And the wind just took the dust up, yesterday, and hurled it through the streets and into folks' faces, blinding and choking them, and causing them to entertain the wish that March would be taken with a leaving.

Fix the Bridge

The bridge in the middle of East Tryon street, in front of the Lutheran Church, is in a dangerous condition, there being in it a large hole which is likely to be the cause, yet, of some animal breaking its leg, unless it is soon fixed. Day before yesterday, a horse, while being driven over the bridge, stepped into the hole, which is at least four feet deep, and escaped having his leg broken, almost by a miracle. The condition of this bridge demands the instant attention of the Street Commissioner.

Denies Being the Man,

We referred, two or three mornings ago, to a rumored case of wife beating, the parti c ulars of which we failed to gather. Mr. H. J. Norris, who has a shoe shop over the store of Magill, Heath & Scott, on College street, has called at our office to say that it was reported that he was the man, and to ask us to say that his wife was, at the time, eight miles from Charlotte. Released from Custody, On Thursday night, the man Rosenthal who has been in jail here for about three weeks, was released from custody, upon an order from the Probate Judge, the parties who had charges against him concluding that he had been punished sufficiently. The idea is advanced and stoutly maintained by those who have had frequent intercourse with him since he has been in confinement here, that the man is non compos mentis. He is said to be a monomaniac on the subject o buying goods, and to have practiced the same trick in other places which he played here. The parties who arrested and held Rosenthal, gave him the money to leave, and he boarded the North Carolina train, and shook the dust of Charlotte from off his

In behalf the people of Charlotte and the persons who propose to visit our city on the occasion of the Centennial Celebration, we make the request of the Presidents or Superintendents of all the railroads running into Charlotte, that they will issue half fare tickets over their respective roads, to all Centennial visitors. We ask further to be notified by the authorities of the different railroads, as soon as practicable, of their compliance with this request, in order that due notice may be made of the fact. We have no idea that any of the rail road officers will decline to do as requested, and we only call their attention to the fact thus early, for the

Charlotte stands high in the encouragement of all good enterprises, a further proof of which was the organization in this city, of a Caledonian Club, the first in the State. The organization was completed on Thursday evening, and Scotchmen coming to the city, will now be welcomed by their own countrymen, in an organized manner. Improvement entertainment and preservation of national characteristics are the objects of the club. The officers for the year are: A. Macaulay, Honored Chief; Dr. E. An Important Decision.

The Supreme Court of the United States has recently rendered an important decision in a case which went up from Statesville, in the Western District of North Carolina, Gertain creditors of Mr. John R. Alexander. late of this county, finding that his son, T L Alexander and some others, had obtained judgment against him in the Superior Court of Mecklenburg county, which would take all his property to satisfy-filed a petition in bankruptcy against him within four months after the judgment was taken and had him declared a bankrupt. The creditors then elected William P Little, assignee. His counsel, Jones & Johnston, filed a bill in equity to have the judgment of T L Alexander declared void as against the assignee and no lien on the property. Judge Dick of the United States District Court, gave a decree against the assignee, dismissing the bill and the assignee appealed to the Supreme Court of the United States, with the result as set forth in the extract below. which is taken from the Washington Chroniele

No. 206. William P Little, assignee, &c., appellant, vs. T L Alexander. Appeal from the Circuit Court of the United States for the western district of North Carolina. Mr Justice Miller delivered the opinion of the court, reversing the decree of the said Circuit Court, with costs, and remanding the eause, with directions to enter a decree in favor of the plaintiff, that the judgment of T L Alexander is void as against the assignee and is no lien on the reports of the bank. and is no lien on the property of the bank-rupt in the hands of his assignee. And as to the Mayor's fees, I suppose they will amount to say \$300 per annum. Who would be disposed to discharge the duties of that important office for such an amount?
