

mass meeting was held in Canal street to-day, to protest against the seizure of arms of private citizens. Many stores are closed and business is generally suspended. Resolutions were adopted yesterday condemning the immediate recall of Governor Kellon, and the appointment of a committee consisting of J. H. Tracy, chairman, and J. C. Chapin, second, all and J. M. S. as to wait upon the governor and notify him of the action of the meeting. The committees have not yet reported the result of their mission. No disturbances have occurred.

SOUTH CAROLINA

Reported yesterday that the

COLUMBIA, Sept. 14.—The Convention to-day passed resolutions in favor of a third term for Grant, and thanked him for sending troops to the rescue; they also thank Patterson and Mackey for their agency in procuring it to be done. They deprecate lawlessness and violence. It renounces its devotion to the principles of financial reform, promises to reduce expenses, and pleads for the maintenance of the civil rights of the colored people. The settlement of the public debt and so forth will reduce all claims against which there is a shadow or suspicion. It will advocate such modification of the system of taxation as will prove advantageous to the agricultural interests, and finally, it promises to protect the properties of the State.

A large caucus this evening appointed an Executive Committee, and commenced work in favor of Green, against Chamberlain. A new convention will be held in Charleston.

MAINE

PORTLAND, Sept. 14.—The election is progressing quietly. An average vote is being polled. It is impossible at this hour to form any conjectures as to the result, as few returns have as yet been received.

AUGUSTA, Sept. 14.—The voting generally is free from excitement, and progresses quietly. In some localities there is a hot contest over representa-

tives to the Legislature, growing out of the United States Senatorial question. There are numerous mixed tickets in circulation. At noon, the vote here showed that the regular Rep-

ublican ticket was leading, with about one-half the total vote cast.

Blaine is running ahead of his ticket, not only here, but elsewhere in his district.

NEW YORK

ALBANY, Sept. 14.—Governor Dix's decision in the Havemeyer case is made public to-day. The decision censures the course of the Mayor, but declines to remove him or take any further action in the case.

NEW YORK, Sept. 14.—Weston, the pedestrian, up to noon to-day, had made 82 miles, making very slow time thus far. He intends to walk 80 miles to-day and 100 miles to-morrow.

The Tribune this morning devotes considerable space to the opinions of deceased eminent American statesmen on the third term principle, all being opposed to it for various reasons.

Editorially, the Tribune comes out strongly against the proposed renomination of Grant by Southern Repub-

licans, for a third term.

FOREIGN

LONDON, Sept. 14.—The Standard says the Schleswig question is assuming a serious aspect, in consequence of the daily expulsion of Danish subjects and the hostile tone of the German press.

Public opinion will compel the government to send a formal protest to Berlin, and ultimately to retaliate by the expulsion of German subjects from Danish soil.

PANAMA, Sept. 14.—Advices from Lima, to the 29th of August, give an account of an attempt to assassinate the President of Peru. Letters had been posted stating that there was a conspiracy to murder him, but the President refused to pay any attention to them. An attack was made as the President was leaving to walk to his home, which is situated about five blocks from the government buildings.

A number of men had posted themselves ready for an onslaught. Many shots were fired, none of which struck the Excellency. The leader of the movement was wounded and captured, after a hard hand-to-hand conflict.

The others fled, but thirteen of them have since been captured and will be subjected to trial. The plot was, no doubt, a wide-spread conspiracy among the discontented and unemployed military officers. The people assembled in great crowds before the President's house and cheered him on his escape.

PARIS, Sept. 14.—The Government of Marshal MacMahon has determined to place no statue on the summit of the reconstructed Column Vendome, notwithstanding the Assembly decree that the column shall be reconstructed if it stood before the reign of the Commune, when it was surmounted by the statue of Napoleon.

The trial of Auguste Balsaz, and others who assisted in the escape of Marshal Patrice, was begun this morning. Balsaz was a manservant.

LONDON, Sept. 14.—The rumor of an intended raid on the part of the Emperor of Germany and of Austria to young life revived, both at Berlin and Vienna. The Emperor William, will first meet Victor Emmanuel, and after a few days will be joined at Rome by the Emperor Francis Maximilian, of Germany.

The first practical effect of the occur-

rence of this meeting has been the formation of an International Board, having charge of all matters pertaining to the Rhine and has just concluded its session in this city.

All the territories through which the Rhine flows were represented. The former of France being represented by an imperial commander. The policy of France has always been to dismember and annihilate not inconsiderable portions of her provinces and Germany. Therefore the Eastern railway traffic between the two banks of the river has been confined to a single point. This year the board has resolved to build bridges at various points between Silesia and Nuremberg.

DELAWARE

PARIS FAIR TO THE WHOLESALE TRADE.

WILMINGTON, Sept. 14.—An interesting trial yesterday in the house of Sarah Jane Russell, who was killed by a fall during a visit to the steamer "Minuteman," with other ladies, on Saturday evening. She fell to the bottom of the dry dock from the gang-plank, causing instant death from concussion of the brain.

DETROIT

BROOKLYN, Sept. 14.—Tilton is in town and it is believed he will issue his statement this week. Gen. Tracy is preparing an answer to those parts of Moulton's statement referring directly to himself.

CHICAGO, Sept. 14.—Moulton's statement falls flat here. The Tribune thinks the case reached a point where somebody ought to be hanged—either Beecher for his crimes or Moulton for his slander. The Times thinks the evidence is complete against Beecher. The Journal thinks the statement comes nearer establishing Beecher's guilt than the last statement.

NEW JERSEY

TRENTON, Sept. 14.—The Democratic State Convention to nominate a candidate for Governor, in opposition to Halsey, the Republican nominee, will meet to-morrow. Judge Beadle and Major Perry are prominently mentioned. The former will in all probability be nominated.

JERSEY CITY, Sept. 14.—The fires in the woods along the line of the New Jersey & Southern Railroad continue. They have been burning now over two weeks. A great extent of wood land has been swept by the flames devouring and killing trees and all vegetation for 20 square miles. The village of Elmwood, on the Camden and Atlantic Railroad, is threatened by the flames, it being surrounded by pine forests, through which the fires are now sweeping. Sawmills, dwellings, out-houses, fences and crops have been destroyed in many places.

TELEGRAPHIC MARKET

NEW YORK, Sept. 14.—The market is falling barometer, southeasterly winds, stationary temperature and local rains.

WHAT IS THE MATTER WITH YOU?

If a friend is looking sick, this is usually the question we put to him. It is asked everywhere, times innumerable, every day. And what are the most frequent answers to it? Are not those such as: "Well, I'm a little bilious," or "I feel languid and used up," or "My stomach is out of order," or "I'm under the weather," or "I don't know what's the matter with me, but I don't feel right," or the like indefinite responses.

Now, what is the matter with the thousands of both sexes who cannot tell exactly what ails them, and yet are evidently out of health? The matter is simply this: they don't properly digest what they eat, their livers are torpid, and their vital energies are depressed. What they need is a course of Honeysuckle Stomach Bitters—not one or two doses, but a course to strengthen their stomachs, and induce a healthy flow of bile, steady and invigorate their nerves, improve the condition of their blood, and raise their vital powers. These results the great vegetable reservoir will readily bring about. It ruffles the whole system, reinforces every important organ, relaxes every function and purifies animal fluid.

For chronic dyspepsia, constipation, liver complaint, intermitent and remittent fevers, rheumatism, debility, premature decay, and the infirmities of old age, the best and safest stimulant and alternative that has ever been compounded. Its ingredients are selected in the neighborhood, and wholesome. In districts infested with worms, it is essential to the preservation of health, it is, indeed, a fact, the people of all nations on the globe.
