THE LEE BRIBE CASE. In another column we republish from the Raleigh News, a very remark-Tressurer of Wake county. He tells in a very graphic and interesting manner how ex Sheriff Timothy Lee, now indebted to the county to the amount of over \$30,000, did, within the past few days, apply to him, Albert Magnin, the Treasurer of the county, and offer him a bribe of a house and lot, valued at \$5,000, to receipt to him for said taxes; Lee, himself, who is insolvent, with other insolvents, being on Magnin's bond; and how he (Magnin) did, with all the righteous indignation of an .honest man, spurn said offer, which, considering that Magnin is a Republican, is quite remarkable, as well as grateful to the minds of those old fogies who still have some confidence in mankind. We cannot say now that all honor and honesty has

"departed from the Radical household of faith. Lee's object in offering to bribe honest Magnin was that he might re-

establish his elegibility to the office of Sheriff, to which, by his own acts of fiaud and corruption, he has been ren-

WAKE FOREST COLLEGE, N C, October 4, 1873, Mr C P Knight—Dear Sir: We have for several months been using your Bradley's Patent Enamel Paint on our College Building, and are well pleased with it Though it was applied by one having no experience in such work, yet we have a good job. We shall continue to use it—believing that in point of economy, durability and facility of applica-tion it is superior to any other nigment offered in the market. tion, it is superior to any other pigment offered in the market. WILMINGTON, N C, Dec. 26, 1873.

We desire to call especial attention to the advertisement of 'Bradley's Patent Ename Paint.' We can recommend it from a knowledge of its ments. Some of the employees of this office having purchased some of this paint from Mr C P Knight, of Baltimore have used it, and speak in the highest terms of it, after a trial of several months. While it is as durable as ordinary paint, it has a much finer finish, and its cost and convenience will recommend it to all in need of paint.

From S McGill, M D.

THE PLAINS, FAQUIEB Co., Va., Feb. 6, 1873.

Mr C P Knight-Sir: The paint came safe to hand as ordered, 2 kcgs, 5 gallons each and 3 buckets, 1 gallon each. As practice was slack, I did the job myself. Two weeks (not constant) work, completed the house, two coats; the last coat I applied thick, and it is now generally conceded, that, for "enamel," like hardness, and body and harmony of colors, there is not a handsomer job in the place. I saved sixty-five dollars by the operacolors, there is not a handsomer job in the place. I saved sixty-five dollars by the opera-tion—which is an item just now with the 'Southern people.' It should be generally adopted in this State. Any country lad can apply it. I have never dabbled in such stock as "testimonials," but I feel so forcibly the great adaptability of your "Enamel Paint" to the wants of our people—in excellency of material, in beauty of color, and in the fact of its being "ready mixed," that I give you permission (if it is desirable to you) to make, what use you think proper of this letter. Very respectfully and truly, S McGILL, M D,
