Buying and Selling Cotton.

As the cotton market is now upon us, it is not surprising to find a good deal of speculation in the market. A bill to be introduced in the Senate, which will prohibit the sale of cotton, is being discussed. The following is a list of the cotton market:

Put up seven days in order yesterday.

They say that when the weather clears up there's going to be a frost. Two weeks from today, and Old John will be along with his strictly Moral Circus.

Home Stealing.

Mr. Brown Wallace, who lives about six miles below town, had two horses stolen from his stable on Sunday night. When he arose yesterday morning and found the stable open and the horses gone, he set out immediately for Charlotte, and arriving here, lodged information of the theft with the Mayor and police. The latter were not long in finding one of the horses. A negro man was riding it along the street, when he was hailed off and taken before the Mayor. The other horse was found in the possession of another negro who was also arraigned before His Honor. They stated that they worked on the contract of Mr. Kirby, on the Carolina Central Railroad; that while coming along to town in the morning they found the horses loose in the woods and brought them on.
