House The House met at 11 A M. to-day, and shortly afterwards went into Committee of the Whole on the Centennial Bill. Speeches were limited to 20 minutes each. The discussion was more than usually interesting, and was participated in by quite a number of members. At two P. M. the Committee rose and reported the bill. Hawley, 7 of Connecticut, the President of the Centennial Commission, then took the floor to close the debate. He made a vigorous speech in favor of the bill, and emphatically denied that the Commission had exceeded its daties by inviting the representatives of foreign powers to be present at the exhibition. He was surprised and indignant at the charge, and as a man of honor, would repel it. He said the commission had done only just what they had been directed to do by Congress itself. The foreign representatives did not known | The Plow-Makers' Convention-The the members of the commission, but they did know Ulysses S.
