our machine, sep 20-1t HOME SHUTTLE.

Governor Moses, of South Carolina, narrowly escaped a kicking the other day. Benj. Hernandez, of Charleston, went to see the Governor about \$500 which his Excellency owed him. The doorkeeper refused to let him in, and he knocked the doorkeeper down. Moses went to the rescue, and Benjamin threatened to whip him too, if he didn't pay up. A policeman arrested Benjamin.

There are but three legally qualified Magistrates in Rowan county, according to the Salisbury Watchman. All those recently elected have been sworn in, but not within the time required by law; hence, they cannot act until they get commissions of appointment from the Clerk of the Superior Court.

New Goods.—We received to-day a large stock of ladies and children's shoes, of fine quality and low in price. Also a large stock of youth's and gentlemen's Bay State Balmorals. Call and see our stock. SAMPLE & ALEXANDER. sep 19 2t

Disease Recalls

From the system that has been invigorated and regulated by a course of that most efficient of all vegetable elixirs, Hostetter's Stomach Bitters. Such, at least, is the inference we are compelled to draw from the testimony of thousands of persons residing in unhealthy districts, who attribute their escape from the epidemic and other complaints which prevail there in the spring and autumn solely to the use of this great protective and preventive medicine. Many western and southern farmers and planters, as invariably as they sow and plant in the spring and reap and gather in the fall, administer at those seasons to their families and employes, and take it themselves from twice to three times a day. The demand for it in the fever and ague districts bordering on the Mississippi, Ohio and Arkansas Rivers is immense; and wherever the natural conditions are such as to generate intermittent or remittent fevers, it is held in the highest esteem, both as an antidote to the atmospheric virus which provoke them, and as a swift and certain remedy for those distressing forms of disease. It is almost unnecessary to say that this renowned tonic and restorative is now generally accepted as a standard specific for indigestion, biliousness, nervous distemper, rheumatism, physical weakness and mental despondency, not only by the public at large, but by unprejudiced medical men. The vast popularity of the Bitters have of course led to many counterfeits and imitations, against which the community are requested to be on their guard.

Time Tests the Merits of all Things. 1840 Over Thirty Years 1873. PERRY DAVIS' PAIN-KILLER

HAS been tested in every variety of climate, and by almost every nation known to Americans. It is the constant companion and inestimable friend of the missionary and the traveler, on the sea or land, and no one should travel on our Lakes, or Rivers, without it. Since the Pain-Killer was first introduced and met with such extensive sale, many Liniments, Reliefs, Panaceas, and other Remedies have been offered to the public, but not one of them has attained the truly enviable standing of the Pain-Killer.

WHY IS THIS SO? It is because Davis' Pain-Killer is what it claims to be—a Reliever of Pain. Its Merits are Unsurpassed. If you are suffering from Intermittent Pain, Twenty to Thirty Drops in a Little Water will almost instantly cure you. There is nothing to equal it for Colic, Cramps, Spasms, Heart-burn, Diarrhea, Dysentery, Flatulency, Wind in the Bowels, Sour Stomach, Dyspepsia, Sick Headache, &c. In sections of the country where Fever and Ague prevail, there is no remedy held in greater esteem. Persons travelling should keep it by them. A few drops, in water, will prevent sickness or bowel troubles from change of water. From foreign countries the calls for Pain-Killer are great. It is found to Cure Cholera when all other Remedies fail. When used externally, as a liniment, nothing gives quicker ease in burns, cuts, bruises, sprains, stings from insects, and scalds. It removes the fire and the wound heals like ordinary sores. Those suffering with rheumatism, gout, or neuralgia, if not a permanent cure, they find the Pain-Killer gives them relief when no other remedy will. It gives instant relief from Aching-Teeth. Every house-keeper should keep it at hand, and apply it on the first attack of any Pain. It will give satisfactory relief, and save hours of suffering. Do not trifle with yourselves by testing untried remedies. Be sure you call for and get the genuine Pain-Killer, as many worthless nostrums are attempted to be sold on the great reputation of this valuable medicine. Price 25 cts., 50 cts., and \$1 per bottle. sept 10 4aw 1m
