

Kellogg & Co. in a Tight Place.
New York, October 30.—A Herald New Orleans special says that the evidence against Kellogg, Longstreet and other leading Republicans is sufficient to convict one of them at least of murder. There is also evidence sufficient to convict forty-eight others of conspiracy. Governor Warmouth is credited with being the originator of these suits.
The Republican leaders have decided that foreign born citizens naturalized in the Second District Court cannot vote. This will exclude about 8,500 votes.

Defamation in the "Hub."
Boston, October 30.—Geo. H. Kingsbury, assistant receiver of the National Bank of Redemption, proposes to be a defaulter in the sum of \$37,840 stolen during the past two years by extracting cash to correspond with stolen drafts and checks. At the end of the month he would cover these amounts and take more money, thus turning the money over and over again. When accused, he stoutly protested his innocence, but finally confessed all. He has returned \$24,000.

The Situation in Alabama from a Republican Source.
MONTGOMERY, October 28.—The Republican chancery, McCraw, whose division embraces nearly one-third of the State, in a published letter speaking of the state of affairs in the chancery division over which he presides, which extends across the "Big Belt" into what is known as white counties, both in North and South Alabama, says: "I am rejoiced to say that I do not know of a single case of outrage or personal violence for opinion's sake in all the length and breadth of this division, nor have I heard of even one authenticated case. I have no hesitation in saying that the citizens of all colors and all parties can and do freely and fully express their political opinions just as, and when and where, they please without the least fear of any outrage or personal violence. The outside world is deceived by the terrible passion into which letter-writers and political editors have lashed themselves. There is not a county in East Alabama in which a man—Democrat, Conservative, Republican or Radical—may not publicly declare his sentiments with as little fear of molestation as in any State in all the broad Union."

The Episcopal Meetings.
New York, October 28.—The Tribune says: "Much sooner than was expected the contest on ritualism came to a close in the Episcopal Convention. The large majority given in favor of the new canon was probably secured not by speeches or arguments during the debate, but by the explanation of the committee. The spokesman stated that the canon, while presenting a mere opinion that certain ritualistic acts and practices were of doubtful doctrine, by no means settled the question, or forbade the acts, but simply paved the way for an investigation and trial when they took place. The real battle over ritualism is to be fought when these cases come up for trial. The vital question is thus postponed."
In the Episcopal Congress to-day the committee on canons reported adversely to denunciations.
The Texas diocese is divided into two missionary districts, under the able leadership of C. Garrett, of Nebraska, is missionary bishop for Northern and West. B. Elliott, of Georgia, missionary bishop for Western Texas.

The missionary bishops were confirmed with closed doors at 1 o'clock.

SPECIAL NOTICES.
With and Last Gift Concert in aid of the Public Library of Kentucky.
A CARD TO THE PUBLIC.—The management have determined to have the drawing of the fifth and last gift concert of the Public Library of Kentucky on the 30th day of November next. We believe now that all the tickets will be sold, and that the drawing will be a full one; but whether all are sold or not, the drawing will nevertheless certainly come off, on the day appointed. The special object of this card is to call a meeting of the ticket holders at Public Library Hall, on the 20th of November, to make arrangements in connection with the committee appointed by the trustees to superintend the drawing of the tickets. While there is no actual necessity for the presence of ticket holders, on the day appointed, the special object of all the equally cared for, for the same time, I would greatly prefer that as many of those interested as can would attend this meeting and see each other, and be present at the drawing. The drawing must be held. Every arrangement has been made for the drawing. But little more than a month remains for the sale of the tickets. The drawing must be held promptly. F. B. BRAMBLETT, Agent, Louisville, Ky., Oct. 28, 1874.

THE LAST FIRE IN CHARLOTTE.
I would most respectfully acknowledge myself under the most lasting obligations to the citizens of Charlotte and the public generally for the very flattering patronage extended to my business previous to the late fire in the city, which swept away nearly every business establishment in the city. Now, since my great misfortune, I have again embarked in the Family Grocery and Provision Business, and would solicit a liberal share of the patronage so lavishly bestowed in the past. I propose to adhere to the same system in the future as practiced in the past, to wit: Fair and honest dealing, keeping the best goods for the lowest money, and in all particular respecting them as they are, or have them, while purchasing goods of me can have them delivered free of any part of the city, as I have a day in connection with my house. Respectfully,
oct20 B. N. SMITH.

TO THE MERCHANTS AND CITIZENS OF CHARLOTTE, N. C.
Having associated with me Mr. F. HAMPSON, a practical and skillful manufacturer of Artificial Stone, of several years' experience, I am now prepared to execute in all its branches, viz:
Hearts, Steps, Sills,
Horse Blocks, Cornices,
Brackets, Water-tables,
Sill Corners, Belting,
Ashlar Chimney Caps,
Lintels, Doping, &c.
Pavements, Walks and concrete of cellar fronts respectfully solicited. Cemetery work at one-third less cost than market. Vaulting for every variety. Workmanship guaranteed of first quality, and warranted to give entire satisfaction.
Artificial Stone is the only one that withstands the great Chicago fire. Charges reasonable, and at much less cost than any natural stone.
CAPT. JOHN C. BRAIN, Agent.
Having connected myself with Captain Brain, I am better enabled to please the most fastidious as to designs in the manufacture of Artificial Stone. I have made stone for one of the finest buildings in the South—the Masonic Temple, at Savannah, Ga., dimensions 90 by 10 feet; height, 10 feet; main room, 36 by 66 feet in the clear; the roof and third floor suspended entirely on walls of Artificial Stone. The above work has given great satisfaction. I have also made stone for the Metropolitan Fire Company's hall and St. Hamilton, Eq.'s house, also in Savannah, all of which work has given every possible satisfaction.
In solidifying a share of your patronage, on behalf of Captain Brain, you may rest assured the whole of my attention will be given to the manufacture of this stone, which is demanded and in proof. One thing particularly in favor of this stone: its cost, which is half the price of granite, and as durable; it weighs less than brownstone, and more durable, and one-third less than any soft or sand stone. Respectfully yours,
oct24 F. HAMPSON.

The only house in Charlotte dealing exclusively in
MILLINERY
AND
FANCY GOODS.

This fact alone will attract all our citizens and persons from elsewhere, who desire to make purchases in our line.
We intend to make ours a first-class Emporium of Fashion, and hope to offer many inducements to our customers in the way of prices, quality and style of goods that none shall go away otherwise than well pleased with their purchases.
We offer to the Wholesale and Retail trade of the surrounding country a great variety of
Millinery, Fancy Goods, WHITE GOODS AND NOTIONS.
Straw, Velvet and Felt Hats, from the modes Cottage Bonnet to the most distinctive designs. A great feature of the season is the LACE TRIMMED FEATHERS and TIPS of Hats, which we keep on hand so many different shades that it would really puzzle a very accurate colorist to say from whence came all the many colored plumes for which, apparently, the world has been ransacked to furnish a new garment for our fair one.
A large stock of
Artificial Flowers, imitating nearly every FLORAL CREATION IN THE WORLD, and the most daring combinations of Nature.
Gros Grain and Fancy Ribbons. All widths and shades imaginable.
Turquoise, Florence Silk and Velour, Black and White Crapes, Scarfs, Laces, Collars and Cuffs, Jacknet Edging and Inserting, &c. A large stock of Kid Gloves.

In WHITE GOODS we keep on hand Table cloths, Towels, Jacquets, and other goods, in Swiss, Nansook, and other goods belonging to that line.
We have engaged the services of several experienced Ladies (one recently from Philadelphia) in the Millinery Business, and we are now prepared to have Hats and Bonnets trimmed at short notice.
Attentive and competent salesmen are always ready to wait on customers, and assist them in making selections.

TO THE
WHOLESALE TRADE.
JUDGING the future by the past, we enter with confidence upon this our new enterprise, of separating our Wholesale from our Retail Trade, by having a separate and distinct House for each, and in doing so, we flatter ourselves that it will not only meet the approval of our numerous customers, but also of our Wholesale Trade, and we are now prepared to have Hats and Bonnets trimmed at short notice.
It must be obvious to every buyer that a steady Wholesale Trade, which is adapted for that Trade only, with a corps of experienced Wholesale Salesmen, with a Stock carefully selected for that Trade only, and a promptness in the execution of orders, will bring a large and constant trade, and of a character not heretofore enjoyed.

Now, a few words about that. We occupy the superb house heretofore so favorably known as the Messrs. Ben Brown & Co.'s Dry Goods House, on our old Retail Building, and as "Each of us has always been our motto, we claim also in that line to excel in lowest of prices; and to excel generally. We will in that house have a corps of thirty Salesmen, and as many as ladies, all experienced, able, and obliging.
We will make the Millinery branch a specialty.
