#### LOCAL DOTS.

We have daylight now for sixteen hours, The gauge being changed over the whole length of the North Carolina Railroad, trains now run through f.om Salem to Goldsboro and from Charlotte to Richmond. Yesterday was a very warm day, and the

youth who does up the ragged edge department of this paper, took 'little pleasure in his business. We return thanks for an invitation to attend the commencement ball of the Carolina

Quite a number of his patrons assembled yesterday to partake of the free lunch which Mr W R Cochrane dispensed to his patrons, from his saloon in the Central Hotel building. Another free lunch will be given today, and each day hereafter.

A new society is about to be formed in this city,under the name of the Y. M. R. A. Thompson, at the Court House, is the President, and persons desiring membership in the society, should apply at once to him. He will refer them to the surgeons, A wagon, "bearing this inscription" on its

### Trinity Commencement.

We understand that there is quite a large crowd in attendance upon the commencement exercises of Trinity. Gov. Brogden passed up the road on Wednesday night, to attend the exercises, and on the same night Lieutenant-Governor Armfield and Hon. W. M. Robbins, of Statesville, passed down the road for the same purpose.

#### Examination at Davidson College.

The annual examination of students of Davidson College began on Monday last. The examining committee consists of Gen D H Hill, Chairman; Rev E H Harding and Capt S M Banks. The committee adjourned over yesterday, for a day or two, and Gen Hill returned home. He informs us that the examination is very gratifying, showing a high grade of scholarship and faithful instruction. The examination is to continue two weeks from the time of its beginning.

Newspaper Suspension. The Daily Eagle, which was started in this city about six weeks ago, has, after a fitful existence, flung up the sponge and passed in its checks. There is one thing very certain: no two legitimate daily papers can exist in Charlotte, for many years to come; and any one starting a daily paper here, may calculate, with perfect certainty, upon sinking money every day until he drives the OBSERVER out of the field. It has taken eight years to build this paper up to what i is now; it is well established and possesses the confidence of its patrons; and just how hard or how easy it will be to root it out, would probably not be becoming in us to savelto was too of 05 are

An action brought by T A McWhirter. against the Richmond & Danville Railroad, for killing two heads of cattle, was heard yesterday before Justice A H Martin. The plaintiff sued for \$95, the value assessed by two free holders. #### The Board of Aldermen.

The Board of Aldernied met yesterday afternoon, to receive the result of the commitce appointed to draft a sax bill for the present fiscal year. The report was presented and read by classes. After a great deal of discussion it was received and adopted. We will publish as soon as possible. At present it is not in proper shape, and will have to be copied and revised. The adopting of this report was about all the business transacted except the fixing of the salary of the Street commencement at the Cleaveland Female Commissioner at \$500. That officer has not

#### Daily Register.

We have before us a prospectus of the Daily Register, a paper which it is proposed to start in Greensboro about the 1st prox. B D Sinclair & Co, are the proprietors, and the paper will be distributed free. Mr Sinclair was city editor of the Eagle, during its existence in this city, and is a young man of great promise as a journalist. He is very youthful, and has had but little experience, but his brief newspaper connection has shown him possessed of unusual journalistic talent and we predict that he will yet establish a fine reputation in the business which he has adopted.

#### "Flowers, Bright Flowers!"

We were made happy, yesterday evening, in the reception of two elegant bouquets, one of them from a lady friend who shall be nameless here, the other from one who is unknown, but who has quite charmed us by the school year of 1874-'75, at the Institute the graceful chirography in which she will be, traced the words: "For the rheumatic scribe." From Mr. White we learn that, upon adjournment, conveyances were placed at the disposal of the delegates, by Hiram Chapter, of Raleigh, and a visit was paid to the Peaitentiary, the Lunatic Asylum, the Asylum for the Deaf, the Dumb and the Blind, and other places of interest. In this connection it gives us great pleasure to reproduce the following just compliment to the newly elected Grand High Priest. The extract is from the Raleigh News, of Wed. nesday: "Our friend Thomas W. Dewey has been made the Grand High Priest of the Grand Royal Arch Chapter of North Carolina for the next twelve months. As a former citizen of Raleigh, his friends here feel proud of his elevation. His ministrations for so many years in the temple of Mammon have not unfitted him for the discharge of his new duties. Labors lay lightly upon him, and honors are worn gracefully, and in whatever capacity, he is always equal to the occasion."
