The ladies of Charlotte are earnestly requested to attend a meeting of the "Memorial Association of Mecklenburg," on Friday afternoon at 4 o'clock, if the weather is suitable, if not, on Saturday at [the same hour, at the residence of Mrs Osborne. A full attendance is especially desirable, as no arrangements have yet been perfected for the suitable observance of our Anniversary of the 10th of May. Several plans have been suggested for the consideration of the Association, looking to the final consummation of the objects for which the Association was first formed, and it is necessary for us to have a full meeting of the members and all others interested in those objects, in order to carry any of these plans to a successful jssue.

It consists of one hundred and sixty-nine letters, and makes seventy-seven syllables, and must have created some laughter when spoken. Some actors of the present day would hardly risk it. The last word, however, we have been practicing on, and have mastered about thirty syllables, and expect to finish it by the time the "spelling bee" takes place. We shall, therefore, expect to win the highest premium offered, and we would like to see the list published in your columns, that we may take no undue advantage of the "Bee," and that the gentle man who does the pedigogical honors of the occasion may have the same opportunity of preparing for its pronunciation. Two small affairs before the Mayor yesterday, neither of them of any importance. Sylvia Taylor, colored, whose sylph like charms did not prevent her getting into a fight with Charles Johnson, also colored, was brought before the Mayor. Both parties were bound over to keep the peace in the sum of fifty dollars.

A Suggestion.

We have been requested to suggest to the ladies of Charlotte, the propriety of their presenting to the "Hornet" Fire Company, a new banner to be used on the occasion of the grand parade at the Centennial Celebration. Such a present would be gladly received.

B. B. C.

We have information from good authority that a No. 1 Base Ball Club is being organized in this city. We also understand that they will be ready to accept challenges in about three or four weeks. We have not heard what the name of the club is to be, but we suggest that "Centennial" would be appropriate.

Another New Building.

The old frame building next to Brookfield's auction house, is being torn away to give place to a three story brick building to be used as store houses. The building will be 66 feet front by 90 feet deep, and three sto ries in height. This will make a yast improvement to the appearance of Trade street, below College.
