James A. Jackson & Co.—Gentiemen: As you have communicated to the medical profession the recipe of the "Home Bitters," it cannot, therefore be considered as a patent incline, no patent having been taken for it. We have examined the formula for making the "Home Bitters," and unhestatingly say the combination is one of rare excellence, all the articles used in its composition are the best of the class is which they belong being highly Tonic, Stimulant, Stomachie, Carminitive, and slightly Laxative. The mode of preparing them is strictly in accordance with the rules of pharmacy. Having used them is one private practice, we take pleasure in recomm noting them to all persons desirous of taking lliters, as being the best Tonic and Stimulant now offered to the public.
