Cotton Market. Receipts yesterday were something in excess of 400 bales .brought 14-15@14-20. The market closed the Wilmington Journal of Wednesday: firm and steady.

LOCAL DOTS.

Please hand in church notices to-day. Charlotte is recovering from the panic, and money is growing easier.

Three hundred bales of cotton came in on the Air Line yesterday morning and passed through.

Magnificent Black Walnut chamber Davidson's Furniture Rooms. dec 13-2t.

A man whose name we have been unable to learn, was seriously kicked by a horse in this city on yesterday. We could get no particulars about the case.

A large stock of new and beautiful Furniture, bought since the panic, arriving daily at R. F. Davidson's Furniture rooms, opposite Brem, Brown & Co's, dry goods store.

A steel ring with three keys, has been found and left at this office. There is a brass plate on the ring and on it is engraved "No. 32." The owner will please call

Callender's Original Georgia Minstrels have engaged Miller's Hall for the night night of January 7th. This is said to be an excellent company; it is composed entirely of negroes.

Drunk and Destructive .- On Thursday night an intoxicated countryman, while attempting to enter Mr. W. R. Cochran's billiard hall and saloon, ran against and broke one of the large glass in the door. He forthwith beat a hasty retreat.

Heavy Shipment.-Yesterday Messrs. W. H. H. Houston & Co., of this city, made a shipment of 400 bales of cotton over the N CR R. This is the heaviest shipment of cotton ever made over this road by one firm at one time. This speaks well for the firm named and for Charlotte.

Gone North. S. P. Smith, Esq., President of the Farmers' Savings Bank of Mecklenburg county, has gone North to make preparations and lay in necessary material for beginning operations by the 1st January.

Sports.-We venture to say that Charlotte has fewer white and more colored "sports," than any place of its size in the South. The whites here all work and the sporting it all done by the blacks.

Accident.-A little negro boy, three or four years of age, named Perry, hying in 2nd Ward somewhere beyond the C. C. &. A. Depot, fell out of the door yesterday morning and dislocated his left ankle, It was re-set with little difficulty.

Explanatory.-One of our carriers hurt his leg yesterday morning and was unable to carry his route. Another person had to be obtained and it was probably after 10 o'clock when some of our subscribers got their paper. We regret the delay, but it was unavoidable.

The Politest Man .- We have proved to the satisfaction of everybody that Charlotte lecture, would only be to mar the has within its limits the most conscientious man and the meanest man; and now the politest man has come to the front. He called at a residence the other day and knocked at the back gate until some one tionally adorned with gems of elowent to him, when he asked if he might quence set with a taste of which come in.

Appointed to West Point.-Hon. Thos. S. Ashe, member of Congress from this district, has given his cadetship in the United States Military Academy, to Mr. S. B. Jones, a young gentleman of this city who is now at the Louisville (Ky.) Medical Those who failed to hear him College, studying medicine. Mr. Jones has been telegraphed to and informed of his appointment, but has not yet signified his acceptance or rejection of the appointment.

A Good Showing .- Since the first of last January up to the present time, Mr. P. M. Murray has made at his brick yard near this city three millions of brick, and all of these have been put into new houses in this city by Mr. Murray as a contractor .-When it is remembered this is but one brickyard and one contractor we speak of, it will be seen how extensive must have been the building operations in Charlotte within the present year.

Court Business .- There were three cases before His Honor the Mayor yesterday. One was against a colored woman named Pettis, for stealing \$20 in greenbacks from the coat pocket of a guest-Rev. Wm. Hunter, colored-while he was asleep. The larceny lay between three or four personshouse, apprehended the woman and recov- same. ered all the money—six \$5 bills. She was fined the cost and bound over to Court.

The other two cases were unimportant.

Mr. W. M. Mills, by an advertisement in another column, warns the public against trading for an order on J. C. Buronghs, mention of which matter was made by us yesterday.

The Wilmington Races.—Char lotte is Low middling readily brought 14t, and not entirely unrepresented at Wilmington some fancy bales classed middling this week as witness the following from

The next was a very exciting quarter race for \$60, in which Mr. C. T. Walker, of Charlotte, entered bay horse Unknown, Mr. W. H. French entered gray mare Pink and Mr. J. B. Weller, of Washington City, entered sorrel horse Prince. This was a beautiful dash between Unknown and Prince, in which Unknown won in two heats, making both in 251 seconds This

race created great interest. The same paper of Thursday, speaking of the races on the day previous says: At 2:30 the running race was announced

This was for a purse of \$70 for first horse, and \$30 for second horse: half mile heats, Making Complete Dining Room suites; at | best two in three. This race resulted as follows, the following horses being enter-

Littell's Living Age .- Among the noteworthy articles contained in the last weekly numbers of The Living Age, including that for Decemi er 13th, are the following:-the Growth of Commonwealths, by Edward A. Freeman Fortnightly Review .-The Iron Mask, Edinburgh Review; The Missing Bills, an Unsolved Mystery, Blackwood; Growth and Decay of Mind, Cornhill; Married Life in China, All the Year Round; Temper, Blackwood; A Railway Junction, or the Romance of Ladybank, Blackwood; Prerequisites to the Resumption of Cash Payment-America and France, Economist; The United States and Spain, Spectator; with instalments of "The Parisians," by Lord Lytton: \"Edgar Wayne's Escape," by Mrs. Oliphant; "Sukie's Boy," by the author of "The Huguenot Family," and poems by W. W. Story and others, and the usual amount of shorterarticles, miscellaney, etc. With fiftytwo numbers, of sixty-four large pages each, (aggregating over 3000 pages a year) the subscription price (\$8,) is very low .-Littell & Gay Boston, Publishers.

The Lecture Last Night,-Rev. DeWitt Burkhead, of Athens, Ga., lectured last night at the Charlotte Institute for Young Ladies, as he had engaged to do. The crowd was small-about the size of the average crowd which is found in Charlotte to attend a public entertainment to which there is attached anything of merit. Those who were there, however, could appreciate such a lecture as the one delivered, and the speaker well said in the course of his res marks that he was "not addressing a mixed assemblage."

Mr. Burkhead was introduced to the audience by Rev. Dr. Chapman, in a few brief remarks which were entirely appropriate. The lecturer began his remarks by relating a pleasing incident, which served to give the audience an appetite, as it were, for what was to follow. The subject of the lecture was "The Divine and Eternal Principals of Truth," and with a right masterly hand did the speaker handle it.

We cannot, if we would, follow the reverend gentleman through his lecture; and even to touch upon his leading points, and attempt to give an idea of the general tenor of the beauty of the whole. We will simply say it was learned and instructive. yet plain and practical and occafew men are capable. Mr. Burkhead was listened to with close attention, and at the close of his address was warmly applauded. He is a young man, with a pleasant caste of countenance, and has a good delivery, have something to regret, as it is not often Charlotte has an opportunity to hear such words of wisdom and instrution as fell from his lips last night, and we opine the opportunities will grow less frequent as one man after another of talent and prominence fails to draw a crowd respectable in numbers.

To the Public.

THE PAIN-KILLER manufactured by PERRY DAVIS & SON has won for itself a reputation unsurpassed in medicinal preparations. The universality of the demand for the Pain-killer is a novel, interesting, and surprising feature in the history of this medicine. The Pain-Killer is now regularly sold in large and steadily increasing quantities, not only to general agents in every State and Territory of the Union, and every Province in British America, but to Buenos Ayres, Brazil, Uraguay, Peru, Chili, and other South American States, to the Sandwich Islands, to Cuba and other West India Islanda; to England and Continental Europe; to Mozambique, Madagascar, Zanzibar, and other African lands; to Australia, and Calcutta, Rangoon and other places in India. It has also been sent to China, and we doubt if there is any foreign port or any inland city in Africa or Asia, which is frequented by American and European missionaries, travelers or traders, into which the Pain-

Killer has not been introduced. The extent of its usefulness is another great feature of this remarkable medicine. It is not only the best thing ever known, as everybody will confess, for bruises, cuts, burns, &c., but for dysentery or any sortef bowel complaint, it is a remedy unsurpassed for efficiency and rapidity of action In the great critics of British India and West India Islands and other hot climate, it has become the standard medicine for all complaints, as well as dyspepsia, liver complaints and other kindred disorders For coughs and colds, canker, asthma and rheumatic difficulties it has been proved by the most abundent and convincing trials and testimony, to be an invaluable medicine. The proprietors are in possession of letters from persons of the highest character and responsibility, testifying in unequivoeal terms to the cures effected and the satisfactory results produced, in an endless variety of cases by the use of this great medicine. That the Pain Killer is deserving of all its proprietors claim for it is amply proved by the unparalled popularity it has attained. It is a sure and effectice remedy. It is sold in almost every country in the world, and is becoming more and more popular every year. Its Arr. Greenshore 12 30 a m healing properties have been fully tested, all over the world and it need only to be known to be prized. Sold by all Druggists.
