The feeling of the South regarding the third term, is constantly misrep-resented in Northern journals.—

Those unfortunate States are ready for anything that promises riddance from negro rule. It makes no difference to them who is President of the United States, so long as they are governed by negroes; they will support any man. Democrat, Republican, or anything else, who is most likely to aid them in putting down negro government now and forever.

Whatever may be the wisdom of such a course, the States above-mentioned are ready, we believe, to embark on it so soon as they come to believe that it would insure Grant's reelections:

DEXE SIR:—I see in your paper, of this date, a confidenced extract from the Concord Sun, to the effect that I have determined hereafter to act with the Democrats. There is not a word of truth in the paragraph, or founda-tion in anything I have said or done, for its circulation. Please correct promptly, Yours truly, Stilley.

Who shall be Speaker of the Senate and House? is a question agitating the minds of the newly elected members of the General Assembly. The Presidency of this Senate is of more than ordinary importance, as it is possuefble that Governor Brogden may become thoroughly disgusted with our Democratic Legislature and resign, in which case the Speaker of the Senate would succeed to the Executive Chair of the State.

READ THE FOLLOWING TESTIMONIALS:

From Prof W G Simmons, Wake Forest College, North Carolina. WAKE FOREST COLLEGE, N C, October 4, 1873. Mr C P Knight—Dear Sir: We have for several months been using wour Bradley'
Patent Enamel Paint on our College Building, and are well pleased with it. Though was applied by one having no experience in such work, yet we have a good job. We shall continue to use it—believing that in point of economy, durability and facility of application, it is superior to any other pigment offered in the market. WG SIMMONS.

From Messrs Englehard & Saunders, Editors and Proprietors "Journal."

WILMINGTON, N.C, Dec. 26, 1873.
We desire to call especial attention to the advertisement of 'Bradley's Patent Ename Paint.' We can recommend it from a knowledge of its ments. Some of the employees of this office having purchased some of this paint from Mr. C. P. Knight, of Baltimore have used it, and speak in the highest terms of it, after a trial of several months. While it is as durable as ordinary paint, it has a much finer finish, and its cost and convenience will recommend it to all in need of paint.

From S McGill, M D.

THE PLAINS, FAQUIER Co. Va, Feb. 6, 1878. Mr C P Knight-Sir: The paint came safe to hand as ordered, 2 kegs, 5 gattons each, and 3 buckets, 1 gallon each. As practice was slack, I did the job myself. Two weeks not constant) work, completed the house, two coats; the last coat I applied thick, and it is now generally conceded, that, for "enamel," like hardness, and body and harmony of colors, there is not a handsomer job in the place. I saved sixty-five dollars by the operation—which is an item just now with the 'Southern people.' It should be generally adopted in this State. Any country lad can apply it. I have never dabbled in such stock as "testimonials," but I feel so forcibly the great adaptability of your "Enamel Paint" to the wants of our people—in excellency of material, in beauty of color, and in the fact of its being "ready mixed," that I give you permission (if it is desirable to you) to make what use you think proper of this letter. Very respectfully and truly, S McGILL, M.D.

From R W Rayne, of the Firm of Bartlett & Rayne, 48 Carondelet Street.

New Orleans, January 29, 1874. C P Knight, Eng. No 93, West Lombard Street Baltimore—Dear Sir! It affords me much pleasure to advise you how well satisfied 1 am with Bradley's Patent Enamel Paint, having used all I bought of you in painting a large cottage (new) at Ocean Springs, Miss. and having found it to cover and work so admirably, and very far superior to ordinary metal paints, and colors not subject to fade, besides being decidedly cheaper. It is my purpose to send you another order for more very soon Yours respectfully, B. W.RAYNE.
