TO THE PUBLIC!

As eternal vigilance is the price of liberty, so is continued vigilance, honest, fair and upright dealing necessary to success in business. Having from the outset (18 years ago) appreciated these facts, and acted upon them, we find ourselves to-day rewarded for the countless anxieties, vexations, and the loss of hours of rest by seeing our long-suffering patrons, realizing, of making Charlotte.

Wholesale Mart,
and ours an exclusive

Wholesale House.

In order to be more explicit, we have the pleasure of informing the mercantile world that we have leased the superb store, adjoining our present, (heretofore occupied by Messrs. Brem, Brown & Co., as their Dry Goods Store), which we will occupy by the first of September next for the retail trade only, and will use our present elegant and commodious store for an exclusive

WHOLESALEHOUSE

thus giving to the trade a strictly "Wholesale Establishment," where they can make their selections from a Stock purchased for that trade only, thus avoiding coming in contact with a Retail Stock and Retail Buyer. The advantages of such a House are too obvious to need further comment.

To give the general reader a better conception of the colossal dimensions of our new House we state that we will have upwards of thirty thousand feet of superficial floor room; or if a lane of ten feet wide were formed of our stores, it would reach considerably over half a mile.

At the same time we inform our numerous friends that our Mr. Hintel is now again North buying our second stock this season, and owing to the decline in goods, will again place us in a position to successfully compete with all other houses.

Very respectfully,
WITKOWSKY & RINTELS,
Charlotte, N. C., May 1st, 1874.

ATLANTIC, TENNESSEE & OHIO RAILROAD.

Annual Meeting of the Stockholders Yesterday.

The annual meeting of the Stockholders in the Atlantic, Tennessee & Ohio Railroad Company took place at the Court House in Charlotte, on Thursday, July 2nd, 1874.

On motion of A. B. Springs, D. A. Caldwell was called to the chair, and H. P. Helpler appointed Secretary.

The present committee on proxies, J. H. McAden and J. H. McElwee, was increased by the addition of the name of the Secretary, and, after a short time, reported that stock to the amount of \$1,780 shares were represented either in person or proxy. This being more than a majority of the stock, the meeting proceeded to business.

Dr. J. H. McAden presented the following ticket, by way of a compromise, to constitute a Board of Directors for the ensuing year: M. M. Orr, W. R. Myers, A. B. Springs, T. J. Moore, J. J. Mott, E. B. Drake and Wilfred Turner, and moved that they be elected for the ensuing year by acclamation.

The by-laws of the company require that all elections shall be determined by ballot, but Col. Wm. Johnson moved that this clause in the by-laws be temporarily suspended, which was carried. He then seconded the nominations, and the motion was carried without a dissenting voice.

Dr. T. J. Moore moved that the present committee on proxies be continued. Carried.

There being no further business before the body it adjourned to meet next year in Statesville.

H. P. HELPLER, D. A. CALDWELL, Secretary. Chairman.

PROCEEDINGS OF THE BOARD OF DIRECTORS.

Subsequently the Board of Directors met, when the meeting was organized by calling W. R. Myers, Esq., to the chair, and E. B. Drake Secretary. A. B. Springs, Esq., being nominated for President of the A. T. & O. R. R. was elected unanimously.

Mr. Springs thereupon announced that it was quite impossible, however willing he might be to accept the honor tendered him but would serve as a director, and called another meeting to assemble at the Central Hotel, to tender his resignation.

Board assembled, President Springs in the chair, and E. B. Drake Secretary. Mr. Springs stated that, owing to his private business, which claimed all his attention, and residing some distance from Charlotte, he could not devote the attention to the affairs of the road which the interests of the company would demand of him, and thereupon tendered his resignation, which was unanimously accepted. Whereupon, Dr. Moore nominated W. R. Myers, Esq., for President, and he was elected unanimously.

F. B. DRAKE, Secretary.

A Child Deserted by its Futative Parents.—A very remarkable and distressing case was developed in this city yesterday, causing a good deal of sensation. It was a case of desertion of a child by its parents, and the facts connected with it are as follows: Beginning at the commencement we state that, on Saturday last a man and woman passed through this city over the Air-Line Railroad, going to Atlanta. On Thursday morning last the same couple returned, bringing with them a very young child, evidently their own. Capt. S. S. Pegram, agent at the Air-Line Depot, went from the depot around to the junction on the same train in which were the man, woman and child, and had his attention particularly drawn to them by their singular conduct.—The woman was in great distress, and was crying bitterly, while the man talked to her in the roughest manner and quarreled with her incessantly.

Arriving at the junction the party got off and took the North Carolina day train going east, the man going in the second class car with the child, while the woman went into the first class car and resisted all of his appeals to go to join him in the other. A man who was present and saw her distressed condition approached her and asked if she needed assistance; she replied, weepingly, no; that he could do nothing for her. The train moved off soon, not, however, before Capt. Pegram had warned Capt. Sprague, the conductor, to keep a sharp watch out on the man lest he do some harm to the child or woman.

Yesterday morning a man arrived in Charlotte on the 6 o'clock train on the North Carolina Road, and when the train stopped called to a negro boy on the platform and handed him a child, telling him to carry it to the house of a certain one of our citizens and leave it, giving him 50 cents to execute the commission. The boy took the child as directed, but the gentleman declined to receive it, disclaiming all knowledge of it, and instructed him to carry it back to the man from whom he had received it. The boy took the child back to the depot but could not find the man, and, acting under advice from other parties, proceeded with it to the Mayor's office. That gentleman placed it under the care of a competent nurse until further facts connected with it could be ascertained.

By this time news of this startling case began to be circulated upon the streets, and coming to the ears of gentlemen who had been made acquainted with the circumstances enumerated in the preceding paragraphs, they notified the Mayor of these facts and he despatched a force to hunt up the man.—It was yet an hour or more ere the express train on the N. C. Road would leave, and after searching it at the depot, and also searching the freight train on the Air-Line which was soon to leave, they proceeded to the junction, and there Capt. Pegram identified the man whom he had seen with the woman and child the morning previous.—He was arrested and taken before the Mayor, who committed him, and sent over to Harrisburg Depot, on the N. C. R. R., where he had reason to believe the woman was.—The other found a woman whom he thought the proper one, but for lack of evidence he did not arrest her, and the man was last evening released from custody and left on the North Carolina train, the authorities, however, keeping the child in their possession.

The names of the parties we withhold for reasons which appear good and sufficient to us. The history of the case, as we learn it, is this: The wife of the man, who lives in Stokes county, in this State, was absent from home for some time a little less than a year ago, and during her absence secured the services of the unfortunate girl of whom we have been speaking to keep house for her, the girl being a niece of the man's wife. While she was gone her husband seduced her niece, a young and credulous girl, and took her down South to hide, if possible, her shame and his infamy. The injured girl is described to us as about 18 years of age, of a fine appearance and possessed of a really handsome face. The calamity which has befallen her is indeed a sad one—the saddest which can ever befall any woman, and whatever her faults we forget them now in pity for her in her misfortune.

A subject like this is one which we regret exceedingly falls to our lot to handle; and we do it now because our business is to chronicle news, and because this is a matter which has excited somewhat of a sensation in our city, where there are many who desire to know the facts in the case.

The Disease of Civilization.

Dr. Warren, author of the "Household Physician," tells us that dyspepsia is a disease of civilization—that savages know nothing of it. We do not believe the latter statement. Savages sometimes gorge themselves until they can scarcely move; and as they are human beings, and not animals, they must necessarily suffer the pangs of indigestion. Undoubtedly, however, in consequence of their luxurious habits, the civilized and enlightened portion of mankind are most subject to dyspepsia.—This being the case, what are the civilized and enlightened dyspepsics going to do about it? What a large proportion of them are doing about it now is simply this: they are taking Hostetter's Stomach Bitters as a remedy with unwavering and complete success. From all parts of the United States, from all the Spanish Republics, from the West Indies, from various parts of Europe, and from the antipodes, Australasia, evidence of its unrivalled properties as a specific for casual and chronic indigestion is continually being received. The reason is that the consumption of the great tonic and alterative is rapidly increasing throughout the civilized world. The nations, near and remote, who are our own people, have discovered that as a preventive and remedy for diseases of the digestive organs, and all ailments of the liver, bowels, nerves, and general system, which are generated or aggravated by imperfect digestion, it has no equal either among official or proprietary medicines.

Charlotte Cornet Band.—The Spartanburg Spartans gave the following compliment to the Charlotte Cornet Band, which furnished the music for the recent Commencement exercises of Wofford College, in that town.

"This excellent band contributed very much to the enjoyment of every one in attendance upon the Commencement exercises. Their services were not only called in to requisition for music interspersed with the speeches during the exercises of Tuesday and Wednesday, but they also furnished delightful music on Wednesday evening at the reception up to a late hour. During their visit here they performed many beautiful and difficult pieces with much credit to themselves, and have won an enviable reputation among our people which they richly deserve."

Gov. Caldwell and Our Ice Factory.—Be it known that, on Wednesday evening last Dr. J. H. McAden, Chairman of the Board of Directors of the Charlotte Ice Co., packed up and sent to Gov. Caldwell a quantity of the ice which had just been manufactured in this city. His Excellency acknowledges the receipt of the ice in the following handsome letter, which we are permitted to publish:

Dr. John H. McAden, Chairman Ice Company:

I am pleased to see so capital an article manufactured in our own State, and hope that your company will be able to make a sufficient supply not only to keep the warm blooded and warm hearted people of Mecklenburg county at the proper temperature during this dreadfully hot weather, but enough to supply the wants and necessities of your friends and neighbors when they reach a fever heat.
