A distinguished clergyman of New York, speaking of this remedy, characterizes it as "one of the special blessings of the nine-teenth century. The certainty of its healing effect," said he, "and the immunity from danger whether administered ochildren or to adults, adapt it for the widely popular use it has attained." None would long suffer from lung complaint if they knew how easily they can be cured by this remedy. By its timely use all pulmonary diseases may be arrested, and consumption—the scourge that sweeps away thoution—the scourge that sweeps away thou-sands every year—would be checked in its commencement. Persons with a seated cough, which breaks their rest at night, will find, by taking the Expectorant on going to bed, they may be sure of unbroken sleep and refreshing rest.
