Bradley's Patent Enamel

MADE FROM

All the Money Can be Made Pure White Lend, Linseed Oll and Zinc, and Always Beady for Use.

READ THE FOLLOWING TESTIMONIALS:

From Prof W G Simmons, Wake Forest College, North Carolina. WAKE FOREST COLLEGE, N C, October 4, 1873.

Mr C P Knight—Dear Sir: We have for several months been using your Bradley' Patent Enamel Paint on our College Building, and are well pleased with it Though i was applied by one having no experience in such work, yet we have a good job. We shall continue to use it-believing that in point of economy, durability and facility of applica tion, it is superior to any other pigment offered in the market.

From Messrs Englehard & Saunders, Editors and Proprietors "Journal."

WILMINGTON, N.C. Dec. 26, 1873. We desire to call especial attention to the advertisement of 'Bradley's Patent Ename Paint.' We can recommend it from a knowledge of its ments. Some of the employees of this office having purchased some of this paint from Mr C P Knight, of Baltimore,

have used it, and speak in the highest terms of it, after a trial of several months. While it is as durable as ordinary paint, it has a much finer finish, and its cost and convenience

From S McGill, M D. THE PLAINS, FAQUIER Co., Va., Feb. 6, 1873. Mr C P Knight-Sir: The paint came safe to hand as ordered, 2 kegs, 5 gallons each, and 3 buckets, 1 gallon each. As practice was slack, I did the job myself. Two weeks (not constant) work, completed the house, two coats; the last coat I applied thick, and it is now generally conceded, that, for "enamel," like hardness, and body and harmony of colors, there is not a handsomer job in the place. I saved sixty-five dollars by the operation—which is an item just now with the 'Southern people.' It should be generally adopted in this State. Any country lad can apply it. I have never dabbled in such stock as "testimonials," but I feel so forcibly the great adaptability of your "Enamel Paint" to the wants of our people—in excellency of material, in beauty of color, and in the fact of its being "ready mixed," that I give you permission (if it is desirable to you) to make what use you think proper of this letter. Very respectfully and truly, S McGILL, M D,

From R W Rayne, of the Firm of Bartlett & Rayne, 48 Carondelet Street.

NEW ORLEANS, January 29, 1874. C P Knight, Esq.—No 93, West Lombard Street Baltimore—Dear Sir: It affords me much pleasure to advise you how well satisfied I am with Bradley's Patent Enamel Paint, having used all I bought of you in painting a large cottage (new) at Ocean Springs, Miss., and having found it to cover and work so admirably, and very far superior to ordinary metal paints, and colors not subject to fade, besides being decidedly cheaper. It is my pur pose to send you another order for more very soon Yours respectfully, R WRAYNE.

Always ready for use and easily applied. Sold by the gallon. One gallon covers twenty square yards, two coats. Specimens and Price List Furnished Gratis. Liberal inducements to the trade.
