

JONES & FENDELTON, Proprietors. Tuesday, September 1, 1874.

Free from the dotting scribbles that beset our free-born reason.

THE NEW REBELLION.

Under this head, the Chicago Inter-Ocean of a recent date makes a tirade upon the South. The Inter-Ocean is a Republican paper; the character of the heading of its slanderous article might, however, have indicated this to the mind of any intelligent person who has ever observed the course of unprincipled demagogues or unscrupulous partisan demagogues.

The Inter-Ocean is a power in the West. It pretends to be a decent paper. The more the shame that it basely, maliciously and cruelly abuses a fallen, almost crushed people. None but the meanest and the most cowardly will strike the fallen or add to the sorrowful burden of the afflicted.

But we are little surprised at anything, however false, however mean, however cruel, that a fanatical Northern newspaper may say or do. Our surprise is still further diminished when we reflect that the Inter-Ocean is printed in Chicago. A truthful political newspaper issuing from that sink of vice and corruption would be an anomaly in American journalism.

The Inter-Ocean says: "The extreme gravity of the situation in the South demands the immediate and serious attention of the Federal Government." Preambling on the negative success achieved in Congress by the defeat of the civil rights bill, and on the well known sentiments entertained by the President against the interference by the Federal Government in the affairs of a State, the enemies of the blacks have banded themselves together in the determination to carry the bill elections by intimidation, and, if necessary, by murdering every white and black who dares resist.

This charge against the white people of the South is false, and is made to serve a base political purpose—to fan the fire of hatred, to procure Federal interference, and thus to bolster up the falling structure of the Republican party in the South.

Where the whites have banded together, it is for self protection. Nowhere have they assumed the aggressive.

The Inter-Ocean speaks of "undefined and unproved allegations of dishonesty" against the Southern Radicals. We first presume that the author of this absurd remark is either a native idiot, a consummate knave, or else that he never heard of Moses, Patterson, Chamberlain, Nesbitt, Leslie, Scott, Holden, Littlefield, Swenson, Tim Lee, Andrew Jackson Jones, Billlock, of Georgia, Kellogg, of Louisiana, and a host of other public plunderers, the proof of whose crimes and rogueries is as clear as the noonday sun.

Again, says this pitiful journal: "We do not overstate the case or misrepresent the main objects of this new attack on the colored people of the South. The Attorney General officially declared that information received from the South, and especially from Alabama, Tennessee and Northern Louisiana, leads him to believe that wholesale assassination will be resorted to in these States unless prompt measures are adopted to prevent it."

slanders; and let the consequences be what they may, we shall triumph in the end. Despite their frantic effort, we do not believe that the Inter-Ocean will be able to create a sympathy in the North for the plunderers who feast the South to rob and ruin.

THE ENFORCEMENT ACT.

The Ku-Klux Act has expired by limitation; but the Enforcement Act of 1870, is still in existence.

By the last act, any person or persons employing such intimidations are deemed guilty of felony, and are to be punished by a fine of \$5,000 and imprisonment not to exceed ten years. The United States marshal and other officers of the United States may be directed to make arrests, and the President is authorized to "employ such part of the land and naval forces of the United States, or of the militia, as shall be necessary to aid in the execution of judicial process issued" under the act.

This is authority enough for the government to proceed on.

If the negroes are intimidated in any of our States, wholesale arrests will not doubt be made. Mark our words.

The radical party is burning for some pretext for warring on the whites of the South. Thieves see the day coming when they will be driven from power; perhaps, committed to the prisons where they properly belong; and they are willing to plunge the country into a war of races in order to avert the danger.

In the name of our common country, let us all unite in endeavoring to preserve the peace, law and order of society. A repetition of the times of '70 and '71 would be horrible in the extreme.

The State Agricultural Journal opposes calling a Convention on the ground of the danger in it. The majority of the newspapers seem opposed to Convention. Unless our party are united in favor of a Convention, it would be worse than folly to call it. The tone of the press shows that there is a wide difference of opinion on the subject. So all hopes of a Convention might as well be buried at once.

Rifle Clubs are being rapidly organized in South Carolina. A correspondent of the Charleston News & Courier says: "Our men are actuated by a stern sense of duty, nothing more. They intend to protect themselves, family and property from violence, and will not be sacrificed."

Self-defence seems to be the sole object of these organizations.

Says Toombs, of Georgia, once the Mirabeau of the Federal Senate: "I never shall acquiesce in the fourteenth and fifteenth amendments, and I never shall tolerate the damnable doctrine that there can be good government where negroes participate in the shaping of public policy."

That is plain talk. There are thousands who think as much.

Render it in the North.

In Barnwell county, in this State, the feeling of insecurity among the whites is so great that a number of citizens are kept on watch every night to give alarm in case of danger. This duty is performed at Blackville by one-half of the male citizens of the town. The cause of the trouble is the violent haranguing of ex-Land Commissioner Leslie, the head thief of the Land Commission. Leslie is, of course, a strong partisan of Mr. D. H. Chamberlain, who was the principal member of the Advisory Board of the Land Commission. Finding that he cannot cover up his past conduct in any other way, Leslie, on every occasion, tells the negroes that the Conservatives mean to over-awe them by rifle clubs that which they knew before the war. Armed guards attend Leslie wherever he goes, bad whiskey flows freely, and the white citizens feel that the negroes may, at any moment, be hounded or by Leslie and the other Chamberlain men to conduct which will leave the whites no alternative but to fight in self-defence. And Leslie now has at his back Senator J. J. Patterson, who, at Blackville as at Beaufort, tells the negroes to beware of rifle clubs (of which Barnwell county may now have two or three), and to be ready to defend themselves. In Chester county, Judge Mackey takes in the same strain. Congressman Wallace does the same thing in Union county. And in Columbia, Mr. Chamberlain's organ, the Union Herald, prints every day strings of newspaper paragraphs intended to convince the colored people that a Ku Klux war is imminent.

This is the character of the pretended reform movement among the South Carolina Republicans. The proposed candidate is surrounded by the unpurged men who led the State to ruin under Scott and Moses, and the doctrine that he and they preach is riot and civil war.

Triangulation of the Political Topography of South Carolina.

Station No. 1, is established and named Moses, the Great Peacemaker and Public Plunderer. Station No. 2, is established and named Chamberlain, the Great Counsellor of Land Grabbers and the Conversion Bond Thieves. The transit develops the fact that these two stations are upon about the same level, deep down in a gulch of ignominy which needs to be obliterated from sight and memory by a filling in of honesty, until the grade shall be upon a level with Station No. 3, marked General J. B. Kershaw, one of nature's noblemen, honest at heart, and wise as a judgment, and brave in the advocacy of right.

STATE NEWS.

Rowan was a corn sixteen feet high. The first cholera has made its appearance in Salisbury, and Rowan County.

Walden printer killed a "coach-whip" snake which measured six feet in length.

Ransom, the independent congressional candidate in the First District, received a total of 303 votes.

Col. T. George Walton, of Beaufort, has qualified as Administrator upon the estate of the late Gov. Caldwell.

The Asheville Register says Judge Cloud drove the posse out of Bakersville, Mitchell county, for the noise they made.

John N. Staples, Esq., is the youngest member elected to the Legislature from (thirteenth) county. He is only 23 years of age.

The residence of W. W. White, Esq., of Wrentham, was blown to the ground, Sunday night, 28d inst. First accidental. Loss \$2,000. Insured for \$1,500.

The Statesville American tells of a negro having concealed himself in the bed of Mr. and Mrs. A. W. Jamison, of that town a few nights ago. They heard the noise, and Mr. Jamison getting up assisted the fascal into the street with stumpy kicks, not, however, before he had secured a number of articles of wearing apparel, the property of Rev. J. B. Boone, of Charlotte.

Raleigh Sentinel says: We fear that Henry Cole at the Laundry of McCullin, Wyckoff & Hope has lost his eye. He was drilling iron Wednesday night at the laundry and a piece of the iron flew up and hit him in the eye. It cut through the coats of his eye, and lodged out of sight in the ball. Dr. Royster and Dr. George Graham made an examination of the young man's eye, and probed for the iron, but could not get it out. It will take several days to determine whether his eye is lost or not.

Raleigh Sentinel, of Friday says: Just before this issue was put to press a fight took place between John C. Gorman and H. T. Clawson. From what we learn Mr. Clawson went up into the Job Office of the former gentlemen, and soon a dispute arose between himself and Mr. Gorman, when words led to blows. We hear that both parties were damaged about the face. What the quarrel was about we have not yet ascertained. In the language of the Chief Magistrate of this glorious country, "let us have peace."

A fire occurred in Wilmington about one o'clock Friday morning, on the wharf between Ann and Nunn streets. The following is from the Star: "We learn just before going to press that Messrs. Kerchner & Calder Bros' loss was about \$20,000, which is fully covered by insurance. Also, that one of Mr. Lord's sheds, at the foot of Ann street, was saved, and that there was some hope, at 2 o'clock, A. M., that the marine railway of Messrs. Cassiday Bros. would be saved. The entire loss on naval stores is estimated at \$75,000, and on buildings, wharves and marine railway at from \$40,000 to \$50,000, making a probable total loss of about \$120,000."

The Asheville Citizen says: Miss Fannie Fisher, "Christian Reid," is visiting our city, stopping at Mrs. Chunn's. We felt a genuine North Carolina pride in shaking the hand of the lady who, though yet quite young, has won distinction for her native State as a charming, elegant writer. And in the social circle she is as admirable as her best productions are fascinating. The ennobling and elevating tone which gives a lustre to all she has written is but the impress of her own character, which makes itself felt by all with whom she comes in contact. We were proud of her works—we are doubly proud of their author as a Carolinian, worthy the highest admiration of her countrymen.

Our Living and Our Dead.

PROSPECTUS of the DEAD VOLUME.

Published August 10, 1874. Our Living and Our Dead will hereafter be published as a semi-monthly Magazine, containing 48 pages of reading matter at \$3 per year in advance.

For the information of those who are not familiar with this enterprise, I will state that the chief object of the magazine will be to perpetuate the memory of those brave men, officers and privates, living or dead, who shed imperishable glory upon their native State.

In addition to the War Record of North Carolina, the Magazine will contain sketches of every section, county city and town of the State, written by eminent and well informed persons, thus making it a valuable and interesting periodical, in which all classes of our citizens should take interest and pride.

The Magazine will take the place of the newspapers, having same title, published by me during the past twelve months.

The first number will be issued Wednesday, September 9th, 1874. In the meantime, I respectfully ask old subscribers who desire to renew their subscriptions, and all others who wish the Magazine to reach promptly, to send the change and improvements require considerable outlay, and ready money is needed.

Address: All further notices "OUR LIVING AND OUR DEAD," Attention, A. C. Ut Ballegh, N. C. Aug 20.

READ, READ, READ.

GREAT DISCOVERY. Bradley's Patent Enamel Paint, MADE FROM Pure White Lead, Linsed Oil and Zinc, and Always Ready for Use.

READ THE FOLLOWING TESTIMONIALS: From Prof W G Simmons, Wake Forest College, North Carolina. WAKE FOREST COLLEGE, N. C. October 4, 1873. Mr. C. P. Knight—Dear Sir: We have for several months been using your Bradley's Patent Enamel Paint on our College Building, and are well pleased with it. Though it was applied by one having no experience in such work, yet we have a good job. We shall continue to use it—believing that in point of economy, durability and safety of application, it is superior to any other pigment offered in the market. W G SIMMONS.

From Messrs Englehard & Saunders, Editors and Proprietors "Journal." WILMINGTON, N. C. Dec. 29, 1873. We desire to call special attention to the advertisement of Bradley's Patent Enamel Paint. We can recommend it from a knowledge of its merits. Some of the employees of this office having purchased some of this paint from Mr. C. P. Knight, of Baltimore, have used it, and speak in the highest terms of it, after a trial of several months. While it is as durable as ordinary paint, it has a much finer finish, and its cost and convenience will recommend it to all in need of paint.

From S. McCall, M. D. THE PLAINS, FAUQUIER CO. Va. Feb. 6, 1873. Mr. C. P. Knight—Sir: The paint came safe to hand as ordered, 2 kegs, 5 gallons each, and 3 buckets, 1 gallon each. As practice was slack, I did the job myself. Two weeks (not constant) work, completed the house, two coats; the last coat I applied thick, and it is now generally conceded that, for "enamel" like hardness, and look and harmony of colors, there is not a handsomer job in the place. I saved fifty-five dollars by the operation—which is an item just now with the "Southern people." It should be generally adopted in this State. Any country lad can apply it. I have never dabbled in such stocks as "testimonials," but I feel so forcibly the great adaptability of your "Enamel Paint" to the wants of our people—in excellence of material, in beauty of color, and in the fact of its being "ready mixed," that I give you permission (if it is desirable to you) to make what use you wish proper of this letter. Very respectfully and truly, S. McCall, M. D.

From R W Rayne, of the Firm of Bartlett & Rayne, 48 Carondelet Street. NEW ORLEANS, January 29, 1874. C. P. Knight, Esq.—No 93, West Lombard Street, Baltimore—Dear Sir: It affords me much pleasure to advise you how well satisfied I am with Bradley's Patent Enamel Paint, having used all I bought of you in painting a large cottage (new) at Ocean Springs, Miss., and having found it to cover and work so admirably, and very far superior to ordinary metal paints, and colors not subject to fade, being decidedly cheaper. It is my purpose to send you another order for more very soon. Yours respectfully, R. W. RAYNE.

Always ready for use and easily applied. Sold by the gallon. One gallon covers twenty square yards, two coats. Specimens and Price List Furnished Gratis. Liberal inducements to the trade. C. P. KNIGHT, Sole Agent, 93 West Lombard Street, Baltimore. July 23-6m.
