Personal.—A party of sixteen ladies and gentlemen from the North, who arrived in Charlotte Tuesday night in a Pullman Palace car, and stopped at the Central Hotel, left yesterday over the North road.

The President of the Broadway National Bank of New York, and also the President of the Second National Bank of New York, stopped in Charlotte a day or two ago, on their way North, having been on a pleasure trip to the South.

"B-Select" Whiskey.—A notice of this celebrated whiskey appears elsewhere in this paper, accompanied by a certificate from Prof. McLaw as to its purity. It has achieved a reputation second to none made in this country for purity and general excellence.

Ice for the Sick.—Through the liberality of the Great Atlantic Coast Line, ice can now be obtained by sick persons in this city at its price at the place where put on the train, by application at Scarr's drug store.

The Koopmann Case.—Thos B Keogh, Esq. of Greensboro, arrived in Charlotte yesterday morning for the purpose of having a hearing of the case of R. Koopmann, Esq., bankrupt. The object was to ascertain, as far as possible, the amount of Koopmann's assets, and what has been done with the money received for the goods sold since Koopmann filed his petition in bankruptcy.

Burglar's at Work Again.—One house robbery and an attempt at another were committed in this city yesterday morning before daylight. The first was at the residence of Maj. C. Dowd, on East Tryon street.

After the occupants had been thrown from the buggy, the horse continued his race, during which he ran against, upset and broke the buggy of Capt. J. Y. Bryce, which was standing on the side of the street, also, we believe, throwing one person out of this buggy. Mr. Sadler's horse made a perfect wreck of the buggy and harness, and also injured himself. The horse continued to run until stopped near the crossing of Trade and Tryon streets.

Letter from Pineville. PINEVILLE, N. C., March 23, 1873. Our merchants are receiving large and well-selected stocks of goods from the Northern cities, and are expecting a heavy business this year.

Wheat, oats, rye, barley and clover are looking well and promises a good yield. God grant that it may be so. There is not near so much demand for fertilizers as there was last year, and there will not be used more than half as much. More attention is given to home fertilizers and deep ploughing.

Littell's Living Age.—The numbers of The Living Age for the weeks ending March 14 and 21 have the following noteworthy contents:—Henry Thoreau, the Poet-Naturalist, British Quarterly Review; The French Press, part III, Cornhill Magazine; Mendelssohn, by Ferdinand Hiller, part II, MacMillan's Magazine; A Christmas in India, Fraser's Magazine; The Accurate Transparency and Opacity of the Atmosphere, Nature; A Gold Coast Tragedy, Sun News; Recollections of Visits to Ashmole and Abbotford, Temple Bar; Winklemann Quarterly Review; Three days in Sark, by William Forsyth, Fraser's Magazine; The Philosopher's Baby, Blackwell's Magazine; Gladstone's Ministry, Economist; Mr. Gladstone as a Force, Spectator; The Two Spermansky, a page of Russian Official Life, Blackwood's Magazine; and parts II and III of the Story of Valentine and his Brother; besides poetry and miscellany.

Better and Quicker Accommodation to New York.—Notice was received yesterday from A. Pope, Esq. by W. W. Peagram, Esq. agent in this city of the Great Atlantic Coast Line, that on and after March 16th, one of the magnificent side-wheel steamers of the Old Dominion Steamship Company, will leave Portsmouth, Va. daily (except Fridays and Sundays) for New York, at 7.30 A. M., on the arrival of the Seaboard & Roanoke passenger train from Weldon. State-rooms can be secured for all passengers by telegraph in advance of the arrival of the train at Portsmouth each day, and passengers are carried directly upon the steamer by a special tug boat of the Atlantic Coast Line, which receives them at the Seaboard Railroad wharf.

Tickets and baggage checks to New York will be promptly furnished by Mr. Peagram, and explanation as to what train passengers from this city should take, in order to connect with these ships.

RUNAWAY ACCIDENT.—Considerable excitement was created yesterday afternoon about 5 o'clock, by a horse dashing up Tryon street with the remnants of a pair of harness on him. It was presently ascertained that the horse was the same which had but a short time previous been driven through the streets by Mr. W. R. Sadler, of this city, who was taking Miss Lizzie McGehee, of Person county, at present visiting in Charlotte, out for an evening ride.

It appears that, while driving back into the city from the direction of the Fair Grounds, the horse got frightened just after passing the residence of Col. John L. Morehead, and became unmanageable. He started running at a high rate of speed and continued this until the buggy was turned over, causing both Miss McGehee and Mr. Sadler to be thrown heavily to the ground.

We are gratified in saying that Miss McGehee is not hurt so badly as was first reported, and, in all probability, will recover from her injuries in a few days. Mr. Sadler naturally regrets the occurrence beyond measure. It is currently reported that a certain young lady and gentleman who were out riding horse-back, and who were near the scene of the accident, caused the fright of Mr. Sadler's horse by riding rapidly up behind. This is untrue. The party on horse-back were in front, having passed the others a mile back.

A CARD. Cotton States Life Insurance Agency. CHARLOTTE, N. C., March 24, 1874.

MR. EDITOR:—On my return to Charlotte, I heard yesterday of the sudden death of Mr. Wm Roediger, and connected therewith, certain floating rumors in regard to an application he had made for a policy in this Company. I, therefore, as the general agent of the Cotton States, feel called upon to submit the facts in his case for the information of the parties interested. Mr. Roediger applied, through me, for a policy; his application was forwarded to the office in Macon, Ga.; on the 9th inst. I received a letter rejecting his application, but coupled with the condition, that "if, within thirty days, his cough passed off, and that if then "he was in perfect health, there would be no hesitation in issuing a policy." Before this limitation expired, Mr. Roediger died. THOS. F. DRAYTON, Gen'l Ag't of C. S. L. I. Co., of Ga., For the State of North Carolina.

THE GUANAHANI GUANO UNADULTERATED AND GENUINE. THIS IS A GENUINE GUANO WHICH IS TAKEN FROM THE Guanahani Island (one of the Bahama Group) and bids fair to become one of the most popular fertilizers offered for sale. It is put up in sacks in the same condition as when taken from the caves, and no manipulation or grinding is required. It is recommended by Prof. F. B. WILSON, of Baltimore, who is regarded as one of the best analytical chemists in the country. Our State Geologist, Prof. W. C. MERRILL, also, recommends it as entitled to a place among the standard fertilizers of the country. The analysis shows it to be richer in plant food than the great majority of fertilizers, which in connection with the moderate price at which it is sold, are strong inducements for every farmer to use it. Full supplies now on hand and for sale by BURROUGHS & SPRINGS, General Agents. March 21 6w
